

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

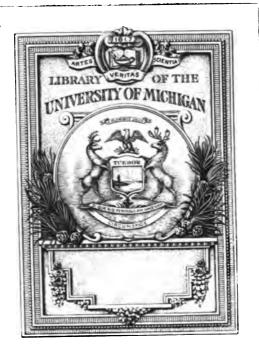

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + Refrain from automated querying Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at http://books.google.com/

TWENTY-SECOND ANNUAL REPORT

OF THE

COMMISSIONER OF INSURANCE.

PART I.—FIRE AND MARINE.

STATE OF MICHIGAN, INSURANCE BUREAU, Lansing, April 18, 1892.

HON. EDWIN B. WINANS, Governor of Michigan:

SIR—As Commissioner of Insurance, I have the honor to submit herewith, in accordance with requirements of law, Part I. of the twenty-second annual report of this department, embracing the business of fire and inland

insurance for the year ending December 31, 1891:

At the commencement of the year there were three joint stock companies organized under laws of Michigan, and one hundred and forty-nine companies of other states and countries authorized to transact the business of fire and inland marine insurance in this State. During the year there was no change in the number of home stock companies. Of companies of other states, eight, with aggregate capital of \$2,157,619.00, were authorized and nineteen companies with capital aggregating \$5,100,010.00 withdrew from the State. The net decrease in the number of companies doing business in the State is eleven, and of capital represented, \$2,942,391.00.

The past year was one of unusually heavy losses by fire; the amount of indemnity paid by companies reporting, on fire business alone aggregating \$2,479,525.57, as against \$2,189,462.94 for the year 1890. The premiums received were \$4,048,219.83 for 1891, and \$3,769,590.00 for 1890, the ratios of losses to premiums increasing from 58.1 per cent in 1890 to 61.2 per cent in 1891. The results in the country at large are believed to have not been more satisfactory, and as a consequence there is a disposition on the part of the weaker companies to retire from the field. The effect of the disastrous experience of the last few years has been to cause underwriters to seriously consider the outcome of the business of fire insurance, and to devise if possible some means to, in a measure at least, stay the yearly increasing fire waste in the country, a large percentage of which, it is believed, is the result either of incendiarism or criminal carelessness.

Digitized by Google

With this in view the national convention of insurance commissioners of the United States, recently held at St. Louis, adopted the following resolution:

"Resolved, That it is the sense of this convention that laws should be enacted by the several states providing for official investigation of the causes of fires, and providing for prosecution where incendiarism or criminal neglect is the cause of the fire."

While not present at the convention referred to, I fully agree in the action taken in this matter, and respectfully suggest the propriety of executive recommendation to the legislature for the enactment of some measure to effect the object of the resolution. I am well satisfied that the passage of a well considered act would do much toward reducing the abnormal fire waste of the last few years, and would not only be in the interests of fire insurance companies, but do much to protect the people of the State from the destruction of property not covered by insurance.

The state of Massachusetts has for several years had a law providing for an investigation in the causes of fires, and it is reported to have worked admirably. This matter is deemed of sufficient importance by the national board of underwriters to induce it to memorialize the president of the United States on the subject of wastage by fires. The document says that the loss by fires for the last five years has aggregated the enormous sum of six hundred millions of dollars.

The abstracts and statistical tables included in this report give sufficient data from which the standing of the companies authorized to do business may be estimated. The companies are generally managed by men of large experience in underwriting, and it may be said, without undue flattery, that no class of associations involving large financial trusts, have been more honestly and prudently managed than have the insurance companies now authorized in Michigan.

Michigan fire and inland business, 1870 to 1891, inclusive.

The following is a comparative exhibit of business transacted in the State for the years 1890 and 1891:

Comparative Michigan Business, 1890 and 1891. The business transacted in Michigan by the Stock, Fire, and Marine Insurance Companies, during the years 1890 and 1891, is as follows:

		Risks written.	Premiums received.	Losses incurred.
Michigan companiess	1890	27,168,914	360,453	175,087
	1891	27,929,048	348,219	168,405
Companies of other states	1890	187,755,949	2,583,806	1,534,884
	1891	195,563,565	2,747,482	1,731, 43 9
Foreign companies	1890	71,619,025	1,037,497	785,838
	1891	75,548,995	1,177,780	715,431

UNAUTHORIZED INSURANCE.

There is, and probably will continue to be, so long as people are willing to purchase it, a large amount of underground or unauthorized insurance on the market. With the view of saving a few dollars in premiums, some people are willing to "take the chances," and a policy in some wild cat organization stealthily coming into the State in search of victims, innocently believing that they have driven a good bargain, and keeping quiet until their policy becomes a claim, when of a sudden they awake to a realizing sense of its worthlessness.

This business is engineered principally by persons residing outside of the State, whom it is difficult to reach by processes from the State courts.

COMPANIES AUTHORIZED.

During the year 1891 the following named companies were authorized to do business in the State:

Name.	Location,	Capital,
Albany Insurance Company Armstrong Insurance Company Fire Association Mutual Fire Oakland Home Reliance Rokford Queen, of America	Albany, N. Y. New York, N. Y. New York, N. Y. New York, N. Y. Oakland, Cal. Philadelphia, Pa. Rockford, Ill. New York	\$200,000 200,000 800,000 257,619 200,000 800,000 200,000 500,000

During the same period the following withdrew from the State. With but two or three exceptions these companies have reinsured their risks and retired permanently from the field.

Name.	Location.	Capital.
Armstrong Amazon Anrora Fire and Marine Empire State Exchange Fire Fireman's Fire Association Liberty North American Packers and Provision Dealers'	Cincinnati, Ohio Cincinnati, Ohio Rochester, N. Y. New York, N. Y. Dayton, Ohio New York, N. Y. New York, N. Y. Boston, Mass. Chicago, Ill.	\$200,000 200,000 190,000 200,010 280,000 380,000 800,000 250,000
Prudential Standard Fire	Boston, Mass. New York, N. Y.	200,00 200,00
New York Fire Park Fire Union Fire Southern California Peoples' Fire Firemen's Queen	New York, N. Y. San Francisco, Cal. Los Angeles, Cal. Pittsburg, Pa. Dayton, O.	200,000 200,000 750,000 200,000 200,000 250,000

COMPANIES ADMITTED SINCE JANUARY 1, 1892.

Since the beginning of the present year the following companies have been admitted to the State:

Atlas Insurance Companies of London, England. Capital Fire Insurance Company, Concord, N. H.

The statements of condition upon which the applications for admission were based are given in the body of this report, pp. 316-317.

MUTUAL COMPANIES.

At the commencement of the year there were two mutual companies of other states authorized in this State; but one of these, the Protection Mutual of Chicago, has reported the business of 1891, and had its authority renewed. This company confines its business to manufacturers' risks and was admitted under act No. 121, laws of 1883.

HOME MUTUALS.

The number of State mutuals doing business at the commencement of the year was seventy-four, of these sixty-six confined their business to insuring farm property, including in some cases schoolhouses and churches situated in the country; and of the remaining six, two to insuring detached property in cities and villages, and four to manufacturing and miscellaneous property. These companies have been separated, in preparing the statistical tables. At the commencement of the year there were ten State mutual companies, formerly doing business, in process of being closed up through the agency of receivers appointed by and reporting to the circuit courts in the counties where organized; of these, the affairs of two have been finally closed up and the receivers discharged; the affairs of the remaining eight companies are being adjusted as rapidly as possible and it is probable that all will be closed during the present year. The statements of the receivers, so far as they have been received, are included as an appendix to the printed abstracts of mutual companies.

As a rule, the business of the "Farmers' mutuals" has been satisfactory to the members of the associations, having been well managed and furnishing indemnity against loss by fire at a cost not in any instance excessive. Many of these companies have been in existence for a period of quite or nearly thirty years, the limit of time fixed by their charters and the con-

stitution of the State.

To prolong the existence of corporations which in results have proved so satisfactory to the people of the State, the legislature in 1887 passed an act amending chapter 132, by adding Sec. 23, which prescribed the mode of procedure, and declaring that such extension "shall be deemed a reorganization of such company, and it shall succeed to all the rights and be subject to all the liabilities of the corporation so reorganized." This act was plainly in contravention of the provisions of Sec. 10, Art. 15 of the constitution, and to overcome this, an amendment was proposed by the legislature of 1889, submitted to the voters at the April election of that year and ratified. The legislature of 1891 by act 18, general laws, re-enacted the section in question and under its provisions the following companies have extended their corporate existence for thirty years from dates given:

Shiawaseee Mutual, extended 30 years from August 15, 1891.

Farmers' Mutual of Jackson county, extended 30 years from January 16, 1892.

Farmers' Mutual of Lenawee county, extended 30 years from May 16, 1892.

Farmers' Mutual of Ingham county, extended 30 years from June 16, 1892.

Farmers' Mutual of Hillsdale county, extended 30 years from February 13, 1893.

Farmers' Mutual of St. Joseph county, extended 30 years from March 11, 1893.

St. Joseph Village Fire Insurance Company, extended 30 years from October 12, 1893.

NEW COMPANIES ORGANIZED.

During the year the following new mutual companies were organized: Farmers' Mutual Fire Insurance Company, of Alpena, Alcona and Montmorency counties.

Michigan Mutual Fire Insurance Company, doing business in Ingham,

Jackson and Calhoun counties.

Farmers' Mutual of Calhoun county, organization perfected February 2, 1892.

MUTUAL COMPANIES IN HANDS OF RECEIVERS.

The following named companies are now in process of being closed up by receivers:

Farmers' Mutual of Lake, Osceola and Wexford, May 15, 1890, Hon. J.

W. Giddings, receiver.

Farmers' Mutual of Kalkaska, Missaukee and Wexford, June 24, 1890, W. D. Totten, receiver.

Home Mutual of Ionia, Clinton and Montcalm, February 14, 1890, C. B. Wardle, receiver.

Detroit Mutual Fire, Walter S. Walker, receiver.

German American Mutual of Wayne, Oakland and Livingston, February 14, 1890, Walter S. Walker, receiver.

Farmers' of Gratiot and Isabella, September 20, 1890, C. Waterbury,

receiver.

Manufacturers' Mutual fire of Grand Rapids, February 19, 1891, A. M. Granger, receiver.

The receivers of the Mercantile Mutual of Sanilac, Huron and Tuscola, and the Mutual Fire of Sanilac, Huron and Tuscola has closed up the

affairs of these companies and been discharged.

The Detroit Manufacturers' Mutual Fire Insurance Company, organized in March, 1887, under act No. 78, laws of 1883, for the insuring of manufacturing property, is being wound up by its own officers; who expect to pay all liabilities in full. The liabilities of this company on the 23d day of November, 1891, were \$27,937.16, to meet which the directors have ordered an assessment of 40% on the deposit notes aggregating \$80,000.00, the avails of this assessment was deemed sufficient to pay all existing liabilities, and also expenses of settling up the company's affairs.

The abstracts, and tables exhibit the business of the companies for the past year, and for the purpose of comparison, the following table showing

the business year by year since 1860 is given here:

Compilation of the business of mutual fire insurance companies of Michigan -- 1860 to 1891, both inclusive.

MUTUAL LIVE STOCK INSURANCE COMPANIES. !

Since the passage of Act No. 269, laws of 1889, providing for the organization of mutual companies for the insuring of live stock, the following companies have been organized, and are now doing business:

Mutual Reserve Live Stock Insurance Company, Marshall.

Farmers and Horsemen's Live Stock Mutual, Ypsilanti. Michigan Mutual Live Stock, Cadillac.

People's Mutual Live Stock, Detroit.

Abstracts from the annual reports of these associations showing the business of 1891, and standing at the close of the year are given a place in the body of this report.

WM. E. MAGILL, Commissioner of Insurance.

TABLE I.—Exhibit of fire and inland marine business in Michigan during 1891.—Risks written, premiums received, losses paid, and losses incurred in Michigan during the year 1891 by stock companies of this and other states and countries that filed statements.

COMPILED FROM THE STATEMENTS OF RECEIVERS OF

MUTUAL FIRE INSURANCE COMPANIES

OF THE

STATE OF MICHIGAN

MADE TO THE COMMISSIONER OF INSURANCE FOR THE YEAR ENDING DECEMBER 31, 1891.

FARMERS' MUTUAL FIRE INSURANCE COMPANY.

OF KALKASKA, MISSAUKEE AND WEXFORD COUNTIES.

(Incorporated June 16, 1886.)

Which did business in the counties of Kalkaska, Missaukee and Wexford.

WILLIAM D. TOTTEN, Receiver.

P. O. address, Kalkaska, Mich.

WM. E. MAGILL, Commissioner of Insurance, Lansing, Mich.:

Sin—As required by the statute in such cases governing, the following report is submitted in the matter of the Farmers' Mutual Fire Insurance Company of Kalkaska, Missaukee and Wexford counties, showing the condition and affairs of the receivership of said company. Since making his last report the receiver has obtained judgment in a number of cases in the circuit court, one or two of which are still unsatisfied.

In all cases where collection can be enforced suits will be pressed in 1892, and it is confidently expected that this matter will be closed up during the year. Below is found the financial exhibit.

Cash on hand as per last report	\$185 19 170 50
Total	\$305 69
Total expenses since last report, including clerk hire, attorney fees, court and officers' fees. Paid expenses of 1890 per last report. Paid on loans due. Cash on hand to balance.	\$79 30 43 32 139 85 43 22
Total	\$305 69

All of which is respectfully submitted,

WM. D. TOTTEN, Receiver.

Kalkaska, Mich., December 31, 1892.

FARMERS' MUTUAL FIRE INSURANCE COMPANY.

OR LAKE, OSCEOLA AND WEXFORD COUNTIES.

(Incorporaced October 14, 1881.)

Which did business in Lake, Osceola and Wexford counties.

J. WIGHT GIDDINGS, Receiver.

P. O. address, Cadillac, Mich.

WM. E. MAGILL, Commissioner of Insurance, Lansing, Mich.:

Sum—As required by section 18 of act No. 82 of the session laws of 1873, the following report is submitted in the matter of the Farmers' Mutual Fire Insurance Company of Lake, Oscools and Waxford counties, showing the condition and affairs of the receivership of said company on the 31st day of December, 1891.

Which did business in the counties of Ionia, Clinton and Montcalm.

CLARENCE B. WARDLE, Receiver.

P. O. Address, Ionia, Mich.

WM. E. MAGILL, Commissioner of Insurance, Lansing, Mich.:

WM. E. MAGILL, Commissioner of Inturance, Lansing, Mich.:

Sig.—As required by section No. 18 of act No. 82 of the seesion laws of 1878, the following report is submitted in the matter of the Home Mutual Fire Insurance Company of Ionia, Clinton and Montealm counties, showing the condition of affairs of the receivership of said company on the 31st day of December, 1891.

As stated in last report, the receiver had a case in the January, 1891, term of the Supreme Court, Wardle vs. Cummings. A number of members had joined together to test the matter, and comparatively nothing could be done until it was decided. The case was argued and submitted in January, but was not finally decided until July, since which time the receiver has been endeavoring to close the matter up as fast as possible, and hopes to wind up the receivership during the year.

Below is found the financial exhibit:

Cash on hand as per last report.

TWENTY-SECOND ANNUAL REPORT

OF THE

COMMISSIONER OF INSURANCE.

STATE OF MICHIGAN, Insurance Bureau, Lansing, June 10, 1892.

HON. EDWIN B. WINANS, Governor:

I submit herewith Part II of the Twenty-Second Annual Report of this department, containing an exhibit of the business of life, fidelity, and casualty insurance companies, transacting other than fire and marine insurance business in the State on the 31st day of December, 1891.

The number of life companies designated regular, in contradistinction to those doing business on the cooperative assessment plan, authorized in the State at the end of the year was thirty-four, of which two were organized under the laws of the State; thirty-one of other states, and one of the Dominion of Canada.

The following is a comparative exhibit of business transacted in Michigan from 1870 to 1891 inclusive:

Comparisons of life business in Michigan from 1870 to 1891 inclusive.

^{*} Including industrial policies which are not separately reported.

STATISTICAL TABLES.

• Table No. I is a general statement of the business of the regular life insurance companies transacted in the state of Michigan during the year

ending Dec. 31, 1891.

Table No. II shows the assets and liabilities of the thirty-four life insurance companies doing business in this State on the 31st day of December, 1891. The total admitted assets of these companies was \$823,851,948.—34, an increase over Dec. 31, 1890 of \$68,456,486.98, of which amount \$472,783.91 was of the two home companies.

The total liabilities of the same companies was \$706,967,536.02, an increase over 1890 of \$61,048,656.41 of which \$57,604,052.79 was increase in the reinsurance reserve. The increase of net surplus as to policy hold-

ers over that of 1890 is \$7,407,830.57.

Table No. III is a statement of balances of net or ledger assets, of pre-

vious year, compared with those of 1891.

Table No. IV is an exhibit of income and disbursements during the year and compared with those of previous year shows an increase in total income of \$15,541,079.76, and of disbursements of \$9,562,985.71. The total increase in premium receipts was \$14,015,269.25 of which amount \$17,646.-48 is credited to the two State companies.

The increase in the amount paid for losses and matured endowments is

\$4,495,851.69 of which \$37,133.51 was by Michigan companies.

Table No. V shows the number and amount of policies issued and terminated during the year, compared with the business of 1890 there is an increase in the number of policies in force of 192,576, and in amount at risk of \$325,683,542.65.

Table No. VI is a showing of the number and amount of terminated

policies during the year, with the manner of termination.

Two companies, the Vermont Life, and the Provident Life and Trust Company, have been admitted since the commencement of 1892, the application statements of which are included in the body of this report.

CO-OPERATIVE OR ASSESSMENT ASSOCIATIONS OF THIS STATE.

The whole number of this class of associations organized under Michigan laws and doing business at the beginning of 1891 was six. Of these one, the Western Union of Detroit, early in the year transferred its membership to the Massachusetts Mutual Benefit Association of Boston, Mass., and retired. The others continued through the year, and filed their annual statements showing their condition on the 31st day of December last, abstracts of which herewith published furnish the necessary data from

which to estimate their standing at that date.

Since the commencement of the present year, the condition of the Michigan Mutual Benefit Association of Hillsdale on account of heavy losses and decreased membership has gradually grown worse, and has at last compelled its managers to apply for the appointment of a receiver to wind up its business. This is with one exception the oldest of the assessment associations organized under State laws now doing business, having been organized in March, 1879. No complaints have ever been made so far as I am informed, of mismanagement, and its losses up to a recent date were promptly paid. It is understood that arrangements have been made for a transfer of its membership to an association of another

state and that its assets will not be sufficient to pay over fifty per cent of liabilities.

The Masonic Mutual Benefit Association of Grand Rapids, after discussing a proposition to transfer its membership to an association of another state, resolved against it, and having made some desirable changes in its plans of businsss, is said to be in a healthy condition. The other associations of the State reporting, are according to the annual statements, in a fairly prosperous condition. Since January 1, of the present year the Odd Fellows Mutual Benefit Association, with principal office at Lansing, has been organized under the co-operative act of 1887, and was authorized to commence business the 25th of April last.

ASSESSMENT ASSOCIATIONS OF OTHER STATES.

The number of Assessment Associations of other states authorized at the commencement of 1891 was thirty-four. During the year eight were admitted. And one, the Mercantile Accident Association of Boston, Massachusetts, did not apply for renewal of authority. Leaving the number of authorized associations January 1, 41.

Since January 1, 1892, the following named have been admitted to the State: Fidelity Mutual Aid, California; Globe Mutual Accident, Indiana; Atlas Accident, Massachusetts; Des Moines Life Association, Iowa.

The statistical tables numbered 12, 13, 14, give a general synopsis of the business transacted by this class of associations during the past year.

UNAUTHORIZED GRAVEYARD INSURANCE.

In addition to the large number of associations whose condition and plans of business are such as to warrant their being authorized under the provisions of our laws, a class of concerns incorporated by other states and doing business ostensibly as "Mutual Benefit Societies," but in reality principally for the benefit of their managers, known as "Graveyard Asso ciations," have been, and undoubtedly are still carrying on a large business in the State. Their schemes have been so often and so thoroughly exposed, that it seems uncharitable to attribute their success in gathering in victims to ignorance on the part of our people; and it is a fair inference that their patrons come very largely from the class found in all communities calling themselves speculators, who make wagers with the managers of these concerns, who also act as stake-holders, on the probabilities of the survival for a fixed term of some venerable resident of the neighborhood, possibly a grandfather, grandmother, uncle or aunt, between the ages of seventy and one hundred years, suffering not only from the natural infirmities of age, but in many cases from acute disease, promising their speedy taking off, and a winning to the affectionate beneficiary, who watches with pathetic solicitude the failing health of the "insured" friend or relative.

The speculator or beneficiary is supplied with a magnificently illuminated certificate, calling in large gilt figures for the payment of from one to ten thousand dollars, upon proper proofs that the "insured" has passed to the "bourne from which no traveler ever returns." By the "Old Peoples Mutual Benefit Association" regularly incorporated by some of the other states of the Union, and possessed of a large supply of certificates,

duly impressed with a great seal, regularly signed by its officers and ready for sale when called for. The signature to the applications for the certificates, purporting to be signed by the "insured" are usually forgeries, either by the beneficiary himself, or the authorized soliciting agent, who not infrequently is a co-partner in the "deal," and sharing in the profits or losses of the same. And the same is true of the "medical examiners" certificate of the result of an examination which was never made.

When the grim monster has succeeded between two assessment periods in overtaking the venerable "insured," and the holder of the certificate is entitled to draw the amount "nominated in the bond," an assessment is made on the members sufficient to pay the certificate at its face value; when, after being collected, it is divided according to varying degrees of unfairness. If the "beneficiary" is in favor at headquarters, or was a joint speculator with one of the successful agents of the concern, possibly twenty-five or thirty per cent is deducted from the amount realized from the assessment and the remainder paid over to the "bereaved" beneficiary, with the understanding that he sign a receipt for full payment of the amount named in his certificate, which he very cheerfully does. But if the beneficiary happens to be some poor victim, ignorant of his or her rights, the claim is settled for by the payment of a trifling sum, and receipted for in full, the manager pocketing in most instances the difference between the amount raised by the assessment upon members and that paid to the beneficiary.

In the discharge of my official duties, I have endeavored to prevent the transaction of this disreputable business so far as possible, and have caused complaints to be made, followed by the arrest and holding for trial of parties who are believed to have for years been acting as agents, in soliciting business for the worst of this class of associations. I am also in possession of information as to other cases of the same nature, and hope to successfully prosecute the wrong doers. I desire to add that in my judgment the punishment inflicted by existing laws upon persons convicted is not commensurate with the enormity of the offense; and respectfully suggest that the legislature should prescribe more severe punishment.

FRATERNAL SOCIETIES.

The Act of 1887, providing for the incorporation of and supervision of the business, of assessment societies, excepted from its provisions, "Secret or fraternal societies, lodges, or counsels, which are or shall be, under the supervision of a grand or supreme body and secure members through the lodge system." This exception has opened the doors to a horde of so called "orders" organized as such with the purpose of evading the supervision of the insurance department; and includes many of the endowment corporations organized under statutes of other states. These concerns usually assume some "taking" name, such as the "Royal Ark," the "Golden Lion," "Golden Grail," "Mystic Seven," "North Star," etc., etc.; and with some dozen or more euphonious titled scamps as managers, start in their career of usefulness by promulgating their "plans," throwing mathematics to the dogs, and promising something for nothing to all who apply. Massachusetts has for months legalized this species of swindling, and notwithstanding the earnest protest of her insurance superintendant has continued it until the present day.

Fraternal beneficiary associations paying only death and disability

benefits and doing a legitimate, honorable business, are entitled to be regarded with favor; and in the interest of such associations I earnestly recommend an amendment to the present law, by which all associations doing an assessment life or disability business should be brought under the supervision of the insurance department.

COÖPERATIVE TABLES.

Tables Nos. X, XI and XII is a showing of business of assessment associations, life and accident. The total number of certificates in force Dec. 31, 1890, was 467.080, amounting to \$1,458,669,781, and Dec. 31, 1891, was 519,361, and amounted to \$1,670,441,633. The number in force in Michigan at above dates respectively was 11,666, amounting to \$21,246,800, and 12,225, amounting to \$25,805,500. The gross assets of the associations Dec. 31, 1891, was \$10,786,654.91, and at same date 1890, \$8,646,752.01. The gross liabilities was \$673,273.02, and on Dec. 31, 1890, \$752,980. The surplus on Dec. 31, 1891, was \$10,113,381.89, and at same date, 1890, was \$7,898,703.32.

FIDELITY AND CASUALTY INSURANCE COMPANIES.

At the commencement of the year fourteen companies, of which but one, the Standard Life and Accident, was a Michigan company, were authorized in the State. Of these, five transacted guarantee or surety business, three plate glass, two steam boiler, and four exclusively accident business, paying indemnity for loss of time or life resulting from accidents to persons, including in two cases indemnity to employers from losses by accident to employes. For statements of business transacted reference is made to the abstracts and statistical tables. During the year the New York Plate Glass Insurance Company was authorized, and also the Northwestern Live Stock Insurance Company, of Des Moines, Iowa, was admitted to the State, and are included in this classification of companies.

In the last annual report, the 21st of this department, was included the statements of the four live stock insurance companies organized and doing business on the assessment plan. The reports of these associations were this year included in Part I of this report, following mutual fire insurance companies abstracts, for the reason that in this manner they will be more liable to come to the notice of the class most likely to be interested in the

business of live stock insurance.

INSUBANCE LAWS.

A revision of the laws relative to insurance is, in my judgment, advisable. At present these consist of a series of enactments passed as necessity seemed to exist for the accomplishment of special objects, and often without intelligent comprehension of their purpose or operation. I simply direct attention to this important matter without suggesting any special changes, believing that the legislature may be able, with a little care, to accomplish the task of a satisfactory revision.

REPORT

OF THE

ATTORNEY GENERAL

OF THE

STATE OF MICHIGAN

FOR THE

YEAR ENDING JUNE 30, A. D. 1891

ADOLPHUS A. ELLIS

ATTORNEY GENERAL

BY AUTHORITY

LANSING
ROBERT SMITH & CO., STATE PRINTERS AND BINDERS
1891

REPORT.

STATE OF MICHIGAN, ATTORNEY GENERAL'S OFFICE, Lansing, July 1, 1891.

To the Governor and Legislature of the State of Michigan:

I have the honor herewith to submit, in compliance with law, the annual report of the Attorney General of all business transacted by this department from July 1, 1890, to July 1, 1891, including an abstract of the reports of the Prosecuting Attorneys of the State, showing the criminal prosecutions, penalties inflicted, and other items pertaining to the administration of justice.

The various matters embraced in said report are covered by schedules

hereto attached from "A" to "J" inclusive.

In making this report I deem it advisable to call attention to several material changes in the manner of its compilation, which, in my judgment, are more fully in accord with the intent and spirit of the law relative thereto.

1. Schedule "A" contains a full statement of all criminal cases brought to the Supreme Court on exceptions, writ of error, or *certiorari*, which are disposed of or pending, in which the Attorney General has appeared.

In this schedule I have endeavored, under the title of each cause, to give a short statement of the facts, the points in dispute, and the rulings of

the court thereon.

These cases involve questions of criminal law, and as the report is forwarded to the various Prosecuting Attorneys of this State, I believe this arrangement will make the volume of practical value to the Prosecuting Attorneys and others who are interested in the enforcement and practice of criminal law.

2. Schedule "B" contains a list of mandamus, quo warranto, and other proceedings commenced by the Attorney General in behalf of the State, or commenced by other parties, in which the State is directly interested.

The decision of the Supreme Court in a great many of these cases is announced orally, no viitten opinion being filed, and unless a person is in court at the time of the announcement of the decision, he has no way, in the records of the court, to ascertain the reasons announced by the court for its decision.

These decisions embrace questions of criminal practice, the constitution-

ality of laws, rights of various State and county officers, rights to public office, and various other questions that are of great interest to the people

and the legal profession generally.

In order that the reasons of these decisions might be known to those interested therein, in the annexed schedule I have given a short statement of the facts presented to the court, the points in dispute, and the reasons assigned by the court for their ruling thereon.

3. Schedule "C" contains a list of chancery cases commenced or completed between July 1, 1890, and July 1, 1891, and cases now pending, in which the State is directly interested,

4. Schedule "D" contains a list of quo warranto and other special proceedings authorized by the Attorney General in the name of the State, but

directed by and at the expense of the parties interested.

In the last two schedules named I have given briefly a statement of the facts of the case, and the rulings of the court, if decision has been rendered, so that persons interested in such proceedings may understand the nature and disposition of the case.

5. Schedule "E" contains a list of chancery cases commenced in the various circuit courts in chancery, in which the State is somewhat interested

and to which some State officer was made a party.

These cases, in accordance with the usual practice, have been referred to the Prosecuting Attorneys of the various counties, in which they are pending and left in their charge. No report relative to those cases is made to the Attorney General's office, and I am unable to make, from any record in this office, any definite statement as to results.

- 6. Schedule "F" contains a statement of money received by the Attorney General and turned over to the State Treasurer. The money was received in June, 1891, in settlement of a case growing out of the detention of an indigent soldier at the Kalamazoo Asylum.
- 7. Schedule "G" contains a list of insurance companies where articles of association of such companies, or amendments to such articles, have been examined and approved by the Attorney General in pursuance of law.

8. Schedule "H" contains an abstract of the reports of the Prosecuting Attorneys for the year ending June 30, 1891.

In previous reports made by this department the reports of the various Prosecuting Attorneys have been printed separately *verbatim* in the report of the Attorney General.

The law provides that "the Attorney General shall include in his annual report an abstract of the annual reports of the several Prosecuting

Attorneys." Howell's Statutes, Sec. 289.

It seems clear to me that the Legislature intended that a summary or synopsis of the records of the several Prosecuting Attorneys of the State should be included in the report of the Attorney General, and not that the complete report of each Prosecuting Attorney of every county in this State should be included. I realize that the change is quite an important one and breaks in upon a long established construction of this statute, and therefore give my reasons for making the change:

First, The law requires an "abstract of the annual reports." An abstract of a report is not the report itself but an abridgment, compendium or

synopsis of it;

Second, Under the past manner of publishing these reports they were of little or no value in the way of furnishing statistics or other information concerning the number and nature of the crimes and their punishment in the State at large. If a person desired to know how many persons were prosecuted during the year for any offense, or the result in any class of cases, it would be necessary to examine each of the reports of the prosecuting attorneys of the eighty-four counties, and then make his own computation of the result reached by such examination.

I believe it was the intention of the Legislature to require the Attorney General, by this statute, to furnish an abstract of the criminal business of the State at large so that under each particular head, when a person desired to obtain information concerning any particular crime, he could do so by examining the one report, the same as a person can obtain the result from any county by examining the report of the Prosecuting Attor-

ney of the business of his county.

By this method I can lay before the Governor and Legislature the aggregate of prosecutions had within the State, the disposition of each case, and thus by comparison of this report with subsequent reports, if the same interpretation of the statute shall prevail, suggest to the minds of the Legislature some of the imperfections in our criminal laws.

I am pleased to say in this report that every Prosecuting Attorney of the State of Michigan has filed in this office the report required by law, and hence the abstract given of the prosecutions in the State of Michigan during the past year in schedule "H" must be substantially correct.

- 9. In order that the public, and the several officers who have an interest in the enforcement of criminal law, may know the relative number of persons prosecuted in the several counties, and also have the address of the present Prosecuting Attorney, should they desire to communicate relative to any matter pertaining to the criminal law of the county, in schedule "I" I give the name and address of the officer, and the number of persons prosecuted in each county during the current year. The punishments for the offenses and the results will be found in the aggregate of all the counties in schedule "H."
- 10. Schedule "J" contains the opinions written by the Attorney General during the fiscal year, there being fifty-nine in all.

The Legislature of 1891 made some important changes relative to the

management of criminal cases.

By act No. 75, section 1 of act No. 72, of the session laws of 1887, was amended so that under the present law all criminal business brought to

the Supreme Court is under the control of the Attorney General.

The several Prosecuting Attorneys are required to furnish briefs to the Attorney General, the expense of printing and making the brief to be a charge against the several counties; and, when requested, the Prosecuting Attorney is to assist the Attorney General in the Supreme Court at the expense of the State.

Under the law before this amendment, the Prosecuting Attorneys in all cases, without request from the Attorney General, were required to follow

their cases to the Supreme Court, at the expense of the State.

Under the law before it was amended a large sum of money was paid out annually by the State for traveling fees and time spent traveling, for which the State received little or no consideration. It is expected that, while this change increases somewhat the labors in the Attorney General's office, it will save to the State in the neighborhood of \$2,500 to \$3,000 per year.

In the last report of Attorney General Taggart, page 7, he recommended to the Legislature the appointment of a deputy in addition to the clerical help allowed the Attorney General's office, the same as in the several other

branches of the State government.

He said: "The duties of the Attorney General are varied, responsible and numerous, and it is impossible for him at all times to examine with sufficient care the questions asked by officials and departments entitled to

call upon the office for legal advice.

"If an assistant were at hand to aid in such examination, and in the preparation of briefs and arguments for the courts, it would enable the office to do better and more satisfactory work, and by reducing the necessary amount of special legal assistance employed in important cases,

would not be an added expense to the State."

The Legislature of 1891, in view of the fact that a great amount of clerical help had been employed, and owing to the small compensation paid the Attorney General, and the lack of proper appropriation to secure sufficient help in that department, amended the law relative to the amount of the appropriation given this department by increasing the same \$1,000, and submitted to the people an amendment to the constitution relative to the salary of the Attorney General, increasing the compensation from \$800 to \$2,500 per annum, which amendment was ratified by the people.

The increase in the appropriation in this department enables the Attorney General to have additional help, and enables the office to do better and more satisfactory work; and I believe that the result of this change will, by reducing the amount of special legal assistance, reduce the expense of this department and secure to the people far better results.

My acknowledgments are due to the several departments of State and to the present and past State officials for kind and courteous assistance in investigating matters connected with such departments.

Respectfully submitted,

A. A. ELLIS, Attorney General.

SCHEDULE A.

This schedule contains a full statement of all criminal cases brought to the Supreme Court on exceptions, writ of error, certiorari or habeas corpus, whether disposed of or pending, in which the Attorney General has appeared.

The People vs. Patrick J. Sullivan. Exceptions before sentence. Chippewa county. Violating liquor law. Affirmed.

This was a complaint for keeping saloon open after hours. By permission of the court, the prosecuting attorney amended his information so as to allege that defendant was not a druggist, and that the place kept open was not a drug store.

The court held that no error was committed, as the first information was not defective in not negativing the facts above referred to. The complaint on which the respondent waived examination contained the negative clauses, and an amendment to an information to cover this complaint was held properly allowed.

Reported in 47 N. W. Rep., 220.

The People vs. James Harper. Error to Charlevoix. Murder in the

first degree. Sentenced to State Prison for life. Affirmed.

Respondent in this case sought a reversal on several grounds. Objections were made to the remarks of the Prosecuting Attorney to the jury that the People would not be bound by the statements of one of their witnesses, which he was obliged to call, only so far as they were believed to be true.

There were also numerous objections to the charge of the court as to the intent with which the crime was committed, his abstract definition of the crime of manslaughter, and the charge as to presumption of innocence.

They were overruled by the court, and judgment affirmed.

Reported in 47 N. W. Rep., 221.

The People vs. Andrew J. Kreidler. Exceptions from Superior Court

of Grand Rapids. Selling liquor on Sunday. Affirmed.

This case seems to have been included in the annual report for 1890, and was stated in that report as having been reversed and a new trial granted.

This was an error, as no record being filed, the case was struck off, and

on December 2, 1890, was affirmed on default.

The People vs. Schultz. Error to Recorder's Court of Detroit. Fraud-

ulently concealing mortgaged property. Sentenced to Detroit House of

Correction for one year. Affirmed.

The respondent in this case was convicted in the Recorder's court of the city of Detroit of fraudulently removing and concealing chattel mortgaged property contrary to act No. 18, public acts 1889.

Two points were raised:

First, To the jurisdiction of the lower court.

It was insisted by counsel for respondent that the Recorder's Court had no jurisdiction because the information did not allege that the offense was committed in the city of Detroit. The court held that as the information was entitled, not only within the county but also within the city, it conferred jurisdiction.

It was also claimed by counsel for respondent that it was not the value of the property, but the interest of the mortgagee, which determined the jurisdiction. The court held otherwise.

Second, To the sufficiency of the information.

The information was rather loosely drawn, and might have properly been objected to on the trial, but as the objection was not made, it was too late on appeal for the first time to raise the question.

Reported in 48 N. W. Rep., 293.

The People vs. John W. Brown. Exceptions before judgment. Kala-

mazoo county. Violation of the liquor law. Affirmed.

The information in this case was filed under act 313 of the public acts of 1887 for violation of section 8 of said act. This section provides that the principal in the bond shall not sell intoxicating liquors in any other place than that specified in the bond. Respondent's counsel insisted that by reason of such provision the section was unconstitutional. The court overruled this objection.

Counsel for respondent also insisted that the statute provided no punishment for the violation of the section under which the respondent was prosecuted. The section referred to provided that "Any sale made in violation of this section * * * * shall be punished as provided in section 6." Section 6 does not provide any penalty, but the court held that respondent would be liable under section 7, which provides that persons shall be punished who in any manner violate any of the provisions of the act.

Reported in 48 N. W., Rep., 158.

The People vs. James Collison. Exceptions from Barry. Violation of fish law. Reversed and a new trial ordered.

This was a prosecution for violating act No. 329 of the local acts of

The defendant admitted the taking of the fish from Gunn lake, but insisted that it was "upon his own land, over his own soil, and in his own water;" that he had exercised such right from time immemorial, and had by long custom acquired the right to take the fish by any means; and that the statute, in so far as it interfered with such right, was invalid and repugnant to the constitution, by depriving the defendant of property without compensation.

The court held the act to be constitutional; that the defendant did not

have an exclusive right to fish in the waters of Gunn Lake, and that the control of fishing in such waters was properly exercised by the State.

Defendant requested the court to instruct the jury to acquit. This the court refused to do, discharging the jury and directing a verdict of guilty

to be entered by the clerk.

The court decided there was error in discharging the jury and directing a verdict of guilty, citing the People vs. Neumann, 48 N. W. Rep., 290, where the jury acquiesced in the direction of the court, as being clearly distinguishable from this case. Here the court gave the jury no opportunity to follow or refuse to follow the court's direction, there being in fact no direction to the jury, but one to the clerk to enter the verdict.

Reported in 48 N. W. Rep., 292.

The People vs. James H. Moore. Error to Kent. Rape. Sentenced

to State Prison for one year. Affirmed.

Several objections were made to the admission of testimony in this case, but counsel for the respondent simply said, "Objected to," without giving any reason whatever for his objection.

The court held that errors based on such objections could not be enter-

tained.

Reported in 48 N. W. Rep., 693.

The People vs. Lewis J. Partridge. Error to Alpena. Rape. Sentenced to State Prison for six years. Reversed and prisoner discharged.

In this case the respondent was tried under an information containing

two counts.

The first count charged him with unlawfully and carnally knowing a female child under the age of fourteen years; the second count, added by virtue of act 153 of the public acts of 1887, charged him with feloniously assaulting said child, taking improper liberties with her person, without then and there committing, or intending to commit, the crime of rape. He was convicted upon the second count.

There was no evidence to sustain the conviction under the second count, as all the evidence of the prosecution, if true, showed the commission of the first offense, viz.: rape; and there was nothing tending to show that any indecent liberties were taken with the girl, without the intent of com-

mitting rape.

The court held that under the testimony respondent was either guilty of rape or not guilty of any offense; and as he was acquitted upon the first count, and there was no evidence to support the conviction upon the second count, it was their duty, no matter how deplored the result, to discharge the prisoner.

Reported in 49 N. W. Rep., 149.

The People vs. Alfred Furman. Exceptions before judgment from Lenawee county. Violating liquor law. Affirmed.

The respondent in this case was prosecuted for keeping his saloon open on Sunday. He pleaded a former conviction in bar, to which plea the prosecution demurred, and the demurrer was sustained. On trial he

was convicted, and came to the Supreme Court on exceptions before

judgment.

The former conviction relied upon was that of keeping his saloon open on said Sunday, contrary to an ordinance of the city of Adrian, entitled

"An ordinance relative to maintaining quiet and good order."

The act under which respondent was convicted the second time was passed subsequently to the act incorporating the city of Adrian. court held that the Legislature intended by the passage of the general liquor law to provide regulations for the sale of intoxicating liquors to the exclusion of regulations by municipal authorities.

Under the act of 1887 it is expressly provided that, "In all cities and incorporated villages, the common council or board of trustees may, by ordinance, allow the saloons * * to open at six o'clock in the forenoon, and to remain open not later than eleven o'clock in the afternoon, and no longer of any week day night, except on election days and holidays."

This provision, the court held, limits the power of municipalities in legislating as to the time within which saloons may be kept open; and that the ordinance in question which attempted to regulate the sale of liquor in the city of Adrian was inconsistent with the provisions of the general law, and therefore a conviction had under said ordinance would not operate as a bar to the subsequent trial and conviction under the general law.

Reported in 48 N. W. Rep., 169.

The People vs. James McQuaid. Exceptions before sentence. ston County. Bigamy. Reversed and new trial ordered.

Defendant was convicted of bigamy in marrying one Emma Dodge,

while having another wife living.

The information charged the first marriage to have been had with one Jennie Gartley in December, 1880, at Alleghany City, Pa.

The second marriage was clearly proven, and the only question raised

related to the proofs of the first marriage.

The Court held that a resident minister of Pennsylvania, who testified to the frequent consultation of the statutes of that State, and had observed the introduction of books containing these statutes in the courts for the last twenty years, was competent to prove the form in which the statutes of his native State were published, and whether such books were received . and recognized as authority; and that when called upon simply to identify the book in which the law was published, it was competent for him to testify as to the common acceptance of the publication as authority.

The Court also held that where it appeared that the first marriage was not performed according to statutory requirements, and there was no evidence of subsequent cohabitation of the parties, a conviction for bigamy

could not be sustained.

Reported in 48 N. W. Rep., 161.

The People vs. John Neuman. Error to Mason. Violating liquor law. Fined thirty-five dollars. Affirmed.

This was a prosecution for violation of Act No. 313 of the laws of 1887

for selling liquor to a minor.

The defendant was a saloon keeper in the City of Ludington.

Brown, of the age of seventeen years and upwards, visited defendant's

saloon in company with two adults.

The testimony showed that the three were sitting around a table and Fred Brown paid for the beer, but that it was not given directly to him. The defendant testified on his own behalf that one of the adults ordered

the beer, and that Fred Brown simply handed him the money.

The Court held that under our statute "it is not necessary that a person should hand the liquor to a minor in order to furnish it; if the liquor belonging to a person and under his control, is by his consent or connivance permitted to be taken and drank by the minor, whether it is passed to him direct or through the hands of another, it is immaterial, the liquor in either case is furnished to such minor."

The Circuit Court directed a verdict of guilty; upon this, error was assigned, and the Court held that, "whenever there is no question of intent in a criminal case * * * * and where upon the admitted facts, the only question to be determined is whether, under the law, the statute has been violated, the trial judge may with perfect propriety state to the jury that the law applied to the facts, which are undisputed, shows the defendant to be guilty of the offense charged and that it is their duty to so find under the facts and the law."

Reported in 48 N. W. Rep., 290.

People vs. William Deitz. Exceptions before sentence. Ingham County. Assault with intent to do great bodily harm less than the crime of murder. Reversed and new trial granted.

Objection was made to the prosecution showing the unfriendly relations

of the parties some three years previous to the difficulty.

The Court held this competent, but that unconditional threats of which

nothing came, were incompetent, and the Court erred in admitting it.

Defendant in his testimony denied an immaterial matter. The Circuit Judge allowed the Prosecuting Attorney to indorse the names of three witnesses upon the information for the purpose of rebutting this testimony. Held, by the Court, to be error.

Objection was also made to the failure of the prosecution to call certain eye witnesses to the affray. The Court held that eye witnesses to an affray must not only be present in Court, but the prosecution must examine

them, so the defense may have an opportunity to cross-examine.

Observations taken some two months subsequent to the affray was held by the Court not admissable as impeaching evidence, unless shown that the location and all the surroundings were in the same identical condition as at the time when the occurrence testified to happened.

Reported in 49 N. W. Rep., 296.

The People vs. Hall. Error to Tuscola. Larceny. Sentenced to State

Prison for five years. Reversed and new trial granted.

The defendant in this case was tried and convicted of stealing sheep. His plea was not guilty. There were admissions by defendant's counsel of his taking the sheep.

The court reversed the judgment on the ground that the charge of the circuit judge, in so far as it stated that respondent took the sheep "with felonious and larcenous intent" was erroneous, as a conviction in a crimi-

nal case, involving the question of intent, cannot be predicated upon the admissions of counsel.

Reported in 48 N. W. Rep., 869.

The People vs. John P. Hughes et al. Error to Genesee county. Violating liquor law. Recognizance for appearance furnished. Reversed

and prisoners discharged.

The respondents in this case were the proprietors of a saloon, and were convicted in the circuit court for violating section 15 of act 313 of the public acts of 1887, which provides that, "It shall be unlawful for any person to allow a minor to visit or remain in any room where liquors are sold, etc."

Defendants were absent at the time of the alleged offense, and they had no knowledge that these minors were about to visit their saloon. The people sought to render them liable criminally for the acts of their clerk, under the above section. The information charged explicitly a violation

of section 15 above quoted.

There was no dispute in the testimony concerning the respondents not being present. *Held*, by the court, that under this section proprietors of saloons could not be held criminally liable for the acts of their clerks, done without their knowledge or consent, and in their absence.

The court held further that the provision in section 14 of said act, making a saloon keeper liable when his clerk or servant permits minors to play cards in the saloon, does not extend the liability of the saloon keeper, under section 15, to acts of his clerk.

Reported in 48 N. W. Rep., 945.

The People vs. John Johnson. Exceptions from Mackinac. Resisting an officer. Reversed and prisoner discharged.

The respondent was arrested in the first instance for breach of the peace. The officer, who was 150 feet away, on another street, and did not see the offender, and had no direct knowledge that it was he who committed the offense, arrested him without a warrant.

The court held that shouting upon the streets of a village between nine and ten o'clock at night, so loudly as to be heard 150 feet distant, was a breach of the peace, but that the offense was not committed in the "presence" of the officer, he being distant 150 feet on another street, and unable to see the respondent.

When the arrest was attempted, the respondent resisted, and it was for

this that he was prosecuted and convicted in the circuit court.

There was some evidence to the effect that respondent was intoxicated when arrested, and the people sought to claim, on appeal, that he was arrested for this.

It was held by the court that on appeal from a conviction for resisting an officer arresting a person for breach of the peace, the State cannot claim for the first time that he was arrested for being intoxicated, although there was evidence to that effect.

As the arrest was not in the "presence" of the officer, it was not justified, and the prisoner was discharged.

Reported in 48 N. W. Rep., 870.

The People vs. Joseph Hubbard. Error to Genesee county. Concealing stolen property. Sentenced to Jackson for two years. Affirmed.

The respondent in this case was convicted of the offense of having

received stolen goods, knowing them to have been stolen.

The counsel for defendant claimed that under the statute the prisoner should be discharged for the reason that it was his first offense, and that restitution of the property had been made. The return shows that upon the trial neither of these facts were brought to the attention of the

Circuit Judge.

It appeared that respondent loaned the money to one of the thieves to settle the matter up, and took security on a yoke of steers. This, the Court held, was not such a restitution by the respondent as would fall within either the letter or the spirit of the statute; and that if it was the first offense, and restitution had been made, these facts should be made to appear to the Circuit Judge before sentence, and not having been done, defendant cannot avail himself of it on appeal to the Supreme Court.

The evidence also showed that defendant lived within one hundred rods of the county line. The larceny was committed in Allegan county, but the respondent resided in Van Buren county. It was decided that the Allegan County Court had jurisdiction under the statute to try the respondent.

Reported in 49 N. W. Rep., 265.

The People vs. Aplin. Error to Genesee. Burglary. Sentenced to five years in the State House of Correction at Ionia. Affirmed.

Conviction in this case was asked to be set aside for two reasons:

1. That a disqualified juror sat upon the panel.

Defendant had not exhausted his peremptory challenges; the court held, therefore, that he could not be heard to complain of the retention of the juror.

2. The building into which respondent broke and entered was not

within the curtilage.

The building was a barn situated a short distance from the house, separated by one fence with a small gate. This barn was used jointly for storing the grain and farm property of John and James Donnelly. The dwelling house was alleged in the information to be that of one John Donelly.

The Court held that a charge that if the barn was an outhouse adjacent to and used as a part of the homestead of John Donnelly, and there was access between them by a gate, then the barn would be within the curti-

lage, was correct.

The People vs. Bert Robinson et al. Error to Kalamazoo county. Burglary. Robinson sentenced to State prison for two years and nine months, Smith to the State House of Correction for two years and six months. Affirmed.

Respondents were convicted in the Kalamazoo Circuit Court, before a jury, of the statutory offense of breaking into and entering a flour mill in

the night time, with intent to commit the crime of larceny.

Defendants claimed that certain admissions were procured from them by an officer after their arrest, under a promise that it would be better for them to tell how the matter occurred. The officer denied this. *Held*, by the Court, that the question whether such promises were in fact made is for the jury, and the admissions may be proved.

Respondent testified in his own behalf, and objection was made to the prosecution cross-examining him. The Court held that act 125 of the laws of 1861, permitting accused persons to testify, not under oath, in their own behalf, was repealed by act 245 of the laws of 1881, permitting them to testify under oath, and the State may cross-examine a defendant, offering himself as a witness, although unsworn, to the same extent as any other witness.

Further objection was made to the fact that the court recalled the jury and gave additional instructions in the absence of defendant's counsel. *Held*, that this was not reversible error, where it appears that the additional charge was unobjectionable, and was taken down by the reporter,

and appears of record.

Reported in 49 N. W. Rep., 260.

The People vs. Edwin R. Moorman. Exceptions before sentence. Ionia county. Violation of the pharmacy law. Affirmed.

In this case respondent was convicted of a violation of the pharmacy law of this State. The act under which conviction was had was claimed

to be unconstitutional on three grounds:

1. The law provides that no person shall vend patent or proprietary medicines by retail, unless he has been in the business of vending and retailing such medicines three years or more. This was an amendment added in 1887.

It was claimed that this provision grants a monopoly to a favored few,

and for no adequate reason.

The Court held that, though the amendment should be declared unconstitutional as tending to create a monopoly, that would not affect the validity of the rest of the law; and as the defendant was not arrested for

vending patent medicines, that section did not affect this case.

2. It was also claimed that the law authorizes the pharmacy board to fix the license fees arbitrarily, and to make a distinction in their discretion between different individuals. *Held*, by the Court, that the fact that the act allows the board discretion to fix a fee for the required certificate, not to exceed a named sum, does not give the power to fix fees arbitrarily and to discriminate between individuals.

3. The main objection taken to the act, and the only one which concerned the respondent, was that the law deprives a registered physician of the right to compound, put up and sell, drugs and medicines, which it must be considered from the nature of his profession he is thoroughly competent to do, it being claimed that he had a vested right to do this which the Legislature could not destroy. The law was held by the court to be no infringement of the vested rights of physicians, and that without compliance with its requirements, they had no right to keep open shop for the retailing, disbursing, or compounding of medicines and poisons.

Reported in 49 N. W. Rep., 263.

The People vs. Drennan. Error to Wayne. Fined \$200. Reversed

and new trial granted.

This was a case of violating the liquor law by not having paid the tax required by law. The complaint and warrant upon which the respondent was arrested was defective, in that it did not negative the fact that respondent was not a druggist. This defect was raised on the trial in the Circuit Court for the first time as a reason why evidence should not be

admitted. The court held this objection came too late, that it should have been raised by a motion to quash the information, and the question could

not be raised on the introduction of testimony.

There was some question as to who was the owner of the saloon during the time which it was claimed the tax was not paid. Drennan was sworn on his own behalf and testified that he was not engaged in the liquor business at that time; that his brother William, since deceased, was running the saloon. The respondent had more or less to do in the saloon, and assisted his brother at odd times.

There was no evidence showing that he had not paid the tax during the time alleged by the prosecution, and the court held that in the absence of such evidence he could not be convicted for illegal sales as his brother's clerk, but only as owner of the saloon, and hence it was error to refuse to charge on that issue that his guilt must be established beyond a reasonable

doubt.

Reported in 49 N. W. Rep., 215.

The People vs. Harry Hull. Exceptions from Wayne county. Murder.

Reversed and new trial ordered.

It appeared on the trial in this case that a melee occurred sometime before the killing, during which, as respondent claimed, the deceased intentionally knocked him over a railing, while Beatty, a witness for the State, testified that deceased tripped and fell against respondent and then caught him by the leg and let him down easily. It was held by the Court to be error to charge that, "If respondent had been knocked over the railing as claimed, and struck upon his head and face, would not the fall have injured him and left some soreness? On the other hand if, as Beatty supposed, deceased grabbed respondent by the leg, letting him down easily, the absence of soreness about the head and shoulders tends to sustain the testimony of Beatty," as it was argumentive and tended to prejudice the jury.

There were witnesses who were present and testified as to what took place during the trouble. The Circuit Judge attempted to restrict the cross-examination of these witnesses and not permit the defense to inquire as to their whereabouts, as well as other witnesses, during the time

between the melee and the shooting. Held, to be error.

The Court during the trial proceeded to examine a witness and the manner of such examination was objected to by the defendant, and the Court said: "I want all the facts in the case." The defendant claimed that the Court's tone and manner was hostile to him, and the Court's remark "If it is because the facts may be prejudicial to you if they came out," was held to be error, especially where the Court afterwards examined the witness at length.

After the evidence had closed, the Court directed that the jury should view the premises where the murder was committed. During this view the respondent was confined in jail. It was urged that it was a violation of a constitutional right of respondent to take the jury to view the prem-

ises in his absence.

The Court held that no error was committed in directing a view of the premises by the jury, but it was error to permit the jury to separate while viewing the premises in the absence of the respondent.

While the view was being had one of the jurors took a drink of liquor upon the premises he was viewing, as a juryman, and at the bar of the

Digitized by GOOS C

principal witness for the prosecution. It was held by the Court to be such misconduct as would call for a new trial.

Reported in 49 N. W. Rep., 288.

In the matter of the petition of Charles O. Smedley for and on behalf of George Ludington, for writ of habeas corpus. Writ granted and

prisoner discharged.

The petitioner in this case represented that one George Ludington had been sentenced to the State House of Correction and Reformatory at Ionia for the term of three months, and that he was confined in the said State House of Correction and Reformatory illegally, for the reason that the Superior Court of Grand Rapids had no authority or right to sentence the prisoner to said House of Correction for the offense of which he was found guilty.

The prisoner was arrested for assault to do great bodily harm less than the crime of murder. He was examined in the Police Court of Grand Rapids and bound over to the Superior Court for trial. He was convicted in the Superior Court of simple assault and battery. The judge of the Superior Court sentenced him to the State House of Correction at Ionia

for three months.

The only question to be disposed of was whether the Superior Court could inflict a greater punishment for an offense triable by the Police Court than could have been inflicted by the Police Court if conviction had been had there.

The Police Court of Grand Rapids has the same jurisdiction as the

several justice courts of the State.

The Court held that the sentence pronounced by the Superior Court was illegal and without authority, as he possessed no power to inflict a greater punishment for assault and battery than could have been inflicted by the Police Court, and the Police Court did not possess the power to send a person to the State House of Correction and Reformatory at Ionia, for assault and battery.

No written opinion was filed.

In the matter of William Walsh. Application for writ of habeas

corpus. Petitioner remanded.

Walsh was confined in the State Prison at Jackson. On June 29, 1891, he applied to the Supreme Court for writ of habeas corpus; hearing was had on June 30, and he was remanded to the custody of the Warden of the State Prison.

The application was filed on the ground that Walsh, by reason of the good time to which he was entitled under the statute, had served out all of his time. Had he been credited with all his good time his term would have expired March 21, 1891; but it was claimed by the Warden that by reason of infractions of the prison rules his time had been so reduced that

his term would not expire for some time

It appeared on the hearing that the board had adopted written rules concerning discipline but had not adopted any rules in the prison, stating definitely what the forfeiture should be for infractions of these rules. The rules which had been adopted being only three in number and very indefinite, and that the board had made no written, certain standard of the number of days that would be lost from the good time for any particular misconduct.

It did not appear that the prisoners were notified each month, if at all, of their standing as to lost time, unless it was asked for. The record of infractions was kept by the clerk of the prison, from reports of the keepers and other officers, in a book called the "Warden's Daily Journal," and the statement from this book was figured up by the Warden's clerk on request of prisoners, but it did not appear that that was done very accurately. The inspectors of the prison approved the reports of the keepers and officers by simply signing their names to the journal.

There was an unwritten rule that had existed in the prison for upwards of twenty years, by which any convict forfeited for each offense in each month as many days good time as he would have earned during that month, and in case there were two infractions in the same month, then he

would lose the same amount of time for each infraction of the rules.

It appeared that Walsh attempted to escape in January, 1891, also that he had weapons in his hands at that time. Under the long standing rule above referred to, there was charged up to him two infractions that month and a deduction made of seven and one-half days for each offense.

There was a rule of the prison that provided that the board might, if they saw fit, deduct from a convict all of his good time for attempting to escape.

The board had not taken any action whatever concerning the attempt of Walsh to escape further than to sign the record from which was deducted the fifteen days for the two infractions in January. Subsequently in June Walsh made an application to the Circuit Court of Jackson county to be discharged, on the ground that his time had expired. The Circuit Judge remanded Walsh, and the board of control of the prison thereupon met and passed a resolution forfeiting all of Walsh's good time.

The court held that the object of the statute of this State permitting good time to be earned by convicts is to stimulate the prisoners to good behavior by the hope of reward in the shortening of their term of confinement, and that the forfeiture of such good time could not rest in the caprice or favoritism of the board in each particular case, but should depend upon fixed and regular rules applying to all alike; that the rules should be adopted and made of record by the board and be promulgated by the

Warden so as to be known and understood by the prisoners.

The Court further held that the rule which had existed for twenty years by which a convict forfeited, any month, for an infraction of the rules, the amount of good time that he might have earned, must be presumed to have been adopted by authority, and to be known to the prisoners then confined in prison, and be binding both upon the board and the prisoners until other rules were adopted; that the resolution of the board in June, by which they attempted to forfeit all of Walsh's good time, was void; and that computing the actual time that Walsh had lost by reason of the above mentioned rule, his time would not expire until July 12, 1891, at noon, and he was accordingly remanded.

Reported in 49 N. W. Rep., 606.

Criminal cases pending in the Supreme Court:

The People vs. Augustus Bane, the People vs. Thomas Murray, the People vs. James N. Miller, et al., the People vs. William J. Stevens, the People vs. Chas. Fay, the People vs. Daniel Cummings, the People vs. Henry J. Scott, the People vs. Frank Umlauf, the People vs. Albert E. Mason, the People vs. John Slack, the People vs. James Bradley, in the matter of Sherwood Hall, in the matter of Hattie Lewis.

SCHEDULE B.

This schedule contains a list of mandamus cases, quo warranto, and other proceedings commenced by the Attorney General in behalf of the State, or commenced by other parties, in which the State is directly interested:

Auditor General of the State of Michigan vs. Board of Supervisors of

Midland county. Mandamus. Writ denied.

This was a petition for mandamus to compel the board of supervisors of Midland county to apportion among the several townships of that county an amount of indebtedness claimed to be due the State from said county. The controversy arose over the amount found by the Auditor General to be due the State from said county.

The only question for consideration presented to the Court was the manner of keeping the books between the county and the State, and whether the county was estopped by the dealings had between it and the State

from making claim for certain accounts.

The Court held that where the account of taxes between a county and a State include items against the county which the State has no right to charge against it, but which are carried in the account for years without dispute, and are included in the annual settlements between the county treasurer and the Auditor General, the county is not estopped, by reason of such settlements, from disputing the validity of these items, when it appears for the first time what those items were, and the State attempts by mandamus to compel it to collect taxes to pay these charges.

Reported in 47 N. W. Rep., 579.

Thomas Wellman vs. the Chicago and Grand Trunk Railway Company. This case raises a question concerning the constitutionality of a portion of act No. 202 of the public acts of 1889, viz.: That part of the act fixing the price of passenger fare at two cents per mile in certain cases.

The railroad company refused to sell the plaintiff a ticket at that rate.

and he sued the company in the Circuit Court.

When the case was brought into the Supreme Court the Attorney General interposed on behalf of the State, as it was for the interest of the people of the State to sustain this law. The Court held that the law was constitutional. The opinion is reported in the 47 N. W. Rep., 489. The case has been appealed to the Supreme Court of the United States by the railroad company, and is still pending.

Adoniram J. Smith vs. Board of State Auditors.

This was a petition for mandamus to compel the Board of State Auditors to audit and allow \$100 State bounties under the act of Feb. 4, 1864.

The relator first applied to the Supreme Court for a mandamus to compel the Auditor General to issue his warrant for this claim. This writ was refused. (Smith vs. Aplin 45 N. W. Rep., 136.)

He then filed this application.

The question involved in this case was the construction of section 8 of act No. 23 of the laws of 1864. That part of the section involved is as follows: "There shall be paid from the war fund of this State a uniform State bounty of \$100 to each person * * * who may hereafter enlist and be mustered into the military or naval service of the United States, and who shall be credited on the quota of this State * * under any call or order of the president or military authorities of the United States.

* * made or issued since the first day of January, 1864, * The act was passed February 4, and approved February 5, 1864.

One call had been made February 1, 1864, of 200,000 men. Four other calls were made during the year 1864, dated respectively: March 14, April 23, July 18, and December 19.

Relator claims that the act included bounties to all soldiers who were enlisted and credited upon calls subsequent to its passage as well as upon

those prior thereto.

The Court held that his right depended entirely upon the meaning of the word "since" used in the act; and that the word "since" as used in the act means any call or order made or issued since the first day of January and before the fourth day of February, 1864.

As the petitioner did not enlist under the call named, the writ was denied.

The case is reported in 48 N. W. Rep., 627.

The People ex rel. Attorney General vs. Marsden C. Burch.

This was a proceeding in the nature of a *quo warranto* to test the right of the respondent to hold the office of a Judge of the Circuit Court for the county of Kent.

First, It was urged that the law under which the respondent held his

office was not legally passed.

The bill passed by the Senate, was amended and passed by the House and the Senate concurred in the amendment, and sent it to the engrossing committee; afterwards the House requested its return, and the Senate obtained it from the committee, after which the Journal recites the following proceeding: " * * * Moved to reconsider the vote by which the Senate passed the bill, which motion prevailed. The question being on the passage of the bill, on motion of * * * , the bill was ordered returned to the House." At the close of the Journal for the session, and before the secretary's certificate, among the list of "errata in the records of bills," was a reference to the page and lines of this entry with this correction: "The vote reconsidered was not the passage of the bill, but the vote by which the Senate concurred in the House amendments to the bill."

It was claimed that the secretary had no right to make the correction. Held, that it must be presumed that the vote was as stated in the secretary's correction, as that was the proper course, and that the bill was

properly passed.

Second, On the original passage the Senate voted that the bill should take effect immediately and the House, after amending it, passed a like vote. The Senate concurred in the amendments, but did not again give it immediate effect. It was claimed by reason of this that the bill did not take immediate effect, and that the appointment was made before the bill took.

effect. *Held*, that the bill would take effect immediately although the Senate when it concurred in the amendment did not vote again to that effect.

Third, The act under which respondent received his appointment provides, among other things: "The person so appointed shall hold his office provisionally from the time of his appointment until the general election for township officers in the spring of 1893, or until his successor shall be elected, and the term for which said judge shall be appointed shall expire December 31, 1893."

Held, that the act was valid so far as it authorized the appointment of a judge to hold until the next general election, but that the Legislature had no power to extend the term of the person appointed beyond that time.

Fourth, Held, that the person appointed was authorized to hold his office until his successor was elected. Further held that at the time the information was filed in the case, September 10, 1890, the respondent was legally holding the office of circuit judge, and, therefore, the writ should be dismissed.

Alexander P. Waite vs. the Commissioner of Land Office.

In 1883 the Legislature of the State, by act No. 130 of the laws of 1883, granted or attempted to grant "to the county of Livingston ten thousand acres of swamp lands in the lower peninsula, not otherwise appropriated, for the purpose of aiding in straightening the channel of Cedar river and its east and west branches, and opening, widening and deepening the same."

One Edward W. Sparrow became the contractor for doing the work, and upon the completion of the work certain scrip was given to him by which he claimed to be entitled to take swamp lands in the lower peninsula.

Alexander P. Waite was the assignee of Mr. Sparrow, and by virtue of certain scrip obtained as assignee aforegaid, Waite on the 18th of November, 1890, selected the south half of the northwest quarter of section twenty-four (24) in town thirty-eight (38) north, of range three (3) west, Cheboygan county.

The land selected, at the time the act in question was passed, was licensed to Alexander Gero as a homestead. Gero abandoned the land on the 24th of October, 1890, and after it was abandoned it had not again been offered for sale, as provided by sections 5249-5253 of Howell's Statutes.

The Commissioner refused to issue a patent for the land, claiming that the land could not be taken under the grant, and relator applied for mandamus. The case was heard before the Supreme Court in the June term, 1891, and on July 27th the writ was denied.

Allen C. Adsit vs. Gilbert R. Osmun, Secretary of State, and Allen C. Adsit vs. Board of State Canvassers.

These are two mandamus cases, one against the Secretary of State asking for an order compelling him to give notice of the election to fill a vacancy in the office of Circuit Judge; the other against the Board of State Canvassers, asking them to canvass the vote given for Allen C. Adsit for the general election in November, 1890, for Circuit Judge.

A request was made of the Secretary of State to give a notice of an

election of the Circuit Judge in Kent county. The Secretary refused to

give the notice.

The dispute arose relative to the construction of act 97 of the public acts of 1889, providing for an additional Circuit Judge in the county of Kent. One of the political parties claimed that in so far as the act authorized the person appointed by the Governor to hold the office after the general fall election of 1890 it was in violation of article 6, section 14 of the constitution which authorizes the Governor to fill a vacancy only until the appointee's successor is elected and qualified, and which provides that "such successor shall hold his office for the residue of the unexpired term."

The relator was nominated for such unexpired term by his party, and although the Secretary of State refused to give the notice, his candidacy was notorious, and unofficial notices of election were posted in every election precinct, his name was on the official ticket printed by the State authority, and at the election he received the full party vote which carried the county by a plurality of 1,500.

Held, that his election was not invalidated by the refusal of the Secretary of State to give the usual statutory notice of election, as the want of such notice did not result in depriving sufficient electors of the opportunity

to exercise their franchises to change the result of the election.

Held further, that the election was not invalidated by the fact that the statute under which the respondent was appointed was not judicially declared unconstitutional until after the election, nor by the fact that the other political party made no nominations for the office, that the maxim that all men are presumed to know the law must prevail.

The writ of mandamus was granted against the Board of State Can-

vassers as prayed.

Reported in 48 N. W. Rep., 31.

Joseph A. Neally vs. Cornelius J. Reilly, Circuit Judge.

This was an application to the Supreme Court for a peremptory mandamus to compel the Circuit Judge to quash the proceedings instituted for the purpose of disbarring the petitioner from practice in the Wayne county courts.

The petitioner was admitted to practice by the Supreme Court, but had never been admitted to practice, on motion or otherwise, in the Wayne county courts, nor had he signed the roll of attorneys of such county.

It was claimed that the Circuit Court had no jurisdiction to disbar

respondent because he was admitted in the Supreme Court.

The Supreme Court denied the writ January 7, 1891. No opinion was filed.

John Boynton vs. Calhoun Circuit Judge.

One John Boynton was arrested in the county of Calhoun, charged with being a "drunkard and a tipler" in violation of act No. 264 of the public acts of 1889, the information charging it to be the third offense; that the previous offenses were committed, one on September 29, 1887, and the other July 30, 1889.

Act No. 264 of the public acts of 1889, under which the information was filed, gives the Circuit Court jurisdiction in cases of a third offense,

and provides the penalty of imprisonment in the Detroit House of Correc-

tion or the Reformatory at Ionia.

The respondent being arraigned in the Circuit Court made a motion to quash the information on the ground that the court did not have jurisdiction as it appeared on the face of the information that one of the offenses was committed prior to the passage of act No. 264 of the public acts of 1889. The motion was overruled and the relator made an application to the Supreme Court for mandamus to compel the Circuit Judge to grant the motion and quash the information. The Supreme Court held that all three offenses must have been committed since the passage of act No. 264 of the public acts of 1889, and granted the writ as prayed. No opinion was filed.

Wesley M. Featherly vs. George W. Stone, Auditor General.

This was a petition filed by Wesley M. Featherly of Au Sable in the Supreme Court, asking for an order against George W. Stone, Auditor General, commanding him to vacate an order by which the said Auditor General had canceled the designation of the "Lakeside Monitor" as the newspaper in which to publish the lists of lands to be advertised for sale for taxes in the county of Iosco at the general tax sale in May, 1891.

The facts briefly are that the Honorable H. H. Aplin, Auditor General, before the expiration of his term, sent to the relator a list of the lands which were to be advertised for sale in Iosco county in May, 1891. No bill was filed in the Circuit Court for Iosco county during the term of office of the said Aplin, relative to the lands described in the list sent the

relator.

After taking possession of the office, George W. Stone, Auditor General, revoked the order made by his predecessor and designated another paper

to publish the tax lists.

The court held that George W. Stone, Auditor General, had all of the rights of his predecessor, and could revoke any order that he or his predecessor had made relative to the papers in which tax land lists should be published, and that the designation of such papers was not a contract. *Mandamus* was denied. No opinion was filed in the case.

Gaffney, Prosecuting Attorney, vs. Missaukee County Circuit Judge.

Mandamus. Writ granted.

In this case a petition was filed in the Supreme Court praying for a mandamus to compel the Circuit Judge to set aside the order quashing an

information and to direct the court to proceed to trial.

The sole question involved was whether a discharge by a justice of the peace, upon examination of a person charged with crime, constitutes a bar to his subsequent arrest, examination and trial for the same offense, when the testimony upon the second examination is substantially the same as that produced upon the first.

The court held that no proceeding can operate as a bar to further prosecution until the accused has been put in jeopardy, and this cannot

occur until he has been placed upon trial.

Reported in 48 N. W. Rep., 478.

Joshua Ivison vs. Henry Hart, Circuit Judge.

The grand jury of Isabella county found an indictment against the relator for selling liquor without paying the tax provided by act No. 313

of the public acts of 1887.

Upon arraignment in the Circuit Court he made a motion to quash the information for the reason that it did not aver that he "was not a druggist who sells liquors for chemical, medicinal, mechanical and sacramental purposes only, and in strict compliance with the law," for that the information omitted the words "in strict compliance with the law." The Circuit Judge denied the motion, and on application to the Supreme Court for mandamus to compel the Circuit Judge to quash the information, the order was denied. No opinion was filed.

Burton F. Browne, et al. vs. George W. Stone, Auditor General.

The relators in this cause asked for an order of the Supreme Court to compel the Auditor General to audit and pay their account of \$348.80 for publishing the delinquent tax lists in the county of Huron in the year 1891.

In 1890, during his term of office, Hon. H. H. Aplin, then Auditor General, had sent to the relators a list of lands to be sold for taxes, and requested them to publish the same. The first publication to take place in the week ending January 30, 1891. Subsequently the present Auditor General, George W. Stone, revoked the order and designated another paper to publish the list. The relators, notwithstanding the revocation, published the list.

Before the order was revoked the relators had done some work preparatory to publishing the list. The Supreme Court did not grant the prayer of the petitioners to pay for the publishing, but directed that the Auditor General should ascertain and audit the amount due the relators for the work done prior to the time that he revoked the order of publication. No

opinion filed.

Attorney General vs. Frank A. Hooker, Calhoun Circuit Judge.

One George E. Wilson was arrested for violating Sec. 19 of act No. 187 of the public acts of 1887, by acting as agent for a foreign insurance company, the company not being authorized to do business in this State.

He was bound over to the Circuit Court and an information filed against him, and when the cause come on for trial a motion was made to quash the information. The Circuit Judge granted the motion and held that said act No. 187 of the session laws of 1867 was unconstitutional and void as being in conflict with section 20 of article IV of the constitution of this State, as embracing more than one object within its title.

The Attorney General made application to the Supreme Court for mandamus to compel the Circuit Judge to vacate and set aside said order.

The title of the act under consideration reads as follows: "An act to revise the laws providing for the incorporation of co-operative and mutual benefit associations, and to define the powers and duties and regulate the transaction of the business of all such corporations and associations doing business within this State."

The Supreme Court held that the law was constitutional and granted

the writ, directing the Circuit Judge to proceed to trial. No opinion was filed.

In the matter of Cornelius V. R. Pond. Application for requisition

from the state of Kansas, and proceedings on habeas corpus.

The Governor of the state of Kansas made a requisition on the Governor of this State for the apprehension and delivery of Cornelius V. R.

Pond on papers charging him with embezzlement.

The papers being regular upon their face, Governor Winans granted a warrant, directed to the sheriff of Washtenaw county, and Mr. Pond was arrested thereon. Subsequently, and on the same day of his arrest, he applied for a writ of habeas corpus to the Circuit Court for the county of Washtenaw. The Attorney General was notified of the pendency of the

proceedings and attended the hearing.

It was first sought to release the respondent on the ground that the Governor's warrant in reciting the papers on which the warrant was issued described them as a "complaint" instead of describing them as an "affidavit." The sheriff amended his return and attached thereto copies of the entire papers, which showed that the "complaint" described in the Governor's warrant was an affidavit made before a magistrate of the State of Kansas, but which, under the law of that State, is described as a complaint. After the amendment the hearing of the cause was continued.

Before the matter came to hearing before the Circuit Judge of Washtenaw county, Mr. Pond filed a petition with the Governor, asking to have the warrant withdrawn on the ground that the prosecution was for private purposes and to extort money from him and not for the purpose of criminal prosecution, which petition specifically denied the commission of any

offense, or that he was a fugitive from justice.

The cause was heard before Governor Winans, and after hearing the proofs in the matter, he withdrew the warrant and ordered the discharge of Mr. Pond; and thereupon the Attorney General wrote a letter to the governor of Kansas, stating the result of the application, which letter is substantially as follows:

STATE OF MICHIGAN, ATTORNEY GENERAL'S OFFICE.

Hon. L. U. Humphrey, Governor of Kansas, Topeka, Kas.:

DEAR SIR-I desire to say in reference to your application for extradition warrant for C. V. R. Pond, that the Governor of this State issued his warrant as requested and Mr. Pond was arrested, after which proceedings were commenced by habeas corpus before a Circuit Judge to obtain the discharge of Mr. Pond, by reason of certain imperfections appearing in the papers.

Pending the habeas corpus proceedings, which were adjourned from time to time, a petition was filed with Governor Winans, asking that he withdraw the warrant, relying principally upon the alleged fact that Mr. Pond was wanted in Kansas for the purpose

of serving private ends and not for the purpose of public prosecution.

The matter of this petition was heard before the Governor and it was made to appear by letters written by Mr. Springer's attorneys in Kansas, and from other sources, that the real object of the prosecution was to obtain something more from Mr. Pond on the civil liabilities existing between him and Mr. Springer.

It appears without contradiction that after Mr. Pond left Kansas that Mr. Springer sent an attorney to Michigan to make a final settlement with Mr. Pond, which settle-

ment was made and accepted.

This attorney wrote (and his letter was placed on file with the Governor) in substance that the object of the prosecution was to get something more out of Mr. Pond; and his

Excellency, Governor Winans, being quite fully convinced that the substance of the petition asking for a withdrawal of the warrant was true, canceled the same, and directed that Pond be discharged.

I attended the hearing on the writ of habeas corpus to sustain the Governor's warrant, and was also present at the hearing on the application to withdraw the same; and while I am perfectly satisfied that Mr. Pond ought not to have been discharged by reason of any legal technicality in the papers, yet I believe the decision reached by Governor Winans, upon the hearing of the facts as to the object of the extradition, would have been fully sustained by your excellency, had you been recent at the hearing. have been fully sustained by your excellency, had you been present at the hearing. Very respectfully.

> A. A. ELLIS, Attorney General.

The result appeared to be satisfactory to the governor of Kansas, as appears by his letter to the Attorney General, which was substantially in the following form:

> STATE OF KANSAS, Governor's Office.

HON. A. A. Ellis, Attorney General, Lansing, Mich.:

DEAR SIR—I acknowledge receipt of your letter. The papers in the C. V. R. Pond case were examined and approved by the attorney general, and disclosed facts justifying extradition proceedings. If, however, it was established to the satisfaction of Governor Winans and yourself that the object of the prosecution was to compromise or simply get more money out of Pond, I fully acquiesce in the decision of his Excellency to withdraw the warrant.

Very respectfully,

LYMAN U. HUMPHREY,

Governor of Kansas.

MANDAMUS PROCEEDINGS PENDING.

Auditor General of the State of Michigan vs. the Board of Supervisors of Allegan county.

To compel apportionment of indebtedness due the State.

Isaac F. Lamoreaux vs. the Attorney General.

Mandamus to compel the filing of an information against the sheriff of Kent county.

QUO WARRANTO PROCEEDINGS PENDING.

The People ex rel. Attorney General vs. the National Loan and Investment Company.

Information to test the powers of the company.

Attorney General vs. The Toledo, Ann Arbor & North Michigan R'y Co.

SCHEDULE C.

This schedule contains a list of all chancery cases commenced or completed between July 1, 1890 and July 1, 1891, and cases now pending, in which the State is directly interested.

The People vs. the Phœnix Accident and Aid Association.

This case was heard upon the bill taken as confessed in the Wayne circuit. The bill charged that said company was insolvent, and was not conducting its business in compliance with the act under which it was organized. A decree was entered July 25, 1890, that the franchises of the association be forfeited, and that Joseph M. Weiss be appointed receiver, and the affairs of the company wound up.

State of Michigan vs. Edward W. Sparrow, et al.

This is an information in chancery to cancel certain patents alleged to have been improvidently issued by the State. A decree was obtained by the State in the Ingham County Circuit Court, and the defendants appealed to the Supreme Court. On June 29, 1891, the case was argued and submitted in the Supreme Court, A. A. Ellis, Attorney General, appearing for the State, and Frank E. Robson and Isaac Marston appearing for the defendants.

Auditor General vs. Adolph Slowman.

This was a petition by the Auditor General under the tax law of 1889, to foreclose a lien for State and County taxes of 1887. A decree was rendered against defendant in the Wayne Circuit Court. He appealed to Supreme Court and decree was affirmed.

The first question involved in this case was the constitutionality of the tax law of 1889. It was alleged that the law was unconstitutional for the

following reasons:

First, It provided for advertising and sale of lands before obtaining a decree:

Second, It cut off the right of trial by jury;
Third, It made the rulings of the Circuit Judge on admissions or exclusion of evidence, final;

Fourth, It deprived a party of his day in court; Fifth, It made the acts of the Court administrative and not judicial. The Court held the act constitutional, and cited in support thereof 54 Mich., 350; 20 N. W. Rep., 493, where State cases are discussed by

Cooley, C. J.

The second question was raised by respondent that the petition did not show the jurisdictional fact that no sale of the lands for the non-payment of taxes had been nade as contemplated by section 71 of the tax law of 1889.

As to the form of the petition it was held that it was prescribed by section 52 of said act, and it containing all the statutory requirements, was sufficient.

Reported in 47 N. W. Rep., 565.

Auditor General vs. Lake George & Muskegon River R. R. Co.

This was a bill in chancery to enforce tax lien. Decree was obtained by State and defendant appealed. Decree modified.

Several questions arose in this case;

First, The right of the Auditor General to file the bill. The Court

held that he had such right.

Second, Are railroad corporations excluded from the operation of act No. 64 of 1848, which provides for suit in chancery to enforce lien created by statute?

The Court held that they were not so excluded. Third, Did the remedy by suit in chancery exist?

It was held that sections 1220 and 1221 of Howell's Statutes did authorize such suit.

Fourth, Does the law create a lien on the engines and other rolling stock of the company?

Held, by the Court, that section 3362 ibid creates a lien upon the personal property of a corporation.

Fifth, When did the lien attach, and upon what property?

It was decided that the lien attached upon the filing of the Railroad Commissioner's computation with the Auditor General, and that the lien was in the nature of a mortgage, and included all the property of the company.

Sixth, Was the lien of the State lost by the laches of the Auditor

General?

The Court held that it was not.

The decree was so modified as to render Hume and Hackley, purchasers of the above named company, liable for the production of the property, which formerly belonged to the defendant company, to satisfy the tax liens for the years 1879 and 1880, and which came to their possession by virtue of the sale; and if they failed so to do, they would be held personally liable for the property destroyed or converted by them.

Reported in 46 N. W. Rep., 730.

Auditor General vs. Serena McLaulin.

This was a petition by the Auditor General for the sale of certain lands claimed to be delinquent. Decree was entered for the defendant in Wayne Circuit Court. Complainant appealed to Supreme Court. Decree affirmed. December 2, 1890, motion for rehearing was submitted.

The only question in this case was whether the Auditor General had a right to charge the one dollar upon land returned delinquent, as authorized

by section 52 of act 195 of the public acts of 1889, when payment was

tendered previous to filing of petition, advertisement and sale.

The Court held that the one dollar authorized to be included in the petition, could not be made a charge against the land before advertisement and sale, as there could not be any such costs until after publication of the petition.

Reported in 47 N. W. Rep., 233.

The State of Michigan vs. the Flint & Pere Marquette Railroad Com-

pany, et al.

This was an information filed by the Attorney General in the Circuit Court of Ingham county against the Flint & Pere Marquette Railway Company and certain other parties, trustees, to quiet the title to certain lands and to obtain an accounting for certain timber sold off from the lands claimed by the State of Michigan.

The case grew out of a dispute between the railroad companies and the State of Michigan relative to the rights of each in certain lands granted by the United States to the State of Michigan. The State of Michigan claiming that the railway company appropriated 15.370 acres of lands

claiming that the railway company appropriated 15,370 acres of lands granted to this State as swamp lands by the general government by the set of September 28, 1850.

act of September 28, 1850.

The railway company denied this claim, alleging and claiming that the lands described in the information were not swamp lands, but lands granted by the general government by the act of June 3, 1856, to the State of Michigan as a trustee, and that those lands were afterwards by the State of Michigan granted to the Flint & Pere Marquette Railway Company.

Case heard in the Circuit Court, as stated in a previous report, and the State obtained a decree substantially as asked. The case was appealed to the Supreme Court and argued and submitted at the January term, 1891,

and is not vet decided.

SCHEDULE D.

This schedule contains a list of *quo warranto* and other special proceedings, authorized by the Attorney General in the name of the State, but directed by and at the expense of the parties interested.

The People ex rel. James Hart et al. vs. Lawrence Cain et al.

Proceedings dismissed Dec. 24, 1890.

This was an information in the nature of a quo warranto filed in the Supreme Court, to test the right to office of certain policemen appointed by the Mayor and Common Council of the city of Adrian.

The information was demurred to by the respondents and the demurrer was sustained, and the proceedings dismissed with costs against the

relators.

The Court held that under the provisions of the charter of the city of Adrian, the position of policeman was not an "office" within section 21 providing that all officers appointed by the Mayor or Council shall, with certain exceptions, hold office till the ensuing May; and that the position of policeman was not such an office as would authorize an information by quo warranto by the Attorney General to test title to the office.

Reported in 47 N. W. Rep., 484.

Attorney General vs. Isaac B. Newcombe et al.

An information was filed in this case July 1, 1890, against the Michigan Gas' Company of Detroit, Mich. Various pleadings were filed and on Sept. 23, 1890, defendant filed affidavit of non-filing of replication and default was entered against the relators.

Attorney General vs. William H. Lennon. Quo warranto.

An information in this case was filed in the Supreme Court by the Attorney General to test the right of the respondent to the office of chief

of police of West Bay City.

Defendant was elected alderman of West Bay City for the term of two years. During his incumbency the office of chief of police was created. Nearly a year before the period for which he had been elected had expired, he resigned the office of alderman, and was appointed by the Common Council chief of police.

Two questions arose.

First, Was the office of chief of police under this charter, one which was properly the subject of this proceeding?

The Court held that under the charter the chief of police of West Bay City was a public officer and a proper subject of *quo warranto* proceedings, referring to the case of the People vs. Cain, 47 N. W. Rep., 484, as clearly distinguishable from the one under consideration.

Second, Was the respondent eligible at the time of his appointment?

The charter of the city provides that "No alderman shall be elected or appointed to any other office in the city during the term for which he was elected as alderman." Under this section of the charter, which is substantially the same as section 18 of article 4 of the constitution, the Court held that respondent was ineligible for appointment during the two years for which he was elected, and that these various provisions of the laws and constitution were not to limit the prohibition to the term of actual service, but to "the term for which he was elected" or for the period of two years from and after his election.

Reported in 49 N. W. Rep., 308.

QUO WARRANTO PROCEEDINGS PENDING.

Attorney General ex rel. Alfred Russell vs. Fleetwood Ward, et al.

This was an information filed in the Supreme Court the 7th day of December 1889, by the Attorney General, upon the relation of Alfred Russell of the city of Detroit, to test the right of the respondent to use and enjoy certain liberties, privileges and franchises, to-wit; that of being a body corporate by the name of the "Detroit Computing Scale Company" and also that of the manufacture and sale of weighing and price scales under the Pitrat patent, and the manufacture and sale of scales in general.

Said company claimed to be organized under and by virtue of act No. 232 of the public acts of 1885.

Attorney General ex rel. William H. Wilson vs. Pierre E. Witherspoon. This was an information in the nature of a quo warranto filed September 7, 1889, to test the right of Pierre E. Witherspoon of the village of Harrison. Clare county, Michigan, to hold the office of village president of said village of Harrison.

The People of the State of Michigan vs. The Detroit & Saline Plank

Road Company.

At the October term, 1890, the Supreme Court refused the Attorney General's application to file an information in the nature of a quo warranto against the respondents, basing their ruling upon the case of the People vs. Detroit & Howell Plank Road Company, 43 Mich., 140. The application, however, was renewed through a motion for a rehearing, and after a more thorough examination of the petition in this case and the Detroit & Howell Plank Road decision and the record, the court became satisfied that issues were presented upon this application which were not involved nor decided in the case referred to; and thereupon granted leave to file an information to test the right of the respondents to exercise and enjoy the liberties and privileges of levying, collecting and receiving tolls from all persons with vehicles, carriages, sleds, etc., using a certain road or highway from Woodward avenue in the city of Detroit to the village of Saline in the county of Washtenaw.

The People ex rel. Robert G. Elliott vs. Walter Bell.

This was an information in the nature of a quo warranto filed in the Supreme Court May 27, 1890 by the Attorney General upon the relation of Robert G. Elliott, to test the right of the respondent to hold the office of supervisor in the township of Burt, in the county of Alger and State of Michigan.

The People ex rel. Joseph M. Fuller vs. Lucian C. Palmer.

This was an information filed May 9, 1891, to test the right of the respondent to hold the office of Judge of Probate in the county of Montcalm.

The People ex rel. John R. McDonald, relator and appellant, vs. the Board of Supervisors of Alcona county et al., defendants and appellees.

This is an information filed in the Circuit Court for the county of Alcona by John R. McDonald against the board of supervisors of Alcona county, questioning the right of the board of supervisors to sell certain portions of the "county farm" of the county to members of the said board.

The respondents demurred to the information, and the Circuit Judge

sustained the demurrer.

On Feb. 24, 1891, a writ of error was taken out, and the case brought to Supreme Court.

The Attorney General ex rel. George C. Lawrence, relator, vs. David

Trombly, respondent.

This is an information in the nature of a quo warranto filed May 22, 1891, by the Attorney General upon the relation of George C. Lawrence, a resident freeholder and taxpayer of the county of Wayne, to test the right of the respondent, David Trombly, of the said county of Wayne, to hold the office of auditor of the county of Wayne.

SCHEDULE E.

This schedule contains a list of all chancery cases commenced or determined between July 1, 1890 and July 1, 1891, or pending in which some State officer has been made a party, and in which the State has some interest. These cases have been by the Attorney General referred to the Prosecuting Attorneys of the various counties in which they are pending, and left in their charge.

Eugene Carmel vs. Auditor General, et al.

Bill in chancery in Bay county.

John Banks vs. Henry H. Aplin, Auditor General, et al.

Bill in chancery in Sanilac county. John Hegler vs. Auditor General et al.

Bill in chancery in Sanilac county.

John O'Neal et al. vs. Auditor General et al.

Bill in chancery in Saginaw county.

John M. Longyear et al. vs. Auditor General et al.

Bill in chancery for the county of Iron.

The Lake Superior Ship Canal Railway Company et al. vs. the Township of Carp Lake, et al.

Bill in chancery in Ontonagon county.

The Lake Superior Ship Canal Railway Company et al. vs. the Township of Bessemer et al.

Bill in chancery in Gogebic county.

H. Whitbeck Company et al. vs. Township of Menominee et al.

Bill in chancery in Menominee county.

H. Whitbeck Company et al. vs. the Township of Norway et al.

Bill in chancery in Menominee county.

Eugene M. Joslin et al. vs. City of Saginaw et al.

Bill in chancery in Saginaw county.

The Lake Superior Ship Canal Railway & Iron Co. vs. the Township of Hancock et al.

Bill in chancery in Houghton county.

Henry Steller et al. vs. City of Saginaw et. al.

Bill in chancery for Saginaw county.

Henry Bernhard et al. vs. City of Saginaw et al.

Bill in chancery, Saginaw Circuit Court.

Alexander Arcon et al. vs. City of Saginaw et al.

Bill in chancery, Saginaw Circuit Court.

Attorney General ex rel. E. W. Voight et al. vs. The Detroit, Birmingham Plank Road Company.

Bill to enjoin collection of toll. This is without expense to the State.

George F. Gillman, as Adm'r, vs. George M. Dayton, et al.

Bill in chancery for Ingham County Circuit Court, wherein Edwin B. Winans, Governor, and Daniel E. Soper, Secretary of State, are made nominal defendants.

Frank M. Clay Exr. vs. Auditor General. Bill in chancery for Gratiot Circuit Court.

A. C. Maxwell vs. Auditor General.

Bill to restrain payment of certain moneys, Roscommon Circuit Court.

Б

SCHEDULE F.

This schedule contains a statement of all moneys received by the Attorne? General by way of debts due or penalties forfeited to the people of this State, or otherwise, and which have been paid into the State treasury, including the titles of all actions and proceedings in which said moneys were received:

In the matter of Austin Mereness, an indigent soldier.

Austin Mereness was on the 9th day of September, 1875, admitted to the Kalamazoo asylum by an order of the State military board, under and by virtue of Act No. 8 of the Public Acts of 1875, to be there maintained at

the expense of the State as an indigent soldier.

In 1888 Mereness obtained a pension amounting to about thirteen thousand dollars, together with \$72 per month for each month thereafter. In the spring of 1891, the Attorney General obtained an order of the military board setting aside their order of September 9, 1875; subsequently the friends of Mereness, who resided in Wisconsin, desired his transfer. The Attorney General made a claim against his property for his care and maintenance during the time he was in the asylum.

After a consultation with the Governor, it being an open question as to whether the State had a valid legal claim, the Attorney General, on the recommendation of the Governor, compromised the claim for \$1,250.

SCHEDULE G.

This schedule contains a list of insurance companies whose articles of association or amendments thereto were approved by the Attorney General between July 1, 1890, and July 1, 1891:

Farmers' Mutual Fire Insurance Company of Otsego, Crawford and

Roscommon counties. Charter approved July 11, 1890.

Saginaw Valley Mutual Fire Insurance Company. Charter approved August 29, 1890.

Farmers' Mutual Fire Insurance Company of Ionia county. Amend-

ments approved January 20, 1891.

Michigan Mutual Live Stock Insurance Company of Cadillac. approved March 18, 1891.

Detroit Fire and Marine Insurance Company. Amendments approved

March 25, 1891.

Independent Order of Foresters of the United States. Charter approved March 29, 1891.

People's Mutual Fire Insurance Company of Ionia, Montcalm and Clin-

ton counties. Amendments approved April 7, 1891.

Michigan Mutual Live Stock Insurance Association. Charter approved April 28, 1891.

People's Mutual Live Stock Insurance Company of Michigan. Charter approved April 30, 1891.

German Farmers' Mutual Fire Insurance Association of Wayne and Macomb counties. Amendments approved May 5, 1891.

Farmers' Mutual Fire Insurance Company of Alcona, Alpena and Montmorency counties. Charter approved June 15, 1891.

SCHEDULE H.

Total number prosecutions, 15,747; total number convictions, 9,812.

Charged with.	No.	Result and Punishment.
Abduction	10	Seven dismissed; \$ pending.
Abortion	4	Two convicted; 1 dismissed; 1 pending; 1 sentenced to the Detroit House of Correction for 1 year; 1 sentence suspended.
Adultery	79	Six convicted; 6 acquitted; 35 diamissed; 25 pending; 4 recognizance forfeited; 6 sentenced as follows: 1 fined \$200; 1 sent to the county isil for 6 months; 1 sent to the Detroit House of Correction for 1 year; 1 sent to the State House of Correction 1 year; 1 sent to the State Prison at Marquette for 1 year; 1 sent to the State Prison at Jackson for 2 years.
Aiding and assisting prisoners to escape	7	Three convicted; 1 acquitted; 3 dismissed; 1 pending; 8 sentenced as follows: 1 fined \$25; 1 sent to the county jail for 90 days; 1 sent to the State Prison at Jackson for 8 years.
Arson	40	Three convicted; 8 acquitted; 18 dismissed; 11 pending; 8 sentenced as follows: 2 sent to the State Prison at Jackson for 8 years, and 1 for 10 years.
Assault and battery	2,504	One thousand six hundred ninety-five convicted: 306 acquitted; 455 dismissed; 30 pending; 15 appeals; 3 secapes; 69 sentence suspended; 1.636 sentenced as follows: 127 fined costs; 121 fined \$1; 70 fined \$2; 65 fined \$3; 38 fined \$4; 454 fined \$5; 8 fined \$6; 11 fined \$7; 6 fined \$3; 1 fined \$9; 100 fined \$10; 60 fined \$15; 44 fined \$30; 41 fined \$25; 6 fined \$30; 2 fined \$35; 3 fined \$6; 11 fined \$45; 10 fined \$30; 3 fined \$75; 1 fined \$30; 3 fined \$45; 10 fined \$30; 3 fined \$75; 1 fined \$30; 3 fined \$45; 10 fined \$30; 3 fined \$75; 1 fined \$30; 3 fined \$45; 10 fined \$30; 3 fined \$75; 1 fined \$30; 3 fined \$45; 10 fined \$30; 3 fined \$45; 10 fined \$30; 3 fined \$75; 1 fined \$30; 3 fined \$45; 10 fined \$30; 3 fined \$75; 1 fined \$30; 3 fined \$45; 10 fined \$30; 3 fined \$75; 10 fined \$30; 3 fined \$75; 10 fined \$30; 3 fined \$75; 10 fined \$30; 3 fined \$75; 10 fined \$30; 3 fined \$75; 10 fined \$30; 3 fined \$75; 10 fined \$30; 3 fined \$75; 10 fined \$30; 3 fined \$75; 10 fined \$30; 3 fined \$75; 10 fined \$30; 3 fined \$75; 10 fined \$30; 3 fined \$75; 10 fined \$30; 3 fined \$75; 10 fined \$30; 3 fined \$75; 10 fined \$30; 3 fined \$75; 10 fined \$30; 3 fine
than the crime of murder	136	Forty-three convicted; 12 acquitted: % dismissed; 2 appeals; 44 pending; on 3 sentence suspended; 40 sentenced as follows: 1 fined \$15; 1 fined \$25; 1 fined \$90; 1 fined \$10; 8 fined \$50; 2 fined \$25; 1 fined \$100; 1 sent to the county jail for 90 days; 1 for 40 days, 1 for 60 days, 6 for 90 days; 1 sent to the Reform School; 1 sent to the Detroit House of Correction for 90 days; 2 sent to the State House of Correction at Ionia for 1 year, 2 for 2 years, 1 for 10 years; 2 sent to the State Prison at Marquette for 3 years, and 1 for 5 years, 1 sent to the State Prison at Jackson for 2 years, 1 for 3 years, 2 for 5 years, and 1 for 6 years.
Assault with intent to commit rape	56	Sixteen convicted; 1 acquitted; 16 dismissed; 2: pending; 16 sentenced as follows: 1 fined \$75: 1 sent to the State House of Correction at Ionis for 90 days, 1 sent for 1 year, 1 sent for 2 years, 1 sent for 3 years; 1 sent to the Detroit House of Correction for 5 years; 1 sent to the State Prison at Marquette for 1% years, 1 sent for 5 years, 1 sent for 10 years; 1 sent for 10 years, 2 sent for 10 years, 2 sent for 5 years, 1 sent for 5 years, 1 sent for 5 years, 2 sent for 5 years, 1 sent for 5 years, 2 sent for 5 years, 1 sent for 5 years, 2 for 8 years, and 2 for 10 years.

ATTORNEY GENERAL

SCHEDULE J.

OPINIONS OF THE ATTORNEY GENERAL.

Justices of the Peace.—Oath of Office.

The office of Justice of the Peace, under the provisions of Sections 728 and 649 of Howell's Statutes, will became vacant upon the failure of the person elected to take and subscribe and file his oath of office and bond as required by Sections 767 and 768 of Howell's Statutes.

Lansing, Mich., July 12, 1890.

Hon. Francis B. Egan, Dep. Sec. of State, Lansing, Mich.:

DEAR SIE-In reply to your inquiry as to whether or not the office of justice of the peace will become vacant upon failure of the person elected to take and subscribe and file his oath of office and bond as required by sections 767 and 768 of Howell's Annotated Statutes, permit me to say that in my opinion the office will become vacant upon such failure. Section 728 of Howell's Statutes provides that, "every township office, including the office of justice of the peace, shall become vacant upon the happening of either of the events specified in chapter 15, as creating a vacancy. provisions of chapter 15 referred to in section 728 are contained in section 649 of Howell's Statutes, by the terms of which "every office shall become vacant on * * * his (the incumbent's) refusal or neglect to take his oath of office or to give or renew any official bond or to deposit such oath or bond in the manner and within the time prescribed by law." general rule is that such statutes are directory and not mandatory, and that where an officer takes an office by election, the election invests him with the title to the office, and that the statute requiring him to file his bond and oath within a certain time operates as a defeasance, and not as a condition precedent, and that where the bond and oath are filed after the expiration of the time and accepted by the authorities, authorized to accept the bond and oath, his title to the office cannot thereafter be questioned. But our statute is peculiar and is not to be controlled, I think, by the general rule, the neglect or refusal to take the oath or to give or renew the bond or to deposit the oath or bond in the manner and within the time prescribed by law, being placed by statute upon the same basis as the other events in the statute upon which the office is to become vacant, viz., the death of the incumbent, his resignation, his removal from office, etc., events which "ipso facto" render the office vacant.

Very truly yours,

JAY P. LEE,

Assistant to Attorney General.

Practice.—Hearing.

Practice under the tax law of 1889 where the hearing has been continued beyond the date of sale fixed in the notice of the Auditor General.

Lansing, Mich., July 12, 1890.

HON. H. R. PRATT, Dep. Aud. Gen'l, Lansing, Mich.:

DEAR SIE—I have had under consideration the letter of Mr. Watts S. Humphrey of Cheboygan, in relation to the practice under the tax law in cases where the hearing has been continued beyond the date of sale fixed in the notice of the Auditor General, and have arrived at the following conclusions:

1st. The day of sale will be such as may be fixed by the Auditor General, and the sale will take place after a publication of notice of at least four weeks as provided in section 62.

2d. I am inclined to believe that under the law, interest might be decreed in terms to the day of the sale, but as there is some doubt about it the safer and better way is to compute interest to the time of the decree.

3d and 4th. The form of the decree is to be such as may be determined by the court, and I think the decree may follow the form prescribed in section 57 down to the clause following the clause: "It is ordered, adjudged and decreed." After that the decree will follow, in my judgment, the ordinary chancery decree conforming to the facts and case. I am of opinion that the land should be described, not as provided in section 57 (that is by reference to the record), but in terms of survey, and that the amount of taxes, interest and charges should be named in the decree. I think such is the reasonable construction of section 59.

5th. The original decree should remain in the office of the clerk, a certified copy being delivered by the clerk to the treasurer as provided in

section 59.

6th. I find no provision for notice to the Auditor General that a decree has been made in such cases, but it would be proper for the clerk to notify the Auditor General, upon which notice he may obtain a copy of the decree or decrees which will give him the information necessary to proceed to advertise and sell.

Very truly yours,

JAY P. LEE,

Assistant to Attorney General.

Railroads.—Taxation.

Railroads with branches, which are run, not as proprietary lines, but as a part of the main line, should not be taxed separately, but as one line.

Lansing, Mich., Aug. 1, 1890.

HON. JOHN T. RICH, Com'r of Railroads, Lansing, Mich.:

DEAR SIR—In relation to the matter of taxation of the Flint & Pere Marquette Ry., and its branch formerly known as the Port Huron & Northwestern, submitted to me some days ago, permit me to say that under your statement of fact, viz., that the Flint & Pere Marquette operates and controls the branch line (Port Huron & Northwestern) not as a propri-

etary line, but as a part of its own and as belonging to the Flint & Pere Marquette Railway Company and as part of its property, I am of opinion that the Port Huron & Northwestern branch should not be taxed separately but as a part of the Flint & Pere Marquette line.

Very truly yours,
B. W. HUSTON,
Attorney General.
Per JAY P. LEE,
Assistant.

Right of Way.—Turning Stock Upon.

Private individuals have no right to turn stock upon the right of way of a railroad company.

Lansing, Mich., Aug. 8, 1890.

HON. JOHN T. RICH, Com'r of Railroads, Lansing, Mich.:

Dear Sir—In reply to your communication of the 5th inst. in relation to the liability of J. C. Newhouse for turning stock upon the right of way of the C. & W. M. Ry., permit me to say that I have examined the statutory provision referred to in your letter with considerable care, and that while I think there is considerable doubt as to whether or not the provision referred to is covered by the title of the act, which is as follows: "An act to revise the laws providing for the incorporation of railroad companies, and to regulate the running and management, and to fix the duties and liabilities of all railroad and other corporations owning or operating any railroad in this State," still the public interest is of such importance and the danger to the public, by reason of such conduct, is so great, that I think, if Mr. Newhouse has been fully informed of the provisions of the statute, a complaint ought to be made against him, because if the act in this regard be unconstitutional it is well that it should be passed upon by the court, that the Legislature may, at the earliest possible moment, pass a law which will protect the public.

Very truly yours,
B. W. HUSTON,
Attorney General.
Per Jay P. Lee,
Assistant.

Organizations.—Incorporation of.

Certain organizations cannot be legally incorporated under act No. 70 of the laws of 1887.

Lansing, Mich., Aug. 13, 1890.

HON. GILBERT R. OSMUN, Sec. of State, Lansing, Mich.:

DEAR SIR—In reply to your inquiry of the 12th inst. as to the articles of association of the Ludington Park Association, of Ludington, Mich., will say that in my opinion an association organized for the purposes

expressed in the second article in the articles of association submitted, cannot legally be incorporated under act No. 70 of the public acts of 1887.

Very respectfully yours,
B. W. HUSTON,
Attorney General.
Per JAY P. LEE,
Assistant.

Prosecuting Attorneys.—Issuing Warrants.

A prosecuting attorney is justified in refusing to issue a warrant, when under the circumstances, a conviction would be practically impossible.

Lansing, Mich., Aug. 15, 1890.

HON. CYRUS G. LUCE, Gov. State of Michigan, Lansing, Mich.:

My Dear Sir—I have examined carefully the petition of Mary H. Cross for the removal of Wm. E. Ware, prosecuting attorney of Branch county, from office, and will say that in my opinion the petition sets up no breach of duty of the prosecuting attorney, and no investigation should be made upon such a petition. If a complaint had been made, and the prosecutor, under the facts set up in the petition as to the offense charged to have been committed, had refused to prosecute, it is probable that his conduct would be entirely proper, as a conviction under such circumstances would be practically impossible, and the expense of the trial unwarranted.

Very respectfully yours,
B. W. HUSTON,
Attorney General.
Per Jay P. Lee,

Assistant.

Truancy.—Arrest of Juveniles.—Examination of Testimony.

Under act 108 of the public acts of 1885, as amended by act 218 of the public acts of 1889, a child must be arrested at the time the offense is committed, and not afterwards, as the purpose of the act is to prevent truancy, and the compulsory education of the child.

Under sections 2 and 3 of act 222 of the laws of 1887, the Circuit Judge is not required to examine the proceedings and testimony.

Lansing, Mich., Aug. 15, 1890.

HON. C. A. GOWER, Supt. State Reform School, Lansing, Mich.:

Dear Sir—In reply to your inquiry of the 6th inst. concerning the construction of act No. 108 of the public acts of 1885, as amended by act No. 218 of the public acts of 1889, also act No. 222 of the public acts of 1887, will say that in my opinion the child can only be arrested at the time the offense is committed, that is to say, no arrest should be made for acts committed some time in the past, the purpose of the act being the prevention of truancy and the compulsory education of the child, and the object to be obtained by the enforcement of the statute being directly the benefit of the child, and not restraint. Any other construction placed upon this statute makes it punitory and not remedial. In regard to the

construction of sections 2 and 3 of act No. 222 of the public acts of 1887, I am of opinion that the Circuit or Probate Judge is not required to examine the proceedings and testimony. Section three has reference, I think, to the proceedings upon the trial before the justice. I am of opinion, also, that no approval, by the Circuit or Probate Judge, is necessary under act No. 218 of the public acts of 1889.

Very truly yours,

B. W. HUSTON,
Attorney General.
Per JAY P. LEE,
Assistant.

Department of State.—Certain Rules in.

Under section 5345 of Howell's Statutes, the rule established by the Department of State requiring that certificates of assignment in certain cases should comply with the statutory provision relative to deeds executed in other states or territories is a reasonable one, and should be complied with.

Lansing, Mich., Aug. 20, 1890.

Hon. Francis B. Egan, Dep. Sec. of State, Lansing, Mich.:

DEAR SIR—I have examined the matter submitted to me by yourself and Hon. O. M. Barnes, in relation to the sufficiency of certificates of Cyrus W. Neal, attached to the acknowledgment of Rosetta M. Brown and Mary E. Brown, taken before Wm. H. Irvine in the state of Indiana, upon the assignment of State building land certificate No. 14,647, and will say that, in view of section 5345 of Howell's Statutes, in my opinion the rule established by the department, requiring the certificate to comply with the statutory provision in relation to deeds executed in other states or territories, is a reasonable one, and that where such certificate can be obtained it ought to be required.

Very truly yours,
B. W. HUSTON,
Attorney General.
Per JAY P. LEE,
Assistant.

Articles of Association.—Filing.—Capital Stock.

The Secretary of State is not authorized to allow the filing of articles of association of companies organized under act 35 of the laws of 1867, as amended, unless capital stock has been subscribed to the amount of \$25,000.

Lansing, Mich., Sept. 5, 1890.

HON. GILBERT R. OSMUN, Sec. of State, Lansing, Mich.:

DEAR SIR—I have just received your letter of the 4th inst., asking for a construction of sections 4 and 5 of act No. 35 of the public acts of 1867, being sections 3539 and 3540 of Howell's Statutes, and will say that in my opinion the Secretary of State is not authorized to allow the filing of the articles of association of a company formed under the act, unless capital

stock to the amount of \$25,000.00 has been subscribed as required by the proviso of section 4. It was manifestly the intention of the Legislature, by the addition of the proviso in 1869, to require a capital stock of, at least, \$25,000.00, and I think it must be held that section 5, in so far as it conflicts with the proviso of section 4, was amended by implication.

Very truly yours,
B. W. HUSTON,
Attorney General.
Per JAY P. LEE,
Assistant.

Sufficiency of Affidavit.—Prosecuting Attorney.—Warrants.

An affidavit is not sufficient to authorize an investigation against a prosecuting attorney for refusing to issue a warrant, when it names no one for whom a warrant was requested, or fails to show that an offense had been committed.

Lansing, Mich., Sept. 23, 1890.

HON. CYRUS G. LUCE, Governor, Lansing, Mich.:

DEAR SIR—I have had under consideration the letter of Mr. F. L. Lord of Coldwater and the accompanying charges against Wm. E. Ware, prosecuting attorney of Branch county, submitted to me for an opinion as to the sufficiency of the charges and the propriety of an investigation. Mr. Ware is charged with a willful neglect of duty in refusing to authorize the issuing of a warrant. The affidavits name no one against whom a warrant was requested nor do they show that any offense has been committed by any one. The affidavits, upon which the Prosecuting Attorney reached his decision, show, if true, an arrangement between Clare and Hunt to deceive Messrs. Lord and Grosse as to the soundness of a horse, but the affidavits do not show that either Lord or Grosse was deceived.

The charges not only lack entirely the element of certainty required by the decisions of our Court in such cases, but they show that the decision of the prosecutor was the only proper one for him to make upon the facts submitted.

Very truly yours,
B. W. HUSTON,
Attorney General.

Assistant.

Articles of Association.—Filing of.

"Michigan Auxiliary Fire Alarm Company's" articles of association not:entitled to filing under the manufacturing law of this State.

Lansing, Oct. 6, 1890.

HON. GILBERT R. OSMUN, Sec'y of State, Lansing, Mich.:

DEAR SIR—I have before me your letter asking whether or not the articles of association of the "Michigan Auxiliary Fire Alarm Company" are entitled to filing under the manufacturing law of this State.

The purposes of the corporation as set out in article two, are as follows:

To acquire the right to manufacture, sell, introduce and operate the Gamewell Fire Alarm under patents owned by the Gamewell Auxiliary Fire Alarm Company in and throughout the State of Michigan, and to engage in the business of manufacturing, buying and selling the Gamewell Auxiliary Fire Alarm and introducing the Gamewell Auxiliary Fire Alarm system throughout the State of Michigan, and also to engage in the manufacturing of buying and selling and introducing throughout the State of Michigan, fire alarm apparatus of all kinds.

After consideration of the statute and the purposes above enumerated, I am satisfied that it is not competent for a corporation organized under the manufacturing law of this State to engage in the operation of the fire alarm, which this company purposes to manufacture. That the company can manufacture and sell fire alarm, and put it in ready to be operated, I have no question; but I am satisfied, as above stated, that the operation of the alarm after once put in, is beyond the scope of the statute, and that therefore, the articles ought to be rejected.

Very truly yours,
B. W. HUSTON,
Attorney General.
Per JAY P. Lee,
Assistant.

Highway Commissioner.—Civil Liability.—Prosecuting Attorney.

Where a highway commissioner has awarded certain persons road work to be done under contract, there being lower bids for the same improvements, he might render himself liable on his bond, but not to a criminal prosecution, and a prosecuting attorney properly refuses to take any action in the matter.

Lansing, Oct. 7, 1890.

HON. CYRUS G. LUCE, Governor, Lansing, Mich.:

DEAR SIR—I have had under consideration your reference of Oct. 2d, comprising a letter of T. P. Caukins, letters of Allen F. Rees, prosecuting attorney of Houghton county, and affidavits of Duncan McKinnon, Grant C. Birmingham and Wm. Angood in relation to the neglect of duty of the prosecuting attorney of Houghton county in refusing to take action, where the township board of Duncan township has illegally paid for certain services, and in refusing also to take action on behalf of the township, where the highway commissioner of said township has awarded to certain persons road work to be done under contract, where there were lower bids for the same improvements.

After a consideration of the facts set forth in the papers handed me, I am of the opinion that the position of the prosecuting attorney is correct, and that no official duty devolves upon him to take action in the premises. I am not able to find that the act of the commissioner complained of, is one which subjects him to any criminal prosecution, though he would doubtless be liable upon his bond for not faithfully performing the duties

of his office, if the facts stated in the affidavit are true.

Very truly yours,
B. W. HUSTON,
Attorney General.
Per JAY P. LEE,
Assistant.

Policemen. - Collection of Charges.

A private individual or corporation cannot furnish a policeman to watch property, and then collect the same from the township, although the township might authorize the employment of such policeman.

Lansing, Mich., Oct. 7, 1890.

JOHN J. McCarthy, Esq., Prosecuting Attorney, Mio, Mich.:

DEAR SIR—Your letter of September was received some days ago, but owing to the fact that the Attorney General was not here, and that I wished to confer with him before answering it, the answer has been delayed until now.

After a careful consideration of the question, and an examination of the case of Peninsular Iron Co. vs. Crystal Falls, 60 Mich., 512, we are of the opinion that the company is not entitled to compensation for money paid to the policemen. We think it likely that if the township saw fit to furnish a policeman, such action would be sustained by the Supreme Court, but we do not think that a private individual or the company could furnish a policeman, and then collect from the board or township, the pay, whatever amount they saw fit to pay for such services.

Very truly yours,

JAY P. LEE,

Assistant to Attorney General.

Booths. -- Construction of.

Under act No. 263, public acts of 1889, the construction of booths in townships where the number of voters is less than one hundred is discretionary with the township board, and cannot be demanded in case the officers decide not to require them.

Lansing, Mich., Oct. 13, 1890.

WM. D. Totten, Esq., Prosecuting Attorney, Kalkaska, Mich.:

DEAR SIR—Your letter of the 11th inst. asking a construction of section 20, act No. 263, public acts of 1889, is just received, and in reply will say that, in my opinion, the question of construction of booths in townships where the number of voters of is less than one hundred, is discretionary with the township board and officers whose duty it is to designate and prescribe the place of holding elections, and that booths cannot be demanded in case the officers decide not to require them.

Very truly yours,

B. W. HUSTON,
Attorney General.
Per Jay P. Lee,
Assistant to Attorney General.

Railroad Depot.—Removal of.—Railroad Commissioner.

A railroad company may move its depot, provided the village or community is not deprived of the facilities afforded by the company, and the Railroad Commissioner has no power to compel said company to restore it within the village limits.

Lansing, Nov. 11, 1890.

HON. JOHN T. RICH, Commissioner of Railroads, Lansing, Mich.:

DEAR SIR—I have had under consideration the petition referred with

your communication of the 6th inst., in relation to the corporate duties of the Toledo, Ann Arbor & North Michigan Railroad Company toward the

village of St. Louis.

The petition sets up that the company constructed its line to the village of St. Louis, and erected its passenger depot within the village; that the construction of the road to St. Louis was brought about by certain aid notes from the citizens along the line, which notes have been duly paid. After the construction of the passenger depot within the village the company moved its passenger depot to a point some half a mile outside the vil-

lage limits.

The communication refers to section 46 of act No. 174 of the laws of 1883 and act No. 275 of the laws of 1887 as defining the powers of the Commissioner in the premises. These sections are sections 84, 280 and 281 of the compilation made by you in 1889. From an examination of these sections I am unable to find that the Commissioner has any power to compel the company to restore its passenger depot within the village limits. The only authority given to the Commissioner by these sections is under section 281, and the authority given is to institute proceedings to recover a penalty, provided the facts are such as to warrant proceedings upon the part of the Commissioner. I am not satisfied from an examination of the facts contained in the communication that they are such as would authorize the Commissioner to act in the matter. I think under certain circumstances it would be perfectly proper for a railroad company to move its depot from one place to another, provided the city, village or community is not deprived of the facilities afforded by the company. I do not think that the statute was designed to prevent a company from making such subsequent arrangements as would operate to its convenience, if the arrangements so made did not interfere essentially with the convenience of the community, and, as intimated above, I cannot say from the facts submitted to you that the action of the company in this case is such an interference.

Yours very truly,
B. W. HUSTON,
Attorney General.
Per JAY P. LEE,
Assistant.

Mistake in Issuing Patent.—Correction.

Upon a proper showing that a mistake was made in the name of an applicant in issuing a patent, another patent may issue to correct the mistake.

Lansing, Nov. 11, 1890.

HON. FRANCIS B. EGAN, Deputy Secretary of State, Lansing, Mich.:

DEAR SIB—I have had under consideration your letter of Oct. 30th, which, however, was delivered at this office Nov. 8th, asking whether or not a patent should issue upon the corrected certificate No. 23392 to correct a patent previously issued to one E. Woodford by mistake, instead of T. Woodford, and will say that in my opinion the patent may be issued. The showing seems to be clearly made that there was a mistake in the name of the applicant for the first certificate and patent, and I can see no reason why, upon a sufficient showing of error, the mistake may not be corrected by the departments.

It would not be improper to insert in the patent a statement of the fact that the patent is issued to correct a patent previously issued, mentioning

the date of the issuing of the former patent.

I think it would be proper to issue the patent to Mr. Sparrow, the applicant, he having acquired all the rights and interest of the party to whom the patent should have been issued in the first instance.

Very truly yours, B. W. HUSTON, Attorney General. Per JAY P. LEE,

Assistant.

Proceedings to Recover Penalties.

This regards the authority of the Attorney General or Prosecuting Attorney of Gratiot county to institute proceedings in the name of the People for the recovery of certain penalties against the Toledo, Ann Arbor & North Michigan Railway Company.

Lansing, Nov. 14, 1890.

Hon. John T. Rich, Commissioner of Railroads, Lansing, Mich.:

DEAR SIR—I have had under consideration the petition, referred with your communication of the 6th inst, in relation to the corporate duties of the Toledo, Ann Arbor & North Michigan Railroad Company toward the village of St. Louis, in connection with your oral statements of the facts in regard to the local aid furnished by the property owners in the village of St. Louis to the effect that the local aid was subscribed with the understanding that the passenger depot was to be at the point where it was

first located within the limits of the village of St. Louis.

If the facts and circumstances are as you seem to think them to be by your oral statements you have the authority, in my opinion, under section 281 of the compilation of the general railroad laws, to call upon the Attorney General or the Prosecuting Attorney of Gratiot county to institute proceedings in the name of the people of the State of Michigan for the recovery of the penalty specified in section 46 of the same compilation, and to compel the restoration of the track of the company so abandoned, and the reopening for business of the station where it was located in the first instance.

> Yours very truly, B. W. HUSTON, Attorney General.

Board of State Canvassers.—Canvassing of Votes by.

This regards the canvassing of votes for Allen C. Adsit by the Board of State Canvassers. The question was decided by the Supreme Court in Adsit vs. Board of State Canvassers, 48 N. W. R. 31.

Lansing, Nov. 26, 1890.

Hon. Gilbert R. Osmun, Secretary of State, Lansing, Mich.:

My DEAR SIR—I have had under consideration the question submitted to me by yourself as to whether the Board of State Canvassers should can-

vass the votes cast for Allen C. Adsit for Judge of the Circuit Court for the 17th Judicial Circuit at the last general election, and will say that in my opinion the board ought to refuse to canvass the votes for two reasons:

First, Because no notice of any such election was given by the Secre-

tary of State;

Second, Because there was no law authorizing such an election.

I suggest to you that the record of the vote as returned to the Secretary of State should be filed in the office that it may be had in case of litigation.

Very truly yours,
B. W. HUSTON,
Attorney General.
Per JAY P. LEE,
Assistant to Attorney General.

Insurance policies.—Contract of insurance.—Enforcement of.

Certain provisions in the policies issued by the American Casualty Insurance and Security Company, of Baltimore, Md., unauthorized by the charter, and the contract of insurance could not be enforced in the courts of this State, for the reason that the employer, except in cases where he was *liable* for the injury of the employe, would have no insurable interest.

Lansing, Dec. 11, 1890.

HON. HENRY S. RAYMOND, Commissioner of Insurance, Lansing, Mich.:

DEAR SIR—I have had under consideration your letter of the 5th inst., asking for an opinion as to the legality of the second and third items of the contract of insurance of the American Casualty Insurance and Security Company, of Baltimore, Maryland, and whether the terms of the contract can be enforced in the courts in this State.

I have examined the copy of the charter of the company on file in your office and the statute, Act No. 237 of the Public Acts of 1881 as amended by the act of 1887, by the provisions of which the company is authorized to do do business in this State, and am satisfied that the provisions of the policy referred to are not authorized by the charter of the company. The only provision of the charter of the company authorizing insurance of this nature is as follows: "To make insurance against the liability of employers or others for injuries to their employes or to others." This does not authorize insurance against claims against the employer regardless of the nature of the accident whether or not it was of such nature that the employer would be liable for the injury. I think items four and five are open to the same objection.

Aside from the lack of authority contained in the charter of the company to make such insurance, I believe that such contract of insurance could not be enforced in the courts in this State for the reason that the employer, except in cases where he was *liable* for the injury to the employe, would have no insurable interest. The tendency of such insurance would be to make the employer careless of the lives and safety of his employes, and

would be manifestly against public policy.

Yours very truly,
JAY P. LEE,
Assistant to Attorney General.

Township Officers Guide.—Compilation of.

The compilation of the "Township Officers Guide" does not fall within the duties of the Secretary of State, and he had the power to contract for the work, and the State would be liable for the payment of the same when performed.

Lansing, Dec. 30, 1890.

HON. FRANCIS B. EGAN, Dep. Sec. of State, Lansing, Mich.:

DEAR SIR—I do not think the compilation of the "Township Officers Guide," provided for by act No. 197 of the public acts of 1889, falls within the usual and ordinary duties of the Secretary of State. It does not seem possible that the Legislature expected him to do the work personally, neither is it reasonable to suppose any clerk in his office would be a suitable person to perform this work.

I am of the opinion that the Secretary of State had the power to contract for the work, and the State would be liable for the payment of the same when performed; and that a claim for a reasonable compensation

ought to be allowed by the Board of State Auditors.

Very truly yours,
B. W. HUSTON,
Attorney General.

Selection of newspaper.—Revocation of selection.

The Auditor General has authority to revoke any selection that he or his predecessor may have made as to the paper that should publish the petition, notice of hearing, etc., in delinquent tax matters under the law of 1889.

Lansing, January 2, 1891.

HON. GEORGE W. STONE, Auditor General:

In reply to your question, "Has the Auditor General authority after he, or his predecessor, has selected a paper in which to publish a copy of petition, notice, etc. (as provided in section 54 of act No. 195, of Public Acts of 1889), and sent out copy and notice to such paper, to revoke such selection?" I have the honor to reply that I have carefully examined the provisions of the act, and am of the opinion that you possess the authority at any time, when you deem it expedient or for the interests of the State, to revoke any selection that you or your predecessor may have made as to the paper that should publish the petition, notice of hearing, etc., before the publication has commenced, provided, sufficient time shall elapse before the next term of the Circuit Court held in the county where said selection is revoked, to give four weeks notice of the hearing, after the order is changed, and prior to the first Monday of the following May.

The publication must be once in each week for four successive weeks, and the sale is to take place on the first Monday of May; hence, the notice of hearing must be for some term of the Court that occurs, or is in session, four weeks after the notice of hearing is given, and prior to the first Mon-

day in May following.

In case there is no term of circuit court at which the notice could be given, after the selection was revoked, you understand to revoke the order would necessarily postpone the sale. Just what effect this might have, it is unnecessary for me at this time to determine.

You have all the powers to act in the premises that your predecessor

would have had, had he continued in office, and at least, within the limits above given. You have perfect authority to make such orders, and revoke such selections, as you may deem expedient, and for the interests of the State.

Yours very truly,
A. A. ELLIS,
Attorney General.

Public Records.—Inspection.

The Auditor General has a legel right to answer any questions relating to any public records in his office, even if the persons inquiring have no special interest therein.

Lansing, Jan. 7, 1891.

HON. GEORGE W. STONE, Auditor General:

DEAR SIR—In reply to your question as to what information you are justified in giving to persons making inquiries at your office concerning State business, I would reply: It was formerly held by our Supreme Court that the special interest the person had in the subject inquired about, governs his right to information, and that no person had a right, solely from curiosity, to inquire of a public officer concerning the contents of the records in his office.

In the case of Burton vs. Tuite, 44 N. W. 285, the Supreme Court clearly overrule the doctrine of former cases. Among other things, Judge Morse says: "I do not think that any common law ever obtained in this free government that would deny to the people thereof the right of free access to, and public inspection of, public records. They have an interest always in such records, and I know of no law, written or unwritten, that provides that, before an inspection or examination of a public record is made, the citizen who wishes to make it must show some special interest in such record. I have a right, if I see fit, to examine the title of my neighbor's property, whether or not I have any interest in it, or intend ever to have. I also have the right to examine any title I see fit, recorded in the public offices, for purpose of selling such information, if I desire. No one has ever disputed the right of a lawyer to enter the Register's office, and examine the title of his client to land as recorded, or the title of the opponent of his client, and to charge his client for the information so This is done for private gain as the part of the lawyer's daily business, and by means of which, with other labors, he earns his bread."

This decision was on a special statute concerning county records, but the court goes further and overrules the case of Webber vs. Townley, 43

Mich., as to the common law doctrine.

Based on the above opinion of the Supreme Court of this State, it is my opinion that a State officer would be justified in giving information concerning any public records in his possession.

Respectfully,
A. A. ELLIS,
Attorney General.

Erection of Fish Shutes .- Expense of.

Counties are not chargeable with the expense of the erection and maintenance of fish shutes or ladders, but are chargeable only with the expense incurred in causing the erection of such shutes or ladders. The supervisor has no authority to construct these shutes or ladders himself.

Lansing, Jan. 8, 1891.

JAS. A. PARKINSON, Prosecuting Attorney, Jackson, Mich.:

DEAR SIR—In reply to your question concerning the construction of act No. 117 of Session Laws of 1883, as to whether the county, under this amendment, would be chargeable with the expense of the erection and maintenance of fish shutes or ladders; I would say that I do not understand that section 7, as amended, contemplates any such change in the law. When this section, as amended, is read in connection with section 5 (section 2153 of Howell's Statutes), it is clear that the expense referred to in section 7 as amended, relates only to the expense incurred in causing the owners to erect these shutes or ladders.

Section 5 makes it the duty of the owners or occupants to "cause to be erected" and "all such shutes or fish ladders shall be maintained and kept in good repair by the owners or occupants."

Section 7 as amended does not give the supervisor any authority to construct the shutes or ladders himself. There are only two things he can do:

First, "Upon the approval of the board he shall cause to be constructed by the owner of said dam a fish shute or ladder as provided by the terms of the act;" •

Second, He can prosecute in all cases where the law is not complied with. The law makes no provision for the supervisor to put the construction of these fish shutes into other hands, if the owner refuses or neglects to act, and expressly confines the right to prosecute for failure.

to act, and expressly confines the right to prosecute for failure.

The phrase "the expense thereof," after the duty fixed of causing the owner to construct, I think refers to the expense incurred in performing that duty, and as "inspector of dams," and has no reference to the expense of the shute or ladder itself.

Respectfully,
A. A. ELLIS,
Attorney General.

Lieutenant Governor.—Vote in Case of Tie.

The Lieutenant Governor can vote, when presiding, in all cases where there is an equal division, on all questions excepting bills and joint resolutions.

Lansing, Jan. 15, 1891.

HON. JOHN STRONG, Lieutenant Governor:

DEAR SIR—Your favor, by the Secretary of the Senate, requesting an opinion concerning the meaning of section 14, article 5, constitution, as to whether the right of the Lieutenant Governor to vote in case of a tie, is confined to times when the Senate is in committee of the whole, or applies in other cases, is received.

Article 5, section 14, provides, "The Lieutenant Governor shall, by virtue of his office, be President of the Senate. In committee of the

whole he may debate all questions and when there is an equal division, he

shall give the casting vote."

Article 4, section 19, provides, "No bill or joint resolution shall become a law without the concurrence of a majority of all the members elect to each house."

To allow the Lieutenant Governor to vote in case of a tie on the passage of a bill or joint resolution, would not get such a majority as is provided by the constitution, as the Lieutenant Governor is not one of the members elect provided for by this section.

Article 4, section 2, provides that "The Senate shall consist of thirty-two members." The Lieutenant Governor has only such right to vote as

given by the constitution.

The question really is, does the section 14 of article 5 apply to all questions on which there is a tie, excepting those mentioned in section 19 of article 4? Or does it apply only to an equal division in committee of the whole?

Usually in committee of the whole, a member is in the chair, and for what good reason could the clause be placed in the constitution to apply only in committee of the whole? If this clause applies only to the committee of the whole, with a literal construction, the Lieutenant Governor could vote in committee of the whole, in case of tie, whether he was in the chair or not. The clause certainly does not mean that the Lieutenant Governor can vote in committee of the whole in case of a tie, whether he is in the chair or not; such a proceeding in parliamentary practice is without any precedent. If the framers of the constitution intended to limit the right to vote simply to the committee of the whole, and thus to limit the authority of the President of the Senate far beyond the usual limit of the powers of such officers, it seems reasonable to conclude that the framers of the constitution would have made a clear statement of their intention.

Taking all the provisions together that apply to this matter, it is my opinion that the Lieutenant Governor can vote, when presiding, in all cases where there is an equal division on all questions, excepting bills and joint resolutions.

Very respectfully,
A. A. ELLIS,
Attorney General.

Expenses of Legislative Committees.—Duty of Presiding Officers.

Legislative committees, appointed to visit State institutions, are entitled only to actual expenses in addition to their usual fees. If the expenses are to be paid without a vote, the presiding officer has a right, and it is his duty to ascertain the actual expenses of members of committees.

Lansing, Jan. 24, 1891.

HON. JOHN STRONG, Lieutenant Governor:

DEAR SIR—I have examined the law relative to the question submitted

bv vou

It is my opinion that members of legislative committees, appointed to visit State institutions, are entitled to receive, in addition to their usual fees, their "actual expenses incurred for travel." (Sec. 67, Howell's Stat-

This would include transportation and their hotel expenses actu-

ally paid.

If it cost a member nothing for transportation, and nothing for his hotel expenses, he would not be entitled legally to anything in addition to his usual fees as a legislator. If a man travels free and is entertained free, he has no "actual expenses incurred for travel," and is not entitled to any

expense money.

If their expenses are to be paid without any vote of the Senate and simply on your certificate, (Sec. 66 and 67, Howell's Statutes), you have a right, and it is also your duty to ascertain what the actual expense is of each member of visiting committees from the Senate, incurred for travel, before you certify to such expense.

> Yours respectfully, A. A. ELLIS. Attorney General

Fees of Prosecuting Attorneys.—Mandamus Cases in Supreme Court.

Act No. 72 of the public acts of 1887 may apply to the questions involved in criminal cases removed to the Supreme Court by mandamus, and bills of prosecuting attorneys for services rendered in such cases may be allowed by the Board of State Auditors.

Lansing, Jan. 27, 1891.

To the Board of State Auditors:

GENTLEMEN-The bill of John E. Foley, prosecuting attorney of Calhoun county, has been referred to me by the clerk of your board for an official opinion as to whether or not the same is a legal claim against the State of Michigan.

The only question in this case is: . Does act No. 72 of the public acts of 1887 apply when a criminal case, or the questions involved in a criminal

case, are removed to the Supreme Court by mandamus.

Said act provides as follows: "That in all criminal proceedings removed to the Supreme Court, by appeal or otherwise, it shall be the duty of the prosecuting attorney of the county from whence any cause is so removed, to appear on behalf of the People therein, etc." The act further provides that the prosecuting attorney for such services shall have a "reasonable compensation, including his expense in travel," to be determined by the Board of State Auditors.

In the case in which Mr. Foley presents this bill, a criminal case was pending in the Circuit Court for Calhoun county. The defendant in that suit, by his attorney, made a motion to quash the information, which motion was denied by Judge Hooker. As the motion was denied, the defendant, by his attorney, came to the Supreme Court and asked said Court to grant a writ of mandamus to compel Judge Hooker to quash the information, or in other words, to grant defendant's motion. If the Court granted this writ the criminal case would be thrown out of court.

The proceeding by the Supreme Court, although in form against the Circuit Judge, is in fact a step in the criminal case, and the decision of the Supreme Court will either affirm a decision made by the Circuit Judge, or it will compel him to reverse it and discharge the respondent.

The Supreme Court is an appellate court, and has a right to bring before

Digitized by GOOGIC

it the proceedings of an inferior court by any appropriate writ. *Mandamus* is the appropriate remedy in a case like the one under consideration. If the defendant was entitled to his discharge, he was entitled to speedy relief.

Tawas, etc., R. R. vs. Iosco County Circuit Judge, 44 Mich., 471.

In the case of the People ex rel. Barrett vs. Bacon, 18 Mich., 247, the Supreme Court said: "When a mandamus issues to direct the action of a legal tribunal, proceeding in the course of justice, it is an exercise of supervisory judicial control, and is in the nature of an appellate action." So in this case, the action of the Supreme Court in granting an order against the court, was to all intents an appeal of an order that went to the very foundation of the criminal case. It brought all there was in the criminal case before the Supreme Court.

The statute under consideration provides not only for "cases" but "proceedings" that come to the Supreme Court, not only by appeal, but by

"appeal or otherwise."

I am clearly of the opinion that the Legislature intended by this act to give the Attorney General the assistance of the Prosecuting Attorney in all criminal proceedings, which are steps in criminal cases commenced in the several courts.

I cannot see any difference between the principles in this case and that decided by the Supreme Court in the case of George P. Hopkins vs. the Board of State Auditors. The case was decided in 1890. No opinion was filed.

In the above case the relator was Prosecuting Attorney of Kalamazoo county; one Henry Franklin had been convicted in the Kalamazoo Circuit

Court, and sentenced to the State Prison at Jackson.

Afterwards Franklin sued out a writ of habeas corpus in the Supreme Court; the relator, George P. Hopkins, as Prosecuting Attorney for Kalamazoo county, appeared in the Supreme Court and assisted the Attorney General; afterwards Hopkins presented his bill under act No. 72 to the Board of State Auditors. They disallowed his bill, solely on the ground that it did not come within the provisions of that act; and Hopkins applied to the Supreme Court for a writ of mandamus against the Board, and the writ was granted by the Supreme Court against the Board of State Auditors.

It is very unusual for the Supreme Court to interfere with the Board of State Auditors, and it is at least fair to presume that the Court found that the relator had a clear legal right, and that it was the duty of the Board to audit the claim, or they certainly would not have granted the writ.

In my judgment it is clear that by the words, "by appeal or otherwise," the Legislature intended to include proceedings of this class, and that the account of John E. Foley should be audited by your honorable Board.

Yours very truly,
A. A. ELLIS,
Attorney General.

Judge of Probate.—Increase of Salary.

Under sections 9012 and 9013 of Howell's Statutes, the Judge of Probate is entitled to increased pay on and after June 2, 1890.

STATE OF MICHIGAN, ATTORNEY GENERAL'S OFFICE, Lansing, Jan. 29, 1891.

FLOYD L. POST, Esq., Prosecuting Attorney, Midland, Mich.:

DEAR SIR—Your favor asking for my opinion as to the time when the Judge of Probate would be entitled to increased pay under sections 9012 and 9013 of Howell's Statutes, by reason of increase in the population, is received.

Section 9012 of Howell's Statutes provides, among other things, that "the amount of such salary to be paid to the Judge of Probate of the several counties shall be based upon and determined by the population of the respective counties as shown by each succeeding national or state census."

Section 9013 of Howell's Statutes gives the basis of computation. Chapter 319 of the U. S. Statutes of 1888-9, Sec. 1, page 760, provides "That a census of the population * * * shall be taken as of the date of June 1, 1890," and section 19 of the same chapter provides "That the enumeration required by this act shall commence on the first Monday of June, 1890, and be taken as of that date."

Under the U. S. Statutes above cited the population will be returned as Monday, June 2, 1890, and it is from that date that the Judge of Probate

will be entitled to compute his compensation.

Inquiry at the Secretary of State's office today revealed the fact that no official count of your county has yet been furnished to the State. A letter was shown me from the Census Bureau to the Secretary of State, stating that "The final official count of Michigan by counties will be available in a short time, and as soon as these figures are compiled, I shall report the same." I call your attention to this so that you may not take any action on non-official papers.

Respectfully,
A. A. ELLIS,
Attorney General.

Liquor law.—Bond to protect public.—Domestic wine.—Restrictions on sak.

The object of the bond required by section 8, act No. 313 of the laws of 1887, is to pretect the public against the unlawful sale of liquor, and to secure payment in case of injury or loss; and persons who raise grapes and manufacture them into wine and then sell to every one who will buy, should give bonds. Such persons would be guilty of a violation of the law if they sold to minors and to other persons named in the prohibited class in section 13.

STATE OF MICHIGAN, ATTORNEY GENERAL'S OPPICE, Lansing, Jan. 29, 1891.

ALEX. McKercher, Prosecuting Attorney, Leland, Mich.:

DEAR SIR—Your favor, asking for my opinion on a legal proposition, is received. I cannot better state the question than repeat what you say in your letter, as follows: "We have in this county quite a number of peo-

ple who raise grapes on a large scale. When they are unable to sell to advantage, they manufacture them into wine, and then sell to every one who will buy. This practice causes drunkenness and disturbance; the people generally supposing that the liquor law authorizes the sale and manufacture of cider and wine from fruit grown in this State, because section 2, act 313, laws of 1887, exempts them from the payment of the tax."

The questions are these: "Does not this law require these people to give the usual bond, and are they not restricted by the act, and to what extent?"

Section 8 of act 313 of the public acts of 1887, provides among other things: "Every person engaged in the sale of any spirituous, malt, brewed, fermented or vinuous liquors, except druggists, shall, before commencing such business * * * * make, execute and deliver to the county treasurer * * * a bond, the sufficiency of which shall be determined by the township board of the township, the council of the village or city in which such business is proposed to be carried on, to the people of the State of Michigan." Conditioned, "That he will not directly or indirectly, by himself, his clerk, agent or servant, at any time sell, furnish, give or deliver any spirituous, malt, brewed, fermented or vinous liquors * * * to a minor, nor to any adult person whatever, who is at the time intoxicated, nor any Indian, nor a person of Indian descent, nor to any person when forbidden in writing so to do * * and that he will pay all damages, actual or exemplary, that may be adjudged to any person or persons for injuries inflicted on him or them, either in person or property, or means of support or otherwise by reason of his selling, furnishing, giving or delivering any such liquors."

The object of this bond is to protect the public against the unlawful sale of liquor, and to secure payment in case of injury or loss. The principal

and sureties are both liable.

Prior to 1887, the liquor law providing for tax, and the law providing for bonds, was in two separate acts. The law of 1887 attempts to combine both of these features of the law. Section 2 divides the dealers in all kinds of liquors, including wine, in two classes, wholesale and retail. All persons who sell or offer for sale in quantities of more than three gallons, or more than one dozen quart bottles at one time, to any person or persons, are wholesale dealers; and retail dealers are those who sell by the drink, or in smaller quantities than those above given.

Two questions are submitted:

First, Does section 8 apply only to those who have started in the business as a business? It provides that, "before commencing such business,"

he shall give a bond.

It will be seen that section 8 of act No. 313 of the public acts of 1887, is almost an exact copy, so far as these provisions are concerned, of section 9 of act 259 of the public acts of 1881, and in the case of People vs. Kropp, 52 Mich. 582, the court held that "Selling a pint of liquor in a single instance without having given the bond required of liquor sellers is a violation of Howell's Statutes, Sec. 2270, whatever be the intent of the offender as to going into the business of liquor selling." This case would appear to be an adjudication of the point; but subsequently the court held in the case of Wildemarth vs. Cole, 77 Mich. 483, where it was sought to show that a sale of liquors was void, because made by the sheriff when no tax was paid or bond given, that "A sheriff, in making a sale

of intoxicating liquors under an execution, is not 'engaged in the business of selling intoxicating liquors' within either the letter or the spirit of the

liquor law of this State."

These cases are not quite in harmony, as the latter puts it on the theory that he is "not in business within the letter or spirit of the law," and the former holds that if he sold, he was guilty, and it was immaterial whether he was in the "business" or not.

Under the statement of facts, the parties who sell wine to "everyone who will buy" come within both the spirit and letter of the law, and in my

opinion are required to give bonds as is provided in section 8.

See also People vs. Foster, 64 Mich., 715.

Section 13 makes it unlawful to sell to minors, intoxicated persons, persons in the habit of getting intoxicated, and to Indians, and persons of Indian descent. And the intention clearly is to protect those persons from the hurtful influence of such beverages.

The liquor sold to a person of any of this class would injure such person just as much if furnished by a person who sold and furnished occasionally, as though furnished by one whose avowed business was the sale of intoxicating liquors; and would be just as clearly a violation of the spirit of the law.

I therefore conclude that any person who sells wine, as stated in the facts in this case, to any of the prohibited classes named in section 13,

would be guilty of violating the law.

Respectfully,
A. A. ELLIS,
Attorney General

Justices of the Peace.—Jurisdiction.—Order of Prosecuting Attorney.

Justices of the peace are not deprived of jurisdiction by issuing process in criminal cases before securing an order from the prosecuting attorney or taking security for costs.

STATE OF MICHIGAN, Attorney General's Office, Lansing, Jan. 30, 1891.

H. A. SANFORD, Prosecuting Attorney, Mt. Pleasant, Mich.:

DEAR SIR—Your favor received, asking whether, in my opinion, a conviction in justice court was good when no security for costs or order from prosecuting attorney was given as required by section 7135 a of Howell's Statutes in cases not excepted in the section, and whether defendant could

be legally imprisoned in county jail.

In the case of People vs Griswold, 64 Mich. 723, the court say, "While an omission to secure an order from the prosecuting attorney before issuing process in criminal cases might subject the magistrate to censure, and possibly, in some cases, to pecuniary injury and financial embarrassment, it was never intended to deprive the court of jurisdiction in any case; and whether the complaining party has given to the people security for costs in the case is a subject in which the respondent is not especially interested, and, if the people are satisfied to prosecute without such security, there is no reason why he should complain.

It would seem as though the construction by the Supreme Court as above

cited, clearly holds that the justice had jurisdiction, and the papers and proceedings being otherwise regular, it follows certainly that the party convicted could be punished in any manner provided by law, and if the law provided for imprisonment in the county jail, defendant could be so punished.

Yours truly,
A. A. ELLIS,
Attorney General.

Election Ballots.—Tickets, how Printed.—General Elections.—Township Meetings.

The ticket for Supreme Court judges and regents must be printed under the supervision of the Secretary of State. A spring election at which a Justice of the Supreme Court is elected, is a general election. The constitution provides for a "township meeting" and a "general election."

STATE OF MICHIGAN, ATTORNEY GENERAL'S OFFICE, Lansing, February 4, 1891.

LAWSON C. HOLDEN, Esq., City Attorney of Saginaw:

DEAR SIR—Your letter of January 26, asking me to advise you soon "whether the names of our candidates for Supreme Judges and regents must be on the same slip or ballot with the ward constables," is received.

Inasmuch as the same question has been asked by different township officers, as well as officers of the various cities of the State, in replying to you I desire my answer to cover the several townships in the State, as well as the wards in the several cities; and in this way let my answer to you be used as an answer to the various persons who are asking for my opinion concerning this matter.

The title of act No. 263 of the session laws of 1889 reads as follows: "An act to prescribe the manner of conducting, and to prevent fraud and decep-

tion at the general elections in this State."

Under the present law of the State of Michigan we have a biennial fall election which is denominated a general election. Section 137 of Howell's Statutes provides "that a general election shall be held in the several townships and wards of this State on the Tuesday succeeding the first Monday of November in the year 1852, and on the Tuesday succeeding the first Monday of November every second year thereafter, at which there shall be elected so many of the following officers as are to be chosen in such years respectively, that is to say, a Governor, Lieutenant Governor, Secretary of State, State Treasurer, Auditor General, Attorney General, Superintendent of Public Instruction, Commissioner of State Land Office, members of the State board of education, electors of president and vice-president of the United States, representatives in congress, senators and representatives in the State Legislature and the following county officers, viz.: Judges of probate, sheriff, clerk, treasurer, register of deeds, prosecuting attorney and such other officers as may by law be required to be elected at such general election."

Section 252 of Howell's Statutes provides "that a general election shall be held in the several townships and wards of this State on the first Monday in April, in the year 1863, and on the first Monday in April in every second year thereafter, for the election of regents of the University, who

shall enter on the 'duties of their office on the first day of January next

succeeding their election."

Section 6383 provides, "A general election shall be held in the several townships and wards of the State, on the first Monday in April, in the year 1857, and on the first Monday of April every second year thereafter, for the election of Judges or Justices of the Supreme Court."

It will be seen that the first section above cited, providing for a biennial fall election, not only makes it a general election, but expressly provides

what officers shall be elected at such election.

Section 252 above quoted, provides for the first election in the year 1863 and every two years thereafter. Section 6383 provides for the first election on the first Monday in April, 1857, and on the first Monday of April every second year thereafter. These last two sections provide that a general election, in substance, for the election of regents and Judges of the Supreme Court, shall take place on and after the first Monday of April, 1863; and it will be observed that the two sections last above quoted not only provide for the general election every two years, but expressly pro-

vides what officers shall be elected at such general elections.

In the case of Westinghausen vs. the People, 44 Mich., 265, Judge Campbell enters into a learned discussion of what is understood by general election, and among other things says: "It will be seen from all this that under the constitution there was only one election which was ever referred to as a general election, and that the term was used as identical with the November election, which was previously annual, and there-That was the only election held simultaneously by made biennial. throughout all the State for officers to represent the whole State. At that election the Governor and all the State officers throughout all the State, and the senators and representatives in the State Legislature, except in the Upper Peninsula, were chosen. The only other elections referred to were the annual town meetings and the sexennial circuit elections for circuit judges and regents, in which the upper Upper Peninsula was separated from the rest of the State for judicial purposes, and attached to Wayne county for the election of a regent for the third circuit." Further "It is hardly necessary to say that subsequent legislation could not change the meaning or effect of any part of the constitution."

Speaking of the construction that should be given to the term "general election," Judge Campbell further says (44 Mich., 272), "a question arose in the Legislature of 1859 whether the election for Supreme Court Judges was not the next general election. The opinion of Mr. Howard, as Attorney General, was asked, and he reported his views at length, holding that the November election was the only one at which amendments could be voted on." House Journal 1859, p. 123. After a full consideration of the matter this view was adopted as correct, and all the amendments which have since been acted on have been submitted in the same way, until in 1875 the Legislature adopted and submitted for action in 1876, when it was ratified, a change which followed submission to the people either in the spring or fall, as should be determined." Public Acts 1875, p. 310.

The constitution, article 20, section 2, knows but one general election, and that is the biennial election held in the fall. And yet since the amendment to the constitution in 1876 there has been a popular idea, generally accepted by the people, that the election held in the spring at which Judges of the Supreme Court and regents of the University were elected, were general elections, at least so far as these officers were concerned.

And in the case of the Attorney General vs. Burch, decided the present term of the Supreme Court, Judge Morse, in delivering the opinion of the court, uses this language:

"Any spring election at which Justices of the Supreme Court and regents of the University are elected is necessarily also a general elec-

tion, and is now so regarded."

Section 677 of Howell's Statutes provides: "The annual meeting of each township shall be held on the first Monday in April in each year, and at such meeting there shall be an election of the following officers: One supervisor, one township clerk, one treasurer, one school inspector, one commissioner of highways, so many justices of the peace as there are by law to be elected in the township, and so many constables as shall be ordered by the meeting, not exceeding four in number."

It will be seen that this section speaks of the meeting as "an annual

meeting in each township."

Section 10 of said act 263, of 1889, provides that a ballot shall be sealed up in an envelope and filed with the county clerk ten days preceding the election.

Section 677 of Howell's Statutes, above quoted, provides, among other things, that at township meetings the electors shall elect "so many constables as shall be ordered by the meeting, not exceeding four in number."

This provision gives the voters a right at the township meeting to determine the number of constables; how the ticket, to be printed ten days

previous, is to be filed with the county clerk?

Article two of the constitution, section one, provides for an annual township meeting on the first Monday of April, in each organized township, and provides for the election of "a supervisor, township clerk, commissioner of highways, township treasurer, school inspector, not exceeding four constables, and one overseer of highways for each highway district."

It will thus be seen that by the constitution of this State the town meeting is provided for, and the officers to be elected are severally mentioned.

Section 701 of Howell's Statutes provides: "At the election of officers required to be chosen by ballot at annual township meeting, the inspectors of election shall be the same as at the general election."

This section clearly makes a distinction between a township meeting and a general election. Otherwise the section would read, "Inspectors of

election shall be the same as at the other general elections."

The title of act No. 263 only applies to "general elections in this State;" and, although the general election and the several local elections and township meetings may occur at the same time, and are conducted by the same officers, the law does not require the general ticket to contain the names of local officers.

The constitution provides both for a "general election" and a "township meeting," and when these occur on the same day, it is the duty of the officers, who act both as local officers of the township and as inspectors of the general election, to so discharge the several duties imposed upon them that the interests of the people at large, and the local interests of the township, shall be fully protected.

The ticket containing the name of the Supreme Court Judge and regents of the University, being a general ticket must be printed under the super-

vision of the Secretary of State.

And inasmuch as it has been the custom in this State for years to print the names of candidates for circuit judges on the State ticket under the

head of judicial ticket, I would recommend that in those circuits where circuit judges are to be elected the names of the nominees be furnished to the Secretary of State by the proper local parties, and that the Secretary of State be requested to print the name of such candidate on the State ticket under the head of judicial ticket, giving the number of the circuit.

All those provisions of act 263 of the session laws of 1889 must be carried into effect by the local officers concerning the State ticket, and the provisions concerning booths and the manner of voting should be observed, as

near as may be, in voting any ticket at such election.

The inspectors at the general election being the same persons who have charge of the local elections, would have a right, and it would be their duty, to enforce the reasonable regulations of the general law as to the manner of voting the local ticket, for the purpose of protecting the good order and legality of the general ballot

Sufficient ballot boxes should be provided for the various tickets, so that the general ticket may be put in one box, the local ticket in another, and if there should be other tickets, that they may be placed in their respective

pozes

Respectfully submitted,
A. A. ELLIS,
Attorney General.

Relief of Indigent Soldiers.—Authority of Clerk.—Disposition of Relief Fund.

Under act 193 of the session laws of 1889 the township clerk can pay only such sums for the relief of needy soldiers as are determined by the soldier's relief commission and the township board. Amounts awarded must be paid monthly. The fund must not be exhausted by the payment to any one soldier, simply because no other application is then on file.

STATE OF MICHIGAN, Attorney General's Office, Lansing, Feb. 21, 1891.

JAMES E. DURDEN, Esq., Keelersville, Mich.:

DEAR SIR—Your favor asking my opinion concerning the manner of payment to soldiers out of the "Soldier's Relief Fund," and whether or not the township clerk can pay over to the only soldier in the township all of the money belonging to such fund, without orders from month to month from the soldier's relief commission, is duly received.

The law contemplates that the soldier's relief commission and the township board of the township shall meet together and determine who among the soldiers of such township as are reported as needy, are entitled to relief, and how much should be paid each month to each of such

soldiers.

This finding of the amount to be paid each month is then filed with the township clerk. The statement of course thus prepared by the soldier's relief commission and the township board of the township, will show definitely the amount of money that each soldier on the list is entitled to draw from the soldier's relief fund. After the fund is raised, the township clerk without further order from anybody, is authorized to issue his warrant, or order, each month on the township treasurer for the amount due to each person as appears by the list furnished him by the soldier's relief commission and the township board.

The township clerk can pay only such sums as are named in such list,

and must pay monthly.

He would not be authorized without direction by the soldier's relief commission and township board to pay over all of the money to any one person; and it is not the intention of the law that the money shall be paid faster than from month to month. By reference to section four of said act 193 of the session laws of 1889, it will be seen that the commission shall hear and determine all emergency petitions or claims for relief, and authorize the payment of the same if allowed. Claims are liable to be filed in any portion of the year; and I conclude from this that the statute does not contemplate that the relief commission and township board shall pay out all the money on hand at any one time, to any one soldier, simply because there are no other petitions then on file; but they should provide for the wants of the petitioner from time to time according to the best of their judgment, and as above stated. When they have once made an order as to the amount that shall be paid in each month, that order will remain in full force, and authorizes the clerk to issue his order on the treasurer during each following month in that year unless otherwise ordered by the soldier's relief commission and township board.

Very truly yours,
A. A. ELLIS,
Attorney General.

Salaries.—Right to Pay Officer de facto.—Remedy of Officer de jure.

Treasurers who are charged with the duty of paying official salaries have the right to rely upon the apparent title of an officer de facto, and cannot withhold payment of salary to such officer when demanded, even though notice to that effect is served on him by the officer de jure. Where the salary is paid to an officer de facto it can not be paid a second time to an officer de jure, and the right of action of the officer de jure for his salary is against the officer de facto.

STATE OF MICHIGAN, Attorney General's Office, Lansing, Feb. 23, 1891.

HON. FREDERICK BRAASTAD, State Treasurer, Lansing, Mich.:

DEAR SIR—Your favor by A. D. Garner, Esq., Deputy State Treasurer, concerning the claim of Allen C. Adsit against the State of Michigan, for salary as Circuit Judge of the 17th Judicial Circuit, from December 16, 1890, to February 5, 1891, asking my opinion as to whether you, as State

Treasurer, can legally pay the claim, is received and considered.

The facts bearing on the matter are briefly as follows: The Legislature of 1889, by act No. 97, provided for an additional Circuit Judge of the 17th Judicial Circuit; and declares that the additional office of Circuit Judge of such circuit, created by the act, should be vacant from the time the act took effect. "The said vacancy shall be filled by appointment by the Governor, the person so appointed to hold his office, provisionally, from the time of his appointment until the general election of township officers in the spring of eighteen hundred and ninety-three, or until his successor shall be elected; and the term for which said judge shall be appointed shall expire December 31, eighteen hundred ninety-three."

In compliance with the provisions of the said act, Governor Luce appointed Marsden C. Burch to fill the vacancy thus occasioned by this act.

It was contended that said act, so far as it attempted to appoint a Judge to hold over after a general election, was unconstitutional and void. And prior to the general election of November, 1890, request was made of the Secretary of State to give the notice provided by statute, that a Circuit Judge would be elected in such circuit at the general election of 1890. This notice the Secretary of State refused to give, and, thereupon, proceedings were taken by mandamus to compel such notice to be given; but no decision being had thereon, notice was given by publication and otherwise. And Allen C. Adsit was nominated to fill such vacancy, no person being nominated on the opposite ticket against him.

It was contended that the law providing for said Circuit Judge was not legally passed; and Hon. Benj. Huston, Attorney General, commenced quo warranto proceeding against Marsden C. Burch to test the legality of

the passage of said act.

After the election the Board of State Canvassers refused to canvass the votes for Allen C. Adsit; and thereupon a mandamus proceeding was commenced against such Board to compel them to canvass the vote and deliver

the certificate of election.

In the January term of 1890 the quo warranto proceeding and mandamus proceedings were heard before the Supreme Court. And the Supreme Court held in the quo warranto proceeding that the said law was legally passed; and that Marsden C. Burch was legally appointed by the Governor to fill the vacancy created by such act, but that such appointment could not extend over a general election; and that so much of said act as attempted to continue the appointment after the said election, was unconstitutional and void. And in the mandamus proceedings, decided on the 5th of February, 1891, the Court granted mandamus, commanding the Board of State Canvassers to canvass the votes cast for the said Allen C. Adsit. And thereupon after the canvassing of such vote, a certificate of election was duly delivered to said Allen C. Adsit as Circuit Judge, and he entered upon the discharge of the duties of the office.

On the 16th day of December, 1890, Allen C. Adsit qualified as Circuit Judge by taking his oath of office, and delivering the same to the Secretary of State. And on the 17th day of December, 1890, Mr. Adsit served

on the State Treasurer the following notice:

"Sir.—You are hereby notified that I have been duly elected and qualified Circuit Judge of the 17th Judicial Circuit, to fill the vacancy, in place of Marsden C. Burch, whose term of office has expired by constitutional limitation. You are further notified that I claim the salary attached to said office, from and after this date.

Respectfully, ALLEN C. ADSIT."

In December, 1890, and in January, 1891, Marsden C. Burch, while he was still occupying said office of Circuit Judge and performing the duties thereof, presented his account for salary of each of the said months, to the Auditor General, which was duly audited, and, thereupon, he was paid by the State Treasurer for the said respective months.

On the 13th day of February, 1891, Allen C. Adsit made written application for salary from the 16th day of December, 1890, to the 1st day of February, 1891. And afterwards during the same month, Marsden C. Burch made application to the State Treasurer for the salary from the 1st

to the 5th day of February, 1891.

Mr. Adsit now claims that if the State paid Mr. Burch after notice, he, the rightful occupant, cannot be deprived of his salary by reason thereof.

Under the decision of the Supreme Court Allen C. Adsit was duly elected to the office of Circuit Judge, and was entitled to the office from and after the time the State Canvassers canvassed the vote of the other officers in December, 1890. And as such officer, is legally entitled to all of the salary that accrued to such office from that time. Such appears to be the doctrine held by the Supreme Court of the State of Michigan. An official salary is not made dependent upon the amount of work done, and belongs to the office itself without regard to the personal service of the officer.

People vs. Miller, 24 Mich., 458.

Auditors of Wayne Co. vs. Benoit, 20 Mich., 176.

Comstock vs. Grand Rapids, 40 Mich., 397.

But while Mr. Adsit is entitled to the salary of this office, it does not follow that it must be paid a second time by the State of Michigan. As already stated, the salary for the months of December and January has been paid by the State Treasurer to Marsden C. Burch, during the time

that he was the actual incumbent of the office.

The title to an office can never be collaterally tried. The notice to the State Treasurer to withhold payment was nothing on which he could legally act. He had no authority to refuse payment to Marsden C. Burch. The duty devolving upon said State Treasurer to pay official salaries can not be safely performed unless he is justified in acting upon the apparent title of the actual incumbent. He has no right to withhold the salary of any officer occupying an office simply because some one gives him notice that he claims the same office. If he had such authority he would be vested with the authority to virtually test, at least to a limited extent, the right to hold an office.

Auditors of Wayne Co. vs. Benoit, 20 Mich., 176. Comstock vs. Grand Rapids, 40 Mich., 397. McVeany vs. Mayor, etc., N. Y., 80 N. Y., 185.

Dolan vs. Mayor, 68 N. Y., 274.

In the later case the Court says: "Disbursing officers charged with the duty of paying official salaries have, in the discharge of that duty, the right to rely upon the apparent title of an officer de facto and to treat him as an officer de jure without inquiring whether another has a better right."

While it is conceded that Allen C. Adsit was legally entitled to the salary, his right of action for all such sums as were paid to Mr. Burch while he held or withheld the office, is not against the State of Michigan,

but is against Marsden C. Burch.

The People vs. Miller, 24 Mich., 458.

McVeany vs. Mayor, etc., New York, 80 N. Y., 185.

Dolan vs. Mayor, 68 N. Y., 275.

Comstock vs. Grand Rapids, 40 Mich., 397.

All that portion of the salary unpaid on the 5th day of February, 1891, should be paid to Allen C. Adsit. You are under no legal obligations to, and should not, pay to Mr. Adsit any salary for any period for which you have already paid Marsden C. Burch.

Respectfully submitted,

A. A. ELLIS, Attorney General Agricultural College.—State Board of Agriculture.—Constitution.—Municipal Corporations.

Act 188 of the laws of 1861 to re-organize the Agricultural College of the State of Michigan, and to establish a State Board of Agriculture is not in violation of article 4, section 20, of the constitution. The corporation provided for by section 2 of this act is a municipal corporation and is not in violation of article 15, section 1, of the constitution.

> STATE OF MICHIGAN. ATTORNEY GENERAL'S OFFICE, Lansing, Feb 26, 1891.

To the House of Representatives of the State of Michigan:

A copy of your resolution requesting my opinion as to the constitutionality of act No. 188 of the laws of 1861, as amended, being the act incorporating the State Board of Agriculture, is received and considered.

As your resolution calls attention to no specific defect, I briefly refer to

the peculiar phraseology of the title:
Article 4, section 20, of the constitution provides, "No law shall

embrace more than one object, which shall be expressed in its title."

The title of the act referred to in your resolution is, "An act to re-organize the Agricultural College of the State of Michigan, and to establish a State Board of Agriculture." The title of the act does not clearly express the object of the law, but when read in connection with the facts and prior legislation, which called for its enactment, it appears more definite.

Article 13, section 11, of the constitution provides for an Agricultural School; and further, that it might be made a branch of the University.

In 1855, by act 130, entitled, "An act to establish a State Agricultural School," an Agricultural School was organized and placed under the charge of the State Board of Education. (See Laws of Michigan, 1855, page 279).

Afterwards in 1861, the Legislature, desiring to take the State Agricultural School out of the control of the State Board of Education and place it in charge of a special board, organized for that purpose, passed act 188. The title of act 188, if it clearly expressed the object of the act, would be, "An act to change the name of the State Agricultural School to State Agricultural College, and to provide for a board of control for such college, to be known as a State Board of Agriculture." This is really what was done by the act under consideration, and such has been the practical construction of this act for thirty years; and although the title is not as clear as it might have been, still I am of the opinion that it is sufficiently definite, and no reasonable objection could be urged to this act at this late day by reason of the imperfection of its title.

The interpretation of the men who passed this law, and the subsequent practical construction, should have great weight; contemporaneous interpretation indicates the understanding with which the people receive it at the time, and as the act has been in practical operation for so long a time, it is fair to presume that the title was interpreted by the people as clearly expressing the objects which are provided for in the body of the act.

Cooley's Const. Lim. 81.

Frey vs. Michie, 68 Mich., 325.

I therefore conclude that there can be no legal objection to this act on account of its title.

Second, Is the corporation provided for by section 2 of this act a

municipal corporation?

Article 15, section 1, of the constitution of Michigan provides, "Corporations may be formed under general laws, but shall not be created by special acts, except for municipal purposes." Act 188 is a special act, and hence the question: Is the corporation provided for by section 2 of the act a violation of this provision? The section provides, "The State Board of Agriculture shall be a body corporate, capable in law of suing and being sued, of taking, holding and selling personal and real estate, of contracting and being contracted with, of having and using a corporate seal, and of causing to be done all that is necessary to carry out the provisions of this act." Outside of this section, there is nothing in the act that would render it unconstitutional by reason of being in violation of article 15, section 1; that is, even though this section was unconstitutional, the balance of the act could stand, and whether section 2 is constitutional or not depends on the answer to the question, what does the constitution mean by "corporations for municipal purposes."

Municipal has been defined to mean that which belongs to a corporation or city, and to include all the rules or laws by which a particular district, community or nation is governed. It may also mean legal, particu-

lar, independent.

Black. Com., 44.

2 Kent, 275.

2 Burr. Law Dict., 215.

In the case of State vs. Leffingwell, 54 Mo., 475, in construing a clause in the constitution of the State of Missouri (section 4, article 8), which reads as follows: "Corporations may be formed under general laws, but shall not be created by special acts, except for municipal purposes," the court held, "A corporation for municipal purposes is either a municipality, such as a city or town, created expressly for self government, with delegated legislative powers; or it may be a subdivision of the State for governmental purposes. The phrase 'municipal purposes' was intended to embrace some of the functions of government."

Dill. Mun., Cor., 30-31.

Cooley's Const. Lim., Chap. 8.

Within the above definition, and included as "some of the functions of government" it can be well said that the education of the children of any community or State, and the promotion of the education of the people, is one of the most important interests and functions of government. The utility and durability of a popular government depends largely upon the

education of its people.

Under our constitution, the State University and the Agricultural College are expressly provided for. I do not believe that the framers of the constitution intended to use these words "municipal purposes" in any limited sense, but they intended to use them in a broad, comprehensive way, so that if the Legislature saw fit, it might, by special enactment, promote any object that is embraced within the province and functions of popular government. The Legislature, under the constitution, if it had judged best, might have placed the Agricultural College in charge of the Regents of the University, who are made by the constitution, a body corporate; and with equal propriety they had a right to provide for a board of managers for the purpose, as expressed in article 13, section 11,

of the constitution, to "encourage the promotion of intellectual, scien-

tific and agricultural improvement."

In construing the words "municipal purposes" in the case of Horton, Judge of Probate vs. Mobile School Commissioners, the Supreme Court of Alabama (43 Ala., 598), said, "the words 'municipal purposes' are not words of any definite, technical import, and they may be so construed as to apply to a corporation established to carry on the business of a public

free school, and to raise funds for its support."

The construction placed upon section 1 of article 15 of the constitution of this State, for a long series of years has been that any corporation organized for educational purposes came within the clause 'municipal purposes' and this intention is evidenced by many acts incorporating public schools. After an examination of the construction of similar clauses in other constitutions, and considering the practical construction that has been given to this clause in our constitution, I am clearly of the opinion that the corporation provided for in act 188 of the session laws of 1861, is "a municipal corporation," and that said act is constitutional.

Respectfully submitted,

A. A. ELLIS, Attorney General.

Township Treasurer.—Eligibility to Office.

Under section 751 of Howell's Statutes, which provides: "No person shall be eligible to the office of township treasurer for more than two years in succession." One who has held part of a term by appointment and a full term by election, is not entitled to re-election for a third term.

STATE OF MICHIGAN, Attorney General's Office, Lansing, March 4, 1891.

J. W. SEIGLMAN, Esq., Eagle River, Mich.:

DEAR SIR—Your favor duly received and considered.

Section 751 of Howell's Statutes provides, "No person shall be eligible to the office of township treasurer for more than two years in succession."

It would seem that the Legislature intended to so arrange this law that a person who had settled twice as a treasurer in succession should not be allowed a third term, probably to prevent loss, and to cause an actual "paying over" to a successor.

It is my opinion that, as you have already held a part of a term and a full term, and with next settlement, have settled twice, that you come

within the spirit of this law.

The section is not very clear, but certainly the Legislature did not mean to allow an election when a man would be disqualified by law before the term for which he was elected expired; and if this is so, they must have

intended to provide against more than two terms.

As you have already had one term in succession of a former term, a part of which you held as treasurer, it would seem to me to hold that you can again be elected would be putting a proviso, concerning appointments, in the statute that is not embraced within its letter or reason. I therefore conclude that you are not eligible under section 751 above referred to for a re-election this spring.

Respectfully,
A. A. ELLIS,
Attorney General

Contracts of Deposit.—State Moneys.—Charge for Transferring Funds.

The contract between the State Treasurer and the banks of deposit of State moneys does not authorize said banks to charge "for transferring funds." There is no precedent in banking business for paying a check in full and then charging exchange against the balance of a person's account.

STATE OF MICHIGAN, Attorney General's Office, Lansing, March 4, 1891.

A. D. GABNER, Esq., Deputy State Treasurer, Lansing, Mich.:

DEAR SIR-I have examined the two letters from the State bank of St.

Johns, to you; also their contract with the State Treasurer.

As I understand the case, Hon. George L. Maltz, ex-State Treasurer; made a check on said bank, and turned it over to the present Treasurer. The bank paid the check and now attempts to charge \$10.28 "for transfer-

ring funds to Detroit, January 6th."

The bank above named was made a public depository in 1889, under a written contract, and all the conditions are fully embraced in its terms. The bank agrees to pay all checks and the interest at 3 per cent. There is no warrant in the contract for making any charge for exchange or for transferring funds; neither is there any precedent in banking business for paying a check in full and then charging exchange against the balance of a person's account.

I am clearly of the opinion that the State bank of St. Johns has no legal

right to make the charge.

Yours truly,
A. A. ELLIS,
Attorney General.

Auditor General.-Withholding Lands from Sale.-Appearance in Court.

The Auditor General has no right under section 80 of act 195 of the Public Acts of 1889 to withhold tax lands from sale by reason of excessive taxes. Parties complaining of such excess should appear in court, and obtain such order as may be equitable in the premises.

STATE OF MICHIGAN, Attorney General's Office, Lansing, March 9, 1891.

To the Honorable, the Auditor General of the State of Michigan:

SIR—Your inquiry concerning the highway taxes on lots 2, 3 and 6 of section 1, lots 1, 2 and 5 of section 2, lots 1, 2 and 8 of section 26, and lot 1 of section 27 on Bois Blanc Island, Mackinac county, assessed for the year 1888, is received and considered.

Under certain circumstances, by virtue of section 80 of act 195 of the session laws of 1889, you would have authority to reject and withhold from

sale certain lands.

It is claimed in this case that the trouble with the assessment of high-way taxes is that the tax amounts to between eight and nine per cent, when the law only allows an assessment of one and one-half per cent. This being so, the tax in excess of the one and one-half per cent would be void. And you will further observe by reading section 81 of the same act, that

unless the lands are withheld from sale for particular reasons, that the

Auditor General shall cause them to be sold the following year.

The reasons for withholding the lands in this case do not come within the excepted class, and hence if you should determine to withhold these lands from sale, they would have to be offered again the next year for sale with the taxes then assessed, and the contestant would be in no better position then than at the present time.

You will further observe by an examination of subdivision 5 of section 86 of said act No. 195 that, "If any illegality, omission or fraud effects the amount of the tax only, the tax shall be sustained so far as the same is just

and legal."

It would appear in this case as above suggested, that even from complainant's own claim one and one-half per cent of these taxes are valid. And if contestants appear in court they would be entitled to deduction for all in excess of that amount. And again, I am very doubtful about your right under the law to make any judicial decision in this matter. The Auditor General's office and its powers are quite distinct from the powers and duties of a court. I therefore give it as my opinion, that the better way is to have the contestants appear in court and obtain such an order as may be equitable in the premises.

Respectfully submitted,
A. A. ELLIS,
Attorney General.

Holidays.—Right of Teacher to.—Term of 80 Days Includes.

A contract to teach for a term of 80 days is subject to such holidays as are provided by law, and the teacher is entitled to pay for the full term of 80 days without deduction for holidays.

STATE OF MICHIGAN, ATTORNEY GENERAL'S OFFICE, Lansing, March 14, 1891.

W. T. KEENEY, Esq., North Aurelius, Ingham Co., Mich.:

DEAR SIR—Your favor containing copy of teacher's contract received and read.

In the case of school district No. 4 vs. Gage, 39 Mich., 484, Campbell, C. J., says: "In regard to deductions for holidays we are of opinion that school management should always conform to those decent usages which recognize the propriety of omitting to hold public exercises on recognized holidays; and that it is not lawful to impose forfeitures or deductions for such proper suspension of labor. Schools should conform to what fairly may be expected of all institutions in civilized communities. All contracts for teaching during periods mentioned must be construed of necessity as subject to such days of vacation, and public policy as well as usage requires that there should be no penalty laid upon such observances."

And the learned judge in a subsequent case further says: "It appeared that the teacher had taught the full time provided by the contract, except upon holidays, which, as we have previously decided, the district could not

deduct from his pay.'

It seems clear to me that this rule would apply where the teacher is engaged to teach as in this case "for a term of eighty days." Our Court, in passing upon this question, uses the language "periods mentioned" and

"time provided by the contract."

It is a general rule that usage of trade cannot be set up either to contravene an established rule of law, or to vary the terms of an express contract. But all contracts, made in the ordinary course of business, without particular stipulations, expressed or implied, are presumed to be made in reference to any existing usage to ascertain and fix the terms of the contract, and parties are presumed to contract in reference to a uniform and well settled usage pertaining to the matters as to which they enter into an agreement, where such usage is not in opposition to well settled principles of law, and is not unreasonable.

As there are no express limitations or restrictions in reference to this usage or custom in the contract under discussion, and such custom not being in conflict with established rules or well settled principles of law, but rather in harmony with them, and the parties presumably contracting in reference to such custom, this contract very evidently falls within this rule; and I therefore am clearly of the opinion that under the contract in question, the teacher is entitled to pay for the full term of eighty days.

Respectfully,
A. A. ELLIS,
Attorney General.

Township Clerk.-Women Not Eligible to Office of.

Under the constitution and laws of this State, a woman is not eligible to be elected to the office of township clerk.

STATE OF MICHIGAN, Attorney General's Office, Lansing, March 14, 1891.

C. W. HUBBARD, Esq., Davisburg, Mich.:

DEAR SIR—Your favor of March 12th, asking if a lady is eligible to be

elected to the office of township clerk, is received and read.

Section 782 of Howell's Statutes of the State of Michigan, being a part of chapter 19, entitled, "Townships and Township Officers," provides: "No person except an elector, as aforesaid, shall be eligible to any elective office contemplated in this chapter." This is followed by a proviso concerning school inspectors. The words "as aforesaid" refer back to section 781 of Howell's Statutes concerning the qualifications of electors, and here we find that elector means "as specified in the constitution." And the constitution provides article VII section 1, among other things, that an elector shall be "a male citizen." This would certainly exclude females. And inasmuch as a lady is not "a male citizen," it goes without saying, that she is disqualified and not legally entitled to be elected township clerk of your township.

Very truly yours,
A. A. ELLIS,
Attorney General.

Mistake of Board of Canvassers.—Contest of Election.—Burden of Proof.—Canvas of Returns.

Where a mistake is made by the board of canvassers, either in not withdrawing enough votes from the box before counting, or in tallying too many on the ballots that were in the box, it will not vitiate the election. Any interested candidate may contest such election by quo warranto, but he would have the burden of proving that the illegal votes were cast for his opponent. The board of canvassers should decide from the returns as certified to them, and declare the persons who received the greatest number of votes according to the certificate, elected.

STATE OF MICHIGAN, Attorney General's Office, Lansing, March 14, 1891.

N. W. Burdick, Esq., Village Clerk, Mancelona, Mich.:

DEAR SIR—Your favor of the 13th received and read.

Under section 2799 of Howell's Statutes it was the duty of the inspectors of election to canvass the votes received by them and declare the result; and on the same day, or on the next day, it was their duty to make a statement in writing, setting forth in words, at full length, the whole number of votes given for each office, and the persons for whom such votes for each office were given. This I understand your board of canvassers did. From your letter I take it that the canvassers made a mistake either in not withdrawing enough votes from the box before counting, or in tallying too many on the ballots that were in the box. Your letter is not quite clear as to whether the canvassers re-counted the ballots and found the ballots afterwards agreed with the number of votes shown on the poll list, but it seems to me as far as your question is concerned that is immaterial.

Under section 2800 of Howell's Statutes the council must act upon the written return made to them by the board of canvassers, and the person who has the greatest number of votes should be declared elected. The fact that the council adjourned can not affect the validity of the election, as they had a perfect right to take such reasonable time, adjourning from time to time, to consider the matter as in their judgment might seem

necessary.

Of course any candidate interested in the result would have a right to contest by quo warranto, or such other way as the law may direct, but I do not think that the fact that the inspectors of election made a mistake would vitiate the election, and any person contesting the election would have the burden of proving that the very votes constituting the excess of votes in the box were cast for his opponent, and in case of such proof on contest, they would be deducted from the number of votes cast for such candidate. I do not see how under any circumstances the excess of ballots in this case would effect your election, except in the case of one trustee, and of course if the two ballots, in excess, were cast for the majority candidate and they were deducted, it would make a tie in that office, but before they could be deducted the minority candidate would have to establish which ballots they were and for whom they were cast, in a proper proceeding. As the matter now stands the board should decide from the returns as certified to them, and declare the persons who receives the greatest number of votes, according to the certificate, elected.

Respectfully submitted,
A. A. ELLIS,
Attorney General.

Opening of Polls.—Right to Vote Township Ticket Before Nine O'clock.

Under the general election law of 1889, the polls should be opened at seven o'clock in the forenoon, or as soon thereafter as may be, and closed at five o'clock in the afternoon. Township tickets voted on general election days may be voted before nine o'clock.

> STATE OF MICHIGAN. ATTORNEY GENERAL'S OFFICE,

FRED McKenzie, Esq., Red Jacket, Mich.:

DEAR SIR—Your telegram asking at what time polls open at this spring election, received and read.

Polls should be opened at seven o'clock in the forencon, or as soon thereafter as may be, and closed at five o'clock in the afternoon. Section

4, act 263 of the session laws of 1879.

I presume your question is asked on account of the discrepancy between the "township meeting" law (Howell's Statutes, Sec. 704), and the "general election" law above quoted. As we vote for both local officers and State officers at the same election, I think the general law would govern. There might be some question about the right to vote a township ticket before nine o'clock, but still, I am of the opinion that after the polls are open, any ticket to be voted at said election, might be legally voted. At most, it would only be an irregularity, and irregularities by the board would not vitiate the election.

Respectfully, A. A. ELLIS, Attorney General.

Bounties to Soldiers.—Borrowing Money to Pay Bounties.

The Legislature has a right to authorize the payment of bounties to soldiers of the late war when they were not in any way promised or authorized at the time of enlistment or any time during the war.

The Legislature has no authority to authorize a loan by the State and the issuance of bonds to obtain money for the payment of bounties to soldiers, which bounties were not authorized or promised at the time of enlistment or during the war.

> STATE OF MICHIGAN, ATTORNEY GENERAL'S OFFICE, Lansing, March 24, 1891.

To the Honorable the House of Representatives:

Your resolution asking my opinion concerning the following proposi-

"First, Has the Legislature of this State at this time the constitutional right to authorize the payment of bounties to soldiers of the late war. which bounties were not in any manner promised or authorized at the time of enlistment or any time during the war?"

"Second, Has the Legislature authority to authorize a loan by the State and the issuance of bonds to obtain money for the payment of bounties to said soldiers, which bounties were not authorized or promised at the time of enlistment or during the war?" is received and considered.

To your first inquiry, I answer, yes. Even though this bounty should be construed as a gift to such soldiers,

under article IV, section 45, the constitution giving the Legislature authority, by a vote of two-thirds of the members elect to each house, to appropriate public money for private use, the Legislature would have the

authority to grant the bounty.

Second, While I am of the opinion that the Legislature has authority to vote bounties that have not been authorized or promised at the time of enlistment or during the war, and that they have authority to appropriate public moneys to pay the same, yet I find no authority in the constitution to bond the State in times of peace to borrow money to pay bounties that have not been promised or authorized in times of war. The only authority found in the constitution for borrowing money or pledging the credit of the State, is found in article XIV, sections 3, 4, 6 and 7. Said section 3 relates to deficits in revenue and limits the amount to be borrowed to fifty thousand dollars. Said section 4 gives ample authority to raise money for bounties, or to pay other debts contracted, "to repel invasion, suppress insurrection, or defend the State in times of war." Said section 6 provides that the credit of the State shall not be granted to

or in aid of any person or corporation.

Said section 7 provides: "No scrip, certificates or other evidence of State indebtedness shall be issued, except for the redemption of stock previously issued, or for such debts as are expressly authorized by this constitution.

Bonds are certainly "evidence of indebtedness" and by the section above cited, "No evidence of State indebtedness shall be issued * * except for such debts as are expressly authorized by this constitution." Bounties given in times of peace, when not promised or authorized at the time of enlistment or during the war, are not debts "expressly authorized by the constitution," and however much I may desire that the soldiers' bounties may be equalized in this State, yet it seems clear to me to bond the State for such an object would be a plain violation of the constitution.

I must, therefore, answer your second question, that it is my opinion that the Legislature has not the authority to authorize a loan by the State to obtain money for the payment of bounties to pay soldiers when the bounties were not authorized or promised at the time of enlistment or

during the war.

The State now has a right to raise money by issuing State bonds in the sum of \$694,000, to pay bounties to Michigan soldiers. The first claim on this money, of course, would be to pay bounties which were promised during the war. After such bounties were paid, any surplus would be at the disposal of the Legislature to pay any other bounties that might be

granted.

The State also has a fund to its credit with the general government of nearly half a million of dollars, which is to be returned to this State as our part of the direct tax money. This money which was taken from our people for war purposes, with the surplus of the fund that we have a legal right to raise by bonding the State, if the State desires, could be used to do equal justice towards all the Michigan soldiers.

Respectfully submitted,

A. A. ELLIS, Attorney General. Drain Commissioner.—Jurisdiction of County Drain Commissioner Over Township Drain.

Section 4 of chapter 2 of the drain laws of 1889, does not give a county drain commissioner jurisdiction to clean out, widen and extend a drain established by a township drain commissioner and traversing only one township and effecting lands only therein.

STATE OF MICHIGAN, Attorney General's Office, Lansing, April 2, 1891.

GEORGE A. MARK, Esq., Hillsdale, Mich.:

DEAR SIR—Your favor duly received and read.

I do not think that section 4 of chapter 2, as referred to in your letter, gives a county drain commissioner jurisdiction to clean out, widen and extend a drain established by a township drain commissioner, and travers-

ing only one township, and affecting lands only therein.

Section 1 of chapter 8 of the drain law provides that in cleaning, widening, etc., any drain in any township or townships in which such drain is situated, application shall be made to the commissioner by whom it was constructed, or his successor in office: "Provided," it says, "That in case of an established county drain, having its beginning, entire course and terminus within any township * * * the owners of lands to be assessed therefor may make application * * * to the county drain commissioner for a transfer of the jurisdiction of said drain to the township drain commissioner."

These two sections of the statute must must be construed together, and when so construed, they would not give the county drain commissioner

jurisdiction in a case like the one you mention.

Yours truly,
A. A. ELLIS,
Attorney General.

Recording Assignments of Mortgages.—Residence of Assignee.

Under section 12 of Act No. 262 of the Public Acts of 1887, the assignee of a mortgage is not entitled to have his assignment recorded by the register of deeds unless his residence is given in the assignment.

STATE OF MICHIGAN, Attorney General's Office, Lansing, April 9, 1891.

HOMER A. DAY, Esq., Register of Deeds, Flint, Mich.:

DEAR SIR—Your favor asking for the construction of section 1170m⁸ Howell's Statutes, Vol. 3, received and read.

This law to which you refer is very crude, and without a very strict construction would have very little tendency to remedy the evil attempted to

be reached by the Legislature.

The assignee of the mortgagee would not be, under a usual interpretation of the statute, included in the word mortgagee. He takes the place of the mortgagee. I think that the law really means that any paper recorded affecting the mortgage must show the name of the holder of the mortgage. This, of course, would include the assignee of the mortgagee; and a register of deeds, taking into consideration the evil intended to be remedied, should

refuse to record all assignments of mortgages where the name of the assignee is not given in the assignment. If any person was injured thereby, he would certainly have his remedy in court by mandamus to compel the placing of the assignment on record, and inasmuch as it is a reasonable requirement, and any other construction would annul the statute, I believe the Supreme Court would hold that a register of deeds is not obliged to record assignments of real estate mortgages, only in those cases where the residence of the holder of the mortgage is given.

Very respectfully,
A. A. ELLIS,
Attorney General.

Statutes.—Construction.—Indigent Soldiers.

Construction of the statute for the relief of indigent Union soldiers, being act 193 of the laws of 1889.

STATE OF MICHIGAN, ATTORNEY GENERAL'S OFFICE, Lansing, April 10, 1891.

George E. Taylor, Esq., Dep. Chairman Soldier's Relief Commission, Newaygo, Mich.:

DEAR SIR—Your favor of the 9th, asking my opinion concerning the construction of the act for the relief of indigent Union soldiers, being act number 193, of the session laws of 1889, is received and considered.

Said act is rather ingeniously drawn, and it attempts to and does provide within itself a remedy in case of the failure of any particular officer

to perform his duties.

Section 1 of the act provides that the board of supervisors of the several counties in this State shall levy a tax not exceeding one-tenth of one mill, for the purpose of creating a fund for the relief of honorably discharged indigent Union soldiers, sailors, mariners and the indigent wives and minor children of such indigent or deceased union soldiers, sailors and mariners; and it further provides that in case the whole amount is not used in any one year, that it shall be considered in raising future sums therefor.

This section, it will be seen, provides for one-tenth of one mill in all cases, without any action of any township officer, or any action on the

part of the commission.

Section 3 of the act, however, provides that a member of the township board or a member of the board of trustees, councilmen or aldermen may meet with the soldiers' relief commission during the month of May and determine the probable amount necessary. If this commission does meet, they would have a right to recommend a less amount than one-tenth of one mill, otherwise, it would be the duty of the board of supervisors to levy the whole amount of one-tenth of one mill, if, in their judgment, so much would be necessary.

Section 4 of the act provides for a meeting of the township board and the soldier's relief commission for the purpose of preparing a list of persons who are entitled to relief and how much should be paid each month to each of such persons. This finding of the amount to be paid each

month is then filed with the township clerk. The statement thus prepared by the soldier's relief commission and the township board of the township will show definitely the amount of money each soldier on the list is entitled to draw from the soldier's relief fund after the fund is raised. The township clerk, without further order from anybody, is authorized to issue his warrant or order each month on the township treasurer for the amount due to each person as appears by the list furnished by the soldiers' relief commission and the township board.

In case the township board should fail to meet with the soldiers' relief commission, it would then be the duty of the soldiers' relief commission to not only hear the claims that might arise from time to time, but they would have a right, and it would be their duty under said section 4, "To hear and determine all emergency petitions or claims for relief, and authorize the payment of the same if allowed." The neglect of the town-

ship board would certainly cause an emergency in every case.

It is my opinion that this section is broad enough to include every per-

son who is entitled to relief in any township in the county.

If the township board fails to co-operate with the commission, they would have authority under the law to act on the application of any person, not only for temporary relief, but for permanent relief during the year, subject, however, to the proviso in section 4, that no claim shall be allowed and paid which will create a deficiency in the fund applicable to the payment of the regular, ordinary relief.

After the relief commission have made an order requiring the township clerk to pay money to any soldier, sailor, mariner or any indigent wife, widow or minor child of any indigent or deceased Union soldier, sailor or mariner, the township clerk has no authority under the law to refuse to give his order, except that such order would create a deficiency in the

then present fund.

The township clerk cannot review the action of the relief commission, and the commission is made, in certain cases, sole judge of the distribution of this fund.

Respectfully submitted,
A. A. ELLIS,
Attorney General.

Taxation of Money in Foreign Bank.

Under section 10 of the general tax law of 1889, money which is deposited in banks of other states, and not invested permanently in bank stocks, is taxable where the owner resides.

STATE OF MICHIGAN, Attorney General's Office, Lansing, April 14, 1891.

W. B. KEYSOR, Esq., Clinton, Mich.:

DEAR SIE—Your favor of the 12th inst., asking whether, in my opinion, you have a right to assess money in a savings bank in Chicago, the owner living in your township, is received and considered.

Section 1170a, 3 Howell's Statutes, provides that "All personal property except as hereinafter provided shall be assessed to the owner in the town-

ship of which he is an inhabitant."

Section 1170a' provides that "For the purpose of taxation * * personal property shall include * * * all goods, chattels and effects belonging to the inhabitants of this State situate without this State, except that property actually and permanently invested in business in another State shall not be included."

Your card does not state whether the money to which you refer is on deposit or is invested in shares of stock. The answer to your question must depend largely upon this. If the money is there simply as a deposit and not invested permanently in bank stocks, I am of the opinion it is taxable where the owner resides.

Very truly yours,
A. A. ELLIS,
Attorney General.

Dog Tax.-Apportioning Money in Dog Tax Fund.

Under section 2126 of Howell's Statutes, and act No. 214 of the laws of 1889, only that part of the dog tax fund shall be apportioned which exceeds \$100.

STATE OF MICHIGAN, Attorney General's Office, Lansing, April 18, 1891.

WILLIAM A. HAAK, Esq., Bellville, Mich.:

DEAR SIR—Your favor concerning the distribution of dog tax money is received and read.

The section you refer to in your letter as section 728 of Township Officer's Guide is section 2128 of Howell's Statutes, and section 2 as added by act 214 of 1889. (See Act 214, 1889.)

The two acts are jumbled together in the one section to which you refer. The part of the section pertaining to this matter in dispute reads: "If money remains of such fund after satisfactory payment of all claims aforesaid in any one year, over and above the sum of one hundred dollars, it shall be apportioned, etc."

The first question is, What did the Legislature intend by making a limit of one hundred dollars? The only possible reason for such a limit would be that the fund should have at least one hundred dollars to its credit.

Second, The statute says, money remaining of such fund * * over and above one hundred dollars, it shall be apportioned. It seems clear to that the "it" relates to the money over the one hundred dollars, otherwise I can see no sense at all in the provision. If it were otherwise, if there was just one hundred dollars, nothing would be apportioned, but if it was one hundred dollars and one cent all would be taken out of the fund. I do not think the Legislature so intended, and I am clearly of the opinion that the money to be apportioned is the sum over one hundred dollars.

Yours truly,
A. A. ELLIS,
Attorney General.

Township Boards.—Constables.—Vacancies in Office.

Township boards may fill vacancies caused by the resignation of a constable.

STATE OF MICHIGAN, Attorney General's Office, Lansing, April 22, 1891.

C. E. ROLPH, Esq., Wilmot, Mich.:

DEAR SIR — Your favor of the 18th inst. duly received.

Section 729 of Howell's Statutes vests in the township board the power to fill all vacancies in township offices, except in that of treasurer and justice of the peace. This would, of course, give them the right to fill the vacancy caused by the resignation of a constable.

Section 762, to which you refer, does not, I think, have any bearing on this question. The decisions cited there relate to cases where an attempt is made, not to fill a vacancy, but to create and appoint an officer with the power of constables without any election at all.

Very respectfully,

A. A. ELLIS,

Att rney General.

School Officer.—Right to Delegate Authority.—School Contracts.

The school moderator has the right to give the director a written permit to sign his name to school papers or contracts previously authorized by the board, but he cannot delegate to the director the authority to act in his stead in any case where discretion is to be exercised. Contracts signed by a majority of the school board are binding.

STATE OF MICHIGAN, Attorney General's Office, Lansing, April 22, 1891.

C. A. Coffin, Esq., Lenawee Junction, Mich.:

DEAR SIR — Your favor of the 16th inst. asking whether, in my opinion, a school moderator has any right to give the director a written permit to sign his name to school papers, such as contracts and money orders, and whether a contract would hold good if drawn by the director, he signing both names under this authority, is received and considered.

It is a general rule of law that any person has a right to direct that his name be signed by some one else, and if this authority is given in writing he is then bound by the signature, although he is not personally present at the time. Therefore, I do not think there is any question but what a moderator has the right to give the director a written permit to sign his name to school papers, or contracts previously authorized by the board, although it is a practice which is not commendable for various reasons, and should be discouraged.

Of course a moderator cannot delegate to the director the authority to act in his stead, or do anything only to sign his name for him after the

contract was authorized by the board.

Your second question would be governed by the number of school

officers. If there are but three, the contract would be binding if the director signed his name and the moderator's by written authority under the above conditions.

Very respectfully,
A. A. ELLIS,
Attorney General.

í

Reporting Mortgages for Taxation.—Fees of Register.

A register of deeds is entitled to pay for reporting to assessing officers for taxation, all unpaid mortgages for each year. Where the law does not provide for a revision of the list, he is not entitled to pay for mortgages previously reported.

STATE OF MICHIGAN, Attorney General's Office, Lansing, May 1, 1891.

J. H. HEPBURN, Esq., Clerk and Register of Deeds, Ludington, Mich.:

Dear Sir—In further reply to your favor asking for my opinion as to whether a register of deeds is entitled to pay for reporting mortgages to assessing officers for taxation, where they have been reported in previous years, I would say that, after a very careful examination of the statute, and construction of similar statutes, it is my opinion that the intention of the law is that the register of deeds shall furnish for the benefit of the supervisor a list of unpaid mortgages for each year. He can do this by adding the new mortgages to the old list; and for furnishing this list each year, he is entitled to ten cents for each mortgage reported, which was added that year.

The law does not seem to provide for a revision of the list, and hence the supervisor has no light as to whether mortgages previously reported, are paid or not; and the register would not be entitled to pay for mortgages

previously reported, but only for those furnished each year.

Yours truly,
A: A. ELLIS,
Attorney General.

Incompatible Offices.—Sheriff and Supervisor Incompatible Offices.—Vacating Office by Accepting Incompatible Office.

A person who accepts one office while occupying another incompatible with it, ipso facto absolutely vacates the first office. The office of under-sheriff and supervisor are incompatible, and one man cannot legally hold both offices.

STATE OF MICHIGAN, Attorney General' Office, Lansing. May 2, 1891.

JOHN J. McCarthy, Prosecuting Attorney, Mio, Mich.:

DEAR SIR—Your favor asking whether a supervisor could hold the office of under-sheriff at the same time he was acting as supervisor, was received and read.

I have carefully examined the question submitted by your letter, and

while I find no constitutional nor statutory prohibition, yet I am clearly of the opinion that these two offices are incompatible, and that by taking one office, whichever one is received last, the party thus accepting it would vacate the other office.

It is not the policy of our law to allow a man to hold an office by which he could pass upon his own bills, approve his own bonds, and fix the compensation which he, or his superior officer, was to receive for boarding the county prigoners

An under-sheriff may become sheriff himself, and he can at least perform all, or nearly all the functions of sheriff. The disqualifications to hold the two offices come by implication. It is the universal doctrine of

the courts that a person shall not hold incompatible offices.

By reference to Cooley's Constitutional Limitations, 748, note 1, you will find the doctrine somewhat discussed, and the rule above referred to fully sustained. That writer says: "Incompatibility between two offices is an inconsistency in the functions of the two, as judge and clerk of the same court; officer who presents his personal account for audit, and an officer who passes upon it."

In the case of Wilson vs. King, 14 Am. Dec. 84, it was held that the office of deputy-sheriff and justice of the peace were incompatible, and that one who accepted the latter office, by necessity vacated the former.

Stubbs vs. Lee, 64 Me., 195. People vs. Hanifan, 96 Ill., 420. State Bank vs. Curran, 10 Ark., 142. Cooley's Const. Lim., 748 n. I.

In Mechem's Public Offices and Officers, Sec. 420, the doctrine is laid down plainly in this language: "It is a well settled rule of the common law that he, who while occupying one office, accepts another incompatible with the first, ipso facto absolutely vacates the first office, and his title is thereby terminated without any other act or proceeding. That the second office is inferior to the first does not affect the rule." See authorities cited under the above.

From the very nature of the case, and after an examination of authorities, I am clearly of the opinion that under the laws of this State, no man is entitled to hold or can hold both the office of supervisor and under or deputy-sheriff, and that if a person is elected and qualifies as supervisor, after he is appointed under-sheriff or deputy-sheriff, that he thereby vacates the office of deputy or under-sheriff, and that if a person who holds the office of supervisor during his term of office accepts an appointment, and qualifies as deputy or under-sheriff, he thereby vacates the office of supervisor.

Respectfully submitted,
A. A. ELLIS,
Attorney General.

Voting at School Meeting.—Right to Vote to Purchase School House Site.

Individuals not possessing taxable property have no right, under the present law, to vote on the question of changing a school house site, when money must be raised by taxation to pay for the new site when selected.

STATE OF MICHIGAN, Attorney General's Office, Lansing, May 6, 1891.

WALTER HYDE, Esq., Sugar Grove, Mich.:

DEAR SIB—Your favor of the 1st inst. asking whether, in my opinion, a woman who has children on the school census has the right to vote on the question of changing the school house site, when there is no money in the treasury to pay for the new one, if so selected, is received and considered.

In answering the question, I shall assume that she has been a resident

of the district the required length of time.

The statute declares that such persons shall be entitled to vote on all questions "which do not directly involve the raising of money by tax." Therefore, the only question to be here determined, is whether the changing of a school house site "directly involves the raising of money by tax."

The changing of the site will necessarily "involve," according to the definition of Webster, the raising of money by tax, and so I am inclined to believe that this question falls within the provision of the statute above referred to, and that any individual, not possessing taxable property, has no right under the present law, to vote on the question of changing a school house site, when money must be raised by taxation to pay for the same, if so selected.

Yours truly,
A. A. ELLIS,
Attorney General.

Circuit Court Commissioners.—Employment of Stenographers.—Evidence.

A circuit court commissioner has no right to employ a stenographer at the expense of the county to assist him in taking evidence in a proceeding to remove a public officer. Circuit court commissioners have no authority to rule out any evidence which either party desires to have taken down, but must take down the objections and then take the answers.

STATE OF MICHIGAN, Attorney General's Office Lansing, May 9, 1891.

A. P. SMITH, Esq., Gladstone, Mich.:

DEAR SIR—Your favor concerning proceedings for removal of justice of the peace, and asking

First, Whether you are authorized to employ a stenographer at the

expense of the county; and

Second, As to your powers to rule on evidence, is received and con-

sidered.

Your authority is largely controlled by section 657 of Howell's Statutes, as amended in 1883. Your compensation, of course, is fixed by the general law; so much for swearing witnesses, so much for return, and so much per folio for evidence taken. You can either do the writing yourself, or cause it to be done, but the county would be under no obligation to pay for the

writing but once, and so if you employed a stenographer, he would have to be paid per folio, and it would take just so much out of your compensation. This is often done, and the commissioner and stenographer divide the compensation. Your fees would be controlled by section 9010 Howell's Statutes, which provides, among other things, \$3.00 per day, 10 cents per folio.

Second, Concerning the evidence, I do not think you would be authorized to rule out any evidence which either party desires to have taken down, as the Governor must pass upon the evidence finally. You would do the same as commissioners generally do, take down the objections, and then take the answer.

The law contemplates that after you have taken all the evidence desired by either party, that you will then go through and make an abstract of it, what you deem material, and add your opinion thereto, and then deliver the entire evidence, the abstract and the opinion, to the prosecuting officer to be delivered to the Governor.

Yours very truly, A. A. ELLIS, Attorney General.

Summer Normals.—Institute Money.

Under sections 154 to 159 inclusive, of the school laws of 1889, the Superintendent of Public Instruction is not authorized to pay any part of the institute money to the conductors of summer normals.

STATE OF MICHIGAN, Attorney General's Office, Lansing, May 9, 1891.

HON. HUGH BROWN, Dep. Supt. Pub. Instruction, Lansing, Mich.:

DEAR SIR—Your inquiry as to whether the Superintendent of Public Instruction is authorized to pay any part of institute money to conductors of summer normals, is received and considered.

Sections 154 to 159 inclusive of the school laws, provide for the raising and disposition of the institute money, and it will be seen that section 159 provides: "In case the institute fund in any county shall be insufficient to defray the necessary expenses of any institute held under the provisions of this act, the Auditor General shall, upon the certificate of the superintendent that he has made arrangements for holding such institute, and that the county institute fund is insufficient to meet the expenses thereof, draw his warrant upon the State Treasurer for such additional sum as said superintendent shall deem necessary for conducting such institute."

If you expend institute money for summer normals, you can in that way exhaust the fund, and ask the Auditor General to draw his warrant on the State Treasurer for an institute in every county in the State. This would be a very nice, indirect way of having the State furnish money to run summer normals, but it would be in plain violation of law, and certainly cannot be tolerated.

Sections 173 and 174 of school laws expressly forbid use of public money for any purpose not authorized by law; and sections 178 and 179

provide severe penalties for such use.

There is no provision in the law for using institute money for summer normals, and such use would be in violation of said sections 173 and 174, and subject the parties so using the same to the penalties provided in sections 178 and 179.

I must, therefore, give it as my opinion that the Superintendent of Public Instruction is not authorized to allow any part of the institute

funds to be used for summer normals.

Respectfully submitted,

A. A. ELLIS,
Attorney General.

Abstract Books.—Taxation.

Abstract books have no intrinsic value, and are not taxable.

STATE OF MICHIGAN, ATTORNEY GENERAL'S OFFICE, Lansing, May 14, 1891.

N. L. BEDINGER, Esq., Berrien Springs, Mich.:

DEAR SIR—In further reply to your favor asking whether or not in my opinion a set of abstract books that are valuable, and yield to their owner a large income, are subject to taxation, I would say that in the case of Joel Perry vs. the city of Big Rapids, 67 Mich., 146, the majority of the Supreme Court held that abstract books, referring to land titles, have no intrinsic value and are not taxable, and cites the case of

Dart vs. Woodhouse, 40 Mich., 399.

In the case above referred to Morse, Justice, gave a dissenting opinion and held that such books were subject to taxation. I was of the same opinion in examining the statute and still believe that would be the better rule, but probably the Supreme Court in case of contest would adhere to their former decision; this being so it would be better not to place abstract books on the list.

Very truly yours,
A. A. ELLIS,
Attorney General.

Reports of Board of Education .- Deeds of School Property.

A report made by the board of education to the county clerk as a report of the "board of education" is sufficient. They may, however, sign as inspectors. It would seem that the power of the board of education to sell the property of the schools and give a deed would depend upon the vote of the district, as to whether or not they needed the property.

STATE OF MICHIGAN, Attorney General's Office, Lansing, May 18, 1881.

HENRY B. FREEMAN, Esq., Prosecuting Attorney, Au Train, Michigan:

DEAR SIR—Your favor of May 11th is received.

Section 76 of the general school laws of 1889 provides: "The clerk of each county shall, on receiving from the secretary of the county board of

school examiners the annual reports of the several boards of school inspectors, file the same in his office. On receiving notice from the Superintendent of Public Instruction of the amount of moneys apportioned to the several townships in his county, he shall file the same in his office, and forthwith deliver a copy thereof to the county treasurer."

On examination of the reports of the various boards of school inspectors in the office of the Superintendent of Public Instruction, I find that those districts having a board of education usually make their reports as boards of inspectors, but are signed by the members of the board of education, and several of these reports are made as a report of the "board of education."

I think that a report made by the board of education would be sufficient, at least it is not so material that the county clerk should raise any question in the matter. If, however, the clerk desires to "split hairs," let

the board sign as inspectors, as by the act they fill that place.

Concerning the power of the board of education, without a vote of the electors of the township, to sell the property of the schools and give a deed, I would call your attention to section 19, and subdivision 8 of section 27 of the general school laws of 1889.

It would seem by reading the two sections together that the district has the right to say; first, as to whether or not they need the property, and if they do not or so decide, the inspectors would have the right to sell.

If there is any matter at issue concerning this last question, I would prefer that you state the circumstances fully and I will try and assist you.

Yours respectfully,

A. A. ELLIS,
Attorney General.

Library Commission .-- School Library Moneys.

Under sections 122, 123 and 176 of the general school laws of 1889, school libraries and library money cannot legally be turned over to a library commission appointed under chapter 197 of Howell's Statutes.

STATE OF MICHIGAN, ATTORNEY GENERAL'S OFFICE, Lansing, May 25, 1891.

C. F. BABCOCK, Esq., Wyandotte, Mich.:

DEAR SIR—Your favor to the Superintendent of Public Instruction asking whether there is any provision in the school laws by which the school library and library money can be turned over to a library commission appointed under chapter 197, Howell's Statutes, has been referred to this department for reply.

Under sections 122, 123 and 174 of the general school laws of 1889, it is my opinion that the school library and library money cannot be turned over to a library commission appointed under the chapter above referred to.

Yours truly,
A. A. ELLIS,
Attorney General.

Inland Lakes.—Right to Regulate Fishing in.

Pine lake, Charlevoix county; White lake, Muskegon county; and Black lake, Ottawa county, are inland waters, but subject to the maritime jurisdiction of the general government. The State, however, has the right to regulate the manner of fishing in such waters, and its officers the right to enforce such law.

STATE OF MICHIGAN, Attorney General's Office, Lansing, May 26, 1891.

HON. CHAS. S. HAMPTON, State Game and Fish Warden, Petoskey, Mich.:

DEAR SIR—Your favor of the 16th inst., the first, second and third questions of which were answered by telegram of May 19, is received.

The fourth and fifth questions as to the seizure of nets, I think are answered by my communication above referred to, and I therefore proceed to the consideration of the sixth and seventh relating to the question of whether Pine lake, Charlevoix county; White lake, Muskegon county; and Black lake, Ottawa county, lying wholly within this State, but connected with the great lakes by navigable channels, are inland waters; and whether the State has a right to regulate the manner of fishing on such waters.

I think they are necessarily inland waters, as they lie wholly within the borders of the State, but under the decision of the United States Supreme Court, 10 Wall. 557, they are navigable waters, subject to the maritime jurisdiction of the general government. This, however, does not preclude the State from passing laws to regulate the manner of fishing in such waters, nor officers of the State from exercising their duties in enforcing such law, so long as the State or its officers do not intrude upon the rights and authority of the general government.

Very respectfully,
A. A. ELLIS,
Attorney General.

Offices.—Prosecuting Attorney.—City Alderman.—City Marshal.—Collector of Taxes.

—Nominations by Acclamation.—Carrying Away Election Slips.

Prosecuting attorneys can hold the office of city aldermen. Nominations by acclamation will not vitiate an election. A city marshal may hold the office of collector of taxes. Under the election law of 1889, the carrying away of slips would not render one liable criminally.

STATE OF MICHIGAN, Attorney General's Office, Lansing, May 27, 1891.

H. RAZEK & Co., Harrison, Mich.:

GENTLEMEN—Your favor containing four inquiries received. You make no explanation why you have submitted these four abstract questions to this office. I assume that you are laboring under the impression that the Attorney General is authorized, and it is his duty to advise every person, firm and corporation who are in any doubt as to the law touching any matter in which they may have some personal interest, or the local public may be in the least interested. Permit me to say that such is not the law, yet I get a great many inquiries like yours, all sent in good faith no doubt, under the impression above indicated; or, perchance, the writers know of

my even disposition, and know that I will, as far as possible, accommodate them.

Your questions:

First, "Can a prosecuting attorney of a county hold the office of city

Answer. As a general rule, he can. There might be cases when the charter of the city prohibited it, and in such case he could not.

Second, "Is it legal to nominate city mayor by acclamation?"

Answer. If you mean by this, Does the fact that a mayor is nominated by acclamation vitiate the election? I would answer that the person elected or who received the greatest number of legal votes is entitled to the office, even though he was never nominated at all, i. e., run in on a "stub ticket." Being nominated by acclamation does not vitiate the election.

Third, "Can the city marshal hold the office of collector of taxes?"

Answer. Usually he can, but the office is always controlled by the charter, and I could not tell unless I saw the provision governing it. If there is nothing in the charter of the city prohibiting it, he certainly could.

Fourth, "Can the board of election handle and hide a lot of slips of a

candidate running for office?"

Answer. Of course they could do it, but it would not be legal, and any person who was injured might have a right of action if he could establish the fact that such action injured him. I hardly think the election law is broad enough to punish one for carrying away slips.

Yours truly,
A. A. ELLIS,
Attorney General.

Transfer of State Patients.—Auditing Accounts.

The bills of the Superintendent of the Asylum for Insane Criminals at Ionia, for transferring patients who have been restored to reason, back to the prison, come under the clause "other charges" in the statute, and should be audited by the Auditor General.

STATE OF MICHIGAN, Attorney General's Office, Lansing, May 27, 1891.

TO THE HONORABLE BOARD OF STATE AUDITORS, Lansing, Mich.:

GENTLEMEN—I have examined the question submitted by the clerk of your board, relative to the claims presented by the superintendent of the Asylum for Insane Criminals at Ionia, for transferring prisoners who have

been restored to reason.

Section 29 of act 43 of the public acts of 1887, among other things, provides: "Whenever any convict, who shall have been confined in said asylum as a lunatic, shall have become restored to reason, and the medical superintendent shall so certify in writing, he shall be forthwith transferred to the House of Correction, Prison or Reformatory from whence he came." Just as soon as any person, convicted for violating the laws of this State, is transferred by the warden of a prison and placed in charge of the superintendent of the said asylum, he becomes a State patient, and

no one has any control over him except the superintendent; only by his direction can such person be transferred to the prison from which he came.

Section 30 of said act 43 expressly provides: "The bills for the maintenance, clothing and other charges of all State patients shall be rendered quarterly to the Auditor General * * and shall be paid by the State Treasurer to the treasurer of the asylum on the warrant of the Auditor General."

It seems clear to me that these bills come under the clause "other charges," and that they are to be audited by the Auditor General, and there is no reason for referring them them to your board.

Respectfully submitted,

A. A. ELLIS,
Attorney General.

Railroad Lands.—Failure of Title.—Equitable Claim.

The law does not authorize the State of Michigan to refund money to persons who purchased lands of the Port Huron and Lake Michigan Railway Company, the title of the company having failed. Neither is claimant entitled to be reimbursed on the theory that he advanced money relying upon the representations of the State officers, when it appears the claimant was not misled in the matter.

STATE OF MICHIGAN, Attorney General's Office, Lansing, June 22, 1891.

To the Honorable the Board of State Auditors:

GENTLEMEN—I have examined the annexed papers relative to the claim of Samuel C. Sebring, asking that the State of Michigan reimburse him for money paid for the N. E. ½ of the N. W. ¼ of section 11, township 4

N., of range 11 W.

The claimant in this cause presents the claim that the State of Michigan should reimburse him for his money on the theory that he advanced it relying upon the representations of the State of Michigan, that the land in question had been confirmed to the Port Huron & Lake Michigan Railway Company, and to sustain that position he furnishes a paper showing the tax history of this piece of land, and on the margin is indorsed this language: "Confirmed to the Port Huron & Lake Michigan R. R. Co., May 1st, 1873." The date of this instrument is the 17th day of December, 1875, and is signed by Ralph Ely, Auditor General of the State of Michigan.

Mr. Sebring also furnishes his deed by which he got title from the railroad company. The deed is dated and acknowledged May 6, 1875, some eight months prior to the time that he himself procured the tax history of

this land.

There is no law in the State of Michigan authorizing or requiring the State to refund the money, and the only possible claim that Mr. Sebring could have would be one based in equity on the ground that he had been misled by some State officer. And it appears clearly, when the deed and certificate are taken together, and when the dates are compared, and the fact taken into consideration that the certificate produced was furnished to Mr. Sebring himself for taxes which he paid, that Mr. Sebring did not

Digitized by Google

have this certificate for eight months after he claimed to have had title, and could not under any possible circumstances be misled in the manner and form he claims. I must, therefore, give it as my opinion that the State of Michigan is under no legal obligations to pay to Mr. Sebring the money which he lost by reason of investing in this land.

Respectfully submitted,

A. A. ELLIS, Attorney General.

Official Salary.—Bond to Repay Salary.—Title to Office, how Contested.—Right to Withhold Salary.

An officer de facto, whose office is contested by quo warranto and who is financially irresponsible, should be required to give a bond to repay the salary to the contestant in case he is defeated in quo warranto proceedings. Title to office can never be collaterally tried, and notice to the county treasurer to withhold payment is not a legal writ, and is nothing on which he can legally act. He can only act upon the apparent title of the actual incumbent, and has no right to withhold the salary of any officer.

STATE OF MICHIGAN, ATTOBNEY GENERAL'S OFFICE, Lansing, June 22, 1891.

W. A. KICKLAND, Esq., Deputy County Treasurer, Stanton, Mich.:

DEAR SIR—Your favor concerning the right of the County Treasurer to pay the salary of the Probate Judge to L. C. Palmer, who is now holding that office, and whose right to the office is being contested by *quo warranto* proceedings in the Supreme Court by J. M. Fuller, who claims that he was elected to that office last spring, and who has given you notice to withhold payment, is received and considered.

I realize in the first place that, if Mr. Palmer is not financially responsible, that equity would require that he should give a bond to repay the money in case he is defeated in the suit, yet there is no statutory provision

requiring this to be done.

It is a well established principal that the title to an office can never be collaterally tried. Notice to the County Treasurer to withhold payment is not a legal writ, and is nothing on which he can legally act. It would not

give authority to refuse payment to Mr. Palmer.

The duty devolving upon the County Treasurer to pay official salaries can not be safely performed unless he is justified in acting upon the apparent title of the actual incumbent. He has no right to withhold the salary of any officer occupying an office simply because some one gave him notice that he claims the same office. If he had such authority, he would be vested with the authority to virtually test, at least to a limited extent, the right to hold an office.

Auditors of Wayne Co. vs. Benoit, 20 Mich., 176. Comstock vs. Grand Rapids, 40 Mich., 397. McVeany vs. Mayor, etc., N. Y., 80 N. Y., 185. Dolan vs. Mayor, 68 N. Y., 274.

Dolan vs Mayor, 68 N. Y., 274.

In the latter case the Court say: "Distributing officers charged with the duty of paying official salaries have, in the discharge of that duty, the

Digitized by Google

right to rely upon the apparent title of an officer de facto and to treat him as an officer de jure without inquiring whether another has a better right."

As above suggested, I recognize that this rule would work a hardship in cases where an officer is not financially responsible, and am not prepared to say that the Court would hold it unjust if the officer should exact a bond that the money would be repaid, or paid to the claimant, in case that his office or title to the money was declared bad.

There is no question under the authorities that in case Mr. Fuller should be adjudged entitled to this office but what he would be entitled to an action against Mr. Palmer to collect all of the money from him.

An officer who is wrongfully kept out of an office is legally entitled to all

of the salary that accrued to such office during such time.

An official salary is not made dependant upon the amount of work done and belongs to the office itself without regard to the personal service of the officer.

People vs. Miller, 24 Mich., 458. Auditors of Wayne Co. vs. Benoit, 20 Mich., 176. Comstock vs. Grand Rapids, 40 Mich., 397.

In this case, knowing as I do that a notice has been given, and believing that no court would judge it an unjust exaction to require a bond to be given, I advise you to require of Mr. Palmer a bond in a sum at least equal to the amount of salary that he will draw between now and the first of January next, conditioned that if he is defeated in the suit now pending, and Mr. Fuller is adjudged entitled thereto, that he will pay to the county treasurer, or his assigns, for the use and benefit of Mr. Fuller, the amount of money received by him after the giving of the said bond and prior to the decision of said cause; and that in case he refuses to give this bond, that you refuse to pay the salary unless ordered by the Court so to do.

Very truly yours,
A. A. ELLIS,
Attorney General.

ABSTRACT.

TABLES I. TO X. INCLUSIVE,

EXHIBIT A

AND

SCHEDULES A AND B.

CONTENTS.

EXHIBIT A.—Statements concerning the inmates of the jails for the years ending June 30, 1891, 1890, 1889, 1888, and for the nine months ending June 30, 1887.

Table I.—Number of prisoners remaining in the jails June 30, 1890, and the number in the jails July 1, 1890; number received and the total number and the average number in the jails during the year; average duration of imprisonment; whole number and number under eighteen years of age of each sex, and the per cent of each sex to the whole number of both sexes received.

Table II.—Whole number of prisoners received in the jails; total number, number of each sex, and number under eighteen years of age charged with high crimes and with minor offenses, with the per cent of each sex and of the number under eighteen years of age to the total of each class; number of witnesses, debtors and insane and idiotic prisoners; per cent of number charged with high crimes and with minor offenses respectively, to the whole number of prisoners received in the jails.

Table III.—Number of prisoners sent to State Prison, to State House of Correction, to Detroit House of Correction, to State Reform School, and to State Industrial Home for Girls, with per cent of each to whole number confined in the jails; number escaped, and number remaining in the jails at the close of the year.

Table IV.—Birthplaces of white, and number of black, Mulatto and Indian prisoners.

TABLE V.—Parent nativity of native white prisoners.

Table VI.—Number who could not read, and number who could not write, with percent of each to the whole number received in the jails.

TABLE VII.—Cost of maintaining the jails.

TABLE VIII.—The total cost of maintaining the jails; the amount of traveling and ot her expenses incurred in arresting and taking prisoners to the jails, in taking them to penal and reformatory institutions, and certain expenditures not elsewhere shown, to gether with the total expense in arresting and detaining prisoners.

Table IX.—Number of days prisoners were confined in the jails; cost of keeping prisoners.

TABLE X.—City and village prisoners confined in jails.

SCHEDULE A.—Statements of sheriffs relative to condition of jails, etc.

SCHEDULE B.—List of sheriffs by counties.

Digitized by Google

MICHIGAN,
DEPARTMENT OF STATE,
Lansing, June 16, 1892.

Hon. Edwin B. Winans, Governor of the State of Michigan:

SIR—As required by law, I herewith submit the Nineteenth Annual Abstract of the Reports of the Sheriffs of this State, being for the year ending June 30, 1891.

Very respectfully,

ROBERT R. BLACKER,

Secretary of State.

TABLES.

EXHIBIT A.

Statement concerning the inmates of the jails for the years ending June 30, 1891, 1890, 1889, 1888, and for the nine months ending June 30, 1887.*

SCHEDULE A.

Statements of the condition of the jails in the several counties, with miscellaneous remarks relating to them and their inmates, as made by the sheriffs.

Alcona.—Jail is 30x38 feet, built of brick, heated by wood stove and ventilated by windows. Sewerage is in bad condition. There are five cells; two are 5x7, one 9x12, one 7x12 and one 11x13 feet. Two are made of iron and three of plank. Have no special provisions for female or boy prisoners or for insane and idiotic persons.

Alger.—No jail. Prisoners are confined in Marquette county jail.

Allegan.—Jail for males is 30x40 feet, made of brick, heated by stoves and ventilated by windows and a pipe from floor to chimney. Sewerage in fair condition. There are four cells about 7x12 feet, made of bar iron. For females we have a jail 16x30 feet, with three cells, one 10x10 and two 5x7 feet, made of wood, outside wall of brick. Have no special provisions for boy prisoners or insane and idiotic persons.

Alpena.—Jail is 40x70 feet, built of stone, heated by hot water. Ventilation is good. There are twelve cells, two 12x14 and six 8x12 feet, and two bath rooms with hot and cold water. The cells are built of steel. There are separate cells for the female and boy prisoners and for the insane

and idiotic.

Antrim.—Jail is 30x40feet, built of wood, heated by stoves, and well ventilated by ventilators in ceiling. Sewerage in good condition. There are eight cells 5x7 feet, made of wrought iron plate § of an inch thick, with heavy grate doors and with iron floors in two of the cells, and corridors around the cells of heavy bar iron. The sheriff's residence is attached to the jail. No special provisions for insane and idiotic persons.

Arenac.—No. jail. Prisoners are kept in Bay county jail.

Baraga.—Jail is 24x26 feet, not including the sheriff's dwelling. It is built of brick and stone with slate roof, heated by stoves and ventilated by an air chamber and windows. Sewerage is in good condition. There are two cells, 7x8 feet, made of steel. There are separate rooms, away from the main jail, for female and boy prisoners and insane and idiotic persons.

Barry.—Jail is 30x68 feet, built of brick, heated by furnace and ventilated by windows. Have no sewerage. There are eight cells built of brick, wood and iron. No special provisions for female and boy prisoners, nor for insane and idiotic persons. Jail was condemned by the board of supervisors at their last meeting in June, 1891. I have not received orders

for the removal of the prisoners but expect to soon.

Bay.—Jail is 40x40 feet, built of brick, iron and wood, on stone foundation. It is heated by steam and ventilated by shafts and windows. Sewerage is in good condition. There are twenty-four cells in jail proper. The cells are 5x8 feet, made of iron. For female and boy prisoners there are special provisions above the jail proper, there being four cells and a corridor. There has been two padded cells added the past year for the accommodation of the insane and idiotic persons. The jail proper is provided with a bath room. For medical attendance \$800 per year is paid a physician by the county, whose district takes in the jail and poorhouse.

Benzie.—No jail in the county that we use. Prisoners are kept in Grand

Traverse county jail.

Berrien.—Jail is 44x44 feet, built of brick, stone and iron, heated by stoves and ventilated by windows at sides and top. No sewerage, use vaults. There are seventeen cells below and six above. They are 7x9 feet, made of stone and iron. Female and boy prisoners are kept apart in upper story of jail. Have no special provisions for insane and idiotic persons.

Branch.—Jail is 32x34 feet, built of brick, stone and iron, heated by furnace and ventilated by flues. The sewerage is in fair condition. There are eight cells 6x8 feet, made of boiler iron. There are two rooms above for female and boy prisoners. No special provision for insane and idiotic

persons.

Calhoun.—Jail is 36x48 feet, built of brick, stone and iron, heated by steam and ventilated by iron pipes in wall of jail. Sewerage is in first-class condition. There are twelve cells 6x10 and 9x12 feet, built of iron and steel. Have special provisions for female and boy prisoners and for insane

and idiotic persons.

Cass.—Jail is 36x48 feet, built of stone, brick and iron, heated by steam and ventilated by means of pipes running from each cell to ventilator in roof. Sewerage is in good condition. There are twelve cells $7\frac{1}{2}x7\frac{1}{2}$, one 10x12 and one 12x14 feet, built of stone and iron. The upper story is for female and boy prisoners. No special provisions for insane and idiotic persons.

Charlevoix.—The jails used by this county are not at the county seat, but are village jails, one at Charlevoix and the other at East Jordan, and are rented by the board of supervisors of Charlevoix county. There is one cell in each jail for the use of female and boy prisoners. No special pro-

visions for insane and idiotic persons.

Cheboygan.—Jail is 30x45 feet, built of brick, heated by furnace in basement of jail, and ventilated by windows. The sewerage is in good condition. There are six cells 5x10 feet, built of boiler iron. Have special provisions for female and boy prisoners, but none for insane and idiotic persons.

Chippewa.—No statement, hence we copy from last report. Jail is 30x34 feet, built of stone, heated by steam and ventilated by opening windows. Sewerage is in good condition. There are six cells, 6½x4 feet, built of iron and cement; for female and boy prisoners there are separate

rooms upstairs.

Clare.—Jail is 30x32 feet, built of brick, heated by hot water furnace and is without ventilation. Sewerage is in good condition. There are ten cells, 7x14 and 5x8 feet, built of iron. The cells for female and boy prisoners are in second story. No provisions for insane and idiotic persons.

Clinton.—Jail is $41x34x15\frac{1}{8}$ feet, built of brick, wood and iron, heated by furnace, ventilated by windows. Sewerage is in fair condition. There are fourteen cells, eight $7x7\frac{1}{8}$ and six 7x7 feet, made of wood and iron. There is one cell over the dwelling part for the female and boy prisoners. No

special provisions for the insane and idiotic.

Crawford.—Our main jail on first floor of court house is new and made of steel and iron. There are two good cells, four cots to each cell. Sewerage is in good condition. Jail for females is on second floor of court house. There are three cells, built of boiler iron, one cot to each cell. Both jails are in good condition and clean as could be expected.

Delta.—Jail is 22x22 feet, built of brick, heated by stoves, and ventilated by pipes through the roof. Sewerage is in good condition. There are two cells, 8x8 feet made of steel. No special provision for female and boy

prisoners, nor for insane and idiotic persons.

Eaton.—Jail is 25x27 feet inside, is built of brick, iron, steel and stone, is heated by steam, and ventilated by flues passing from floor to roof. Sewerage is very bad, almost unbearable. There are six cells and a city lock-up on the ground floor. Two cells are 5x7 feet, and four 7x7 feet, made of iron. For female and boy prisoners there are two rooms in sheriff's residence, also two large rooms in second story of jail. Special provisions are made for insane and idiotic persons.

Emmet.—Jail is $18_{12}^{6} \times 30_{13}^{8}$ feet, built of wood, heated by stoves, and ventilated by windows. No sewerage. There are four cells, one $9\times 10_{12}^{12}$ feet, one 6×9 feet, and two 7×7 feet. Vestibule 4×18 feet. Two of the cells are made of wood and two of steel. Have no special provisions for female

and boy prisoners, nor for insane and idiotic persons.

Genesee.—Jail is 30x32 feet, two stories, built of brick iron and stone, heated by stoves and ventilated by windows. Sewerage is in good condition. There are fifteen cells 5x7x8 feet, built of iron. Separate rooms are provided for female and boy prisoners. No special provisions for insane and idiotic persons.

Gladwin.—Jail is 16x26 feet, built of brick and stone, heated by wood stoves and ventilated by windows. Sewerage is in fair condition, There are three cells, 6x10 feet, built of $\frac{1}{4}$ inch iron. No special provisions for

female and boy prisioners nor for insane and idiotic persons.

Gogebic.—Jail is 30x30 feet, built of iron and stone, heated by steam and ventilated by registers. Sewerage is in good condition. There are seven cells 6x7 feet, built of boiler iron. Have two separate cells made of iron and wood for female and boy prisoners. No special provisions for insane

and idiotic persons.

Grand Traverse.—Jail is 30x30 feet, built of stone, brick, iron and steel, is heated by steam and ventilated by air passages. Sewerage is very good. There are 17 cells, size 6x7 feet, made of iron and steel. We have provisions in the third story of jail for female and boy prisoners. No special provisions for insane and idiotic persons. This is the common jail for Leelanau and Benzie counties.

Gratiot.—Jail is $31x31\frac{1}{2}$ feet, built of stone, iron, brick and wood, heated by furnace and stoves, and ventilated by windows. The sewerage is fairly good. There are 8 cells 5x7 feet. Six cells are made of iron and two of iron and wood. For female and boy prisoners there are two cells entirely separate, built of iron and wood. These are also used for insane and

idiotic persons.

Hillsdale.—Jail is 30x40 feet, built of brick, stone and iron, heated by steam, and ventilated by ventilating stack. Sewerage is in good condition. There are 14 cells; on the first floor, they are 8x8 feet, made of stone and iron, and on the second floor, 9x12 feet, made of iron with stone floor. There are two cells above for females and boys. No special provisions for insane and idiotic persons.

Houghton.—[Sheriff says no change from last report, hence we copy.] Jail 30x50 feet, two stories, is built of stone and brick, the floors of cement, the ceiling of corrugated iron. It is heated by steam and ventilated by chimneys built for that purpose. Sewerage is in excellent condition. There are thirteen double cells, 6½x7 feet, made of chilled steel. Have

special provisions for female and boy prisoners and for insane persons. The men's jail is in lower story, and contains ten cells inside of a chilled steel case with a passage around the outside. There are bath tubs and water closets inside. The women's jail is upstairs and contains three chilled steel cells, closet and wash basin. There are also two bath rooms and two bed rooms with wash basins and closets, and one without water or closet. The entire jail is supposed to be fire proof.

The county contracts with the sheriff at \$6,000 per annum to do all criminal work for which said county would be liable, boarding prisoners,

and conveying all convicts, insane, etc., to State institutions.

Huron.—Jail is 30x32 feet, built of brick with stone foundation, heated by steam, ventilated by ventilators leading from ceiling to chimney. Sewerage is in fair condition. There are 13 cells. Twelve cells 5x7 feet made of iron and one 7x10 feet made of wood. There is one cell for females. No special provisions for boys nor insane and idiotic persons.

Ingham.—Jail 19x26 feet, built of brick and iron, heated by stoves and ventilated by ventilator in roof and windows. Sewerage is in good condition. There are eight cells $4\frac{1}{2}x7$ feet, built of iron. The second story of jail is used for female and boy prisoners. No special provisions for insane

and idiotic persons.

Ionia.—Jail is 30½x32½ feet, built of brick, stone, wood and iron, heated by steam and ventilated by ventilators. Sewerage is in good condition. There are twelve cells 7 feet long, 5 feet wide and 7 feet high made of boiler iron with grated doors. One cell is all we have for female and boy

prisoners or for insane and idiotic persons.

Iosco.—Jail 22x22 feet, two stories high, is built of brick on stone foundation. It is heated by hot-air furnace and ventilated by ventilators in chimneys and through the roof. Sewerage is in good condition. There are four cells, each holding four prisoners. They are 6½x8 feet and 7 feet high. Two are made of steel and two of iron. There are two cells in the upper story that can be used for female and boy prisoners, or for insane and idiotic persons.

Our cells and cell corridor are so small that is is necessary to let the prisoners have the jail corridor for exercise during the day in warm weather. They are locked in the cells during the night. The outer wall

is brick 12 inches thick, lined with iron, and is perfectly safe.

Iron.—We have no jail in this county yet. Our prisoners are confined in Menominee county jail. Our jail will be ready for occupancy in a few

weeks.

Isabella.—Jail is 30x60 feet, built of brick, heated by stoves and ventilated by pipes. Sewerage is in good condition. There are 6 cells 8x12 feet, made of iron. No special provisions for female and boy prisoners nor for

insane and idiotic persons.

Jackson.—Jail is 40x60 feet, two stories high, built of brick, heated by stoves and ventilated by windows and doors. Sewerage is in bad condition. There are fourteen cells 5x7 feet, made of boiler iron. Female and boy prisoners are kept in second story of building. No special provisions for insane and idiotic persons.

Kalamazoo.—Jail is 40x70 feet, built of brick, heated by steam and ventilated by windows and ventilating shafts. Sewerage is in good condition. There are twenty-six cells 5x7x8 feet, made of stone, and a steel cage of four cells holding four prisoners each. There are five cells in the upper story and two large cells in the hall for boys, idiotic or insane inmates.

Kalkaska.—Jail is 24x32 feet, built of wood, heated by wood stoves and ventilated by openings from each cell 12x18 inches. No sewerage. There are five cells made of wood, three of these are lined with iron; four of the cells are 6x8 feet and one 6x12. No special provisions for female and boy prisoners or for insane and idiotic persons. The jail and sheriff's residence is unhealthy and in my judgment is unfit for the long confinement of prisoners.

Kent.—Jail is 40×100 feet, built of brick, heated by steam and ventilated by windows. Sewerage is in good condition. There are 45 cells: Thirty 5×7 feet, six 7×7 feet, one 10×12 feet, one 10×12 feet, two 10×16 feet, two 6×12 feet, one 9×15 feet, one 5×7 feet and one 6×10 feet, made of wood and iron. There are six cells for female and boy prisoners and two for insane and

idiotic persons.

Keevenaw.—Jail is 20 feet square. It is built of stone, heated by stoves and ventilated by windows and ventilators in chimney. Sewerage is in good condition. There are two cells 7x6x7 feet, made of iron. For female and boy prisoners there are separate rooms on the second floor. Have no special provision for insane and idiotic persons. Plenty of water has been brought into the jail by iron pipes under the ground from a dam one quarter of a mile away. The first story contains the two cells. In the second story there are two rooms each 10x20 feet. All the rooms have ventilators in chimneys. The sheriff's residence is attached to the jail, and is constructed of wood.

Lake.—Jail is 20x50 feet, built of brick, heated by stoves and ventilated by flue through chimney and by windows. Sewerage is not in the best condition. There are three cells in men's jail, 6x8 feet, made of iron and stone. Have special provisions for female and boy prisoners. None for

insane and idiotic persons.

Lapeer.—Jail is 26x32½ and 21 feet high, built of brick, heated by stoves and ventilated by windows and two ventilators. Sewerage is in good condition. There are 5 cells 6½x7 feet built of steel bars. For female and boy prisoners there are two cells separate from other prisoners. No special provisions for insane or idiotic persons. In fall of 1890 the old cells were torn out and new steel cells put in, making a reasonably good jail.

Leelanau.—Jail 16x24 feet, is built of 6x6 timber laid up and bolted. It is heated by a stove and ventilated by windows. Sewerage is in good condition. There are three cells: two 7x10, and one 6x12 feet, made of plank. No special provision for female and boy prisoners and none for

insane and idiotic persons.

Lenawee.—Jail 30x37 feet, is built of stone, brick and iron, heated by steam and ventilated by windows. Sewerage is in good condition. There are 14 cells 7x7 feet built of stone and iron. We have two separate cells for female and boy prisoners with barred windows and doors. The walls of jail have been plastered with Portland cement which is a very good

improvement.

Livingston.—Jail, 30x32 feet, is built of brick, stone and iron, heated by hot water, and ventilated by hot air flues running from cells to roof. Sewerage is in good condition. There are ten cells: six are 6x8, three are 6x10, and one is 10x14 feet. There is also a bath-room 6x10 feet. The lower cells are made of boiler iron, and those above are of plank and plaster. Have special provisions for female and boy prisoners, and one cell for insane and idiotic persons.

Luce.—Jail, 26x36 feet, built of brick, iron and wood, heated by steam.

Ventilation is good. Sewerage is in fair condition. There are five cells: three 7x9 feet, two 9x9 feet, three are made of iron and steel and two of wood. There are two wood cells for female and boy prisoners, also two

for insane and idiotic persons.

Mackinac.—Jail is built of brick, heated by stoves, and ventilated by windows and doors. Sewerage is in bad condition. There are four cells, 5x7 feet, made of stone and iron. No special provision for female and boy prisoners, nor for insane and idiotic persons. The jail is in bad condition and not safe; is unhealthy and not fit to put prisoners in.

Macomb.—Jail, 30x50 feet, is built of brick, heated by steam and ventilated by ventilating shaft. Sewerage is in fair condition. There are 12 cells 6x8 feet, made of iron. The rooms in second story are used for female and boy prisoners. No special provisions for insane and idiotic

persons.

Manistee.—Jail is built of brick and heated by steam. There are 13 cells: ten 4x7 feet, one 12x20 feet, one 12x12 feet, and one 9x12 feet, made of iron. There is one large room for female prisoners, also one for boy prisoners. No special provisions for insane and idiotic persons.

Manitou.—Jail 20 feet square, is built of plank laid flat, heated by stoves and ventilated by two windows. No sewerage. There are three cells 4x6 feet made of plank, 2x4 inches. No special provisions for female

and boy prisioners or for insane and idiotic persons.

Marquette.—[Sheriff says, "no change in jail since last year," hence we copy.] Jail is 28x28 feet, two stories high, built of stone, heated by steam and ventilated by windows and ventilators. Sewerage is in good condition. There are twelve cells. In the lower story there are six cells 5x7 feet, made of stone, and in the upper story there are six, which are 6x9 feet, made of iron. Have special provision for female and boy prisoners and for insane and idiotic persons.

Mason.—Jail is 30x22 feet, built of brick and iron, heated by furnace, and ventilated by chimney and windows. Sewerage is in good condition. There are eight cells 5x7 feet, made of iron. There are special provisions for female and boy prisoners, and also for insane and idiotic persons.

Mecosta.—Jail 20x24 feet, is built of wood lined with iron, heated by wood stoves and ventilated by windows. Sewerage is in good condition. There are four cells $4\frac{1}{2}x8$ feet with two bunks in each. The cells are made of wood lined with iron. Separate rooms for female and boy prisoners. No special provisions for insane and idiotic persons.

Menominee.—Jail 26x30 feet, is built of stone, brick and iron, heated by steam. Ventilation is good. Sewerage is in good condition. There are twelve cells 4x7 feet, made of iron. We have special provisions for female

and boy prisoners, but none for insane and idiotic persons.

Midland.—Main part of jail 38x42 feet, two stories, wing 17x33 feet, one story, built of brick, wood and iron, heated by stoves and hot water, ventilated by doors and windows. The sewerage is poorly constructed, but is in fair condition at present. There are fourteen cells, four 8x8 feet, eight 4x8 feet and two 4½x7 feet, made of sheet iron or steel. No special provisions for female and boy prisoners or for insane and idiotic persons.

Missaukee.—Jail 40x45 feet, is built with a stone foundation, brick walls, shingle roof and iron gratings, heated by furnace and ventilated by windows. Sewerage is in good condition. There are six cells in the jail 5x8 feet, made of sheet iron, and two cells in sheriff's residence, 8x12 feet,

made of wood with iron doors and windows, used for female and boy pris-

No special provisions for insane and idiotic persons.

Monroe.—Jail 30x30 feet, is built of brick and stone, heated by coal stove and ventilated by windows. No sewerage. There are nine cells 9x10 feet, made of wood and stone. No special provisions for female and boy prisoners or for insane and idiotic persons. Jail has been condemned for the last ten years.

Montcalm.—Jail 26x46 feet, is built of boiler iron, stone and brick, heated by steam and ventilated by air shaft. Sewerage is in good condi-There are ten cells, one 10x11 feet and nine 5x8 feet, made of boiler Have special provisions for female prisoners. None for insane and

idiotic persons.

Montmorency.—Jail 16x20 feet, is built of wood, heated by wood stove. There are two cells 6x8 feet, made of sheet iron. No special provisions for female and boy prisoners or for insane and idiotic persons.

Muskegon.—Jail burned May 16, 1891. We use the city lock-up. Newaygo.—Our jail has a floor measure of 1,450 square feet. It is built of wood and iron, heated by wood and coal stoves, and ventilated by windows. Sewerage is in good condition. There are 4 cells, each containing 40 square feet, floor measure. They are made of iron. For female and boy prisoners there are good rooms lathed and plastered and furnished with good beds. For the insane and idiotic there is a wooden cell with closet.

Oakland.—Our jail is a two story building 28x30 feet, built of brick, stone and iron, heated by steam and ventilated by air chambers. Sewerage is in good condition. There are 16 cells 6x8 feet made of iron. For boy prisoners there are two separate cells 8x10 feet and for females one room 12x16 feet, with bath room and water closet. One room for hospital, which

is also used for insane and idiotic persons.

Oceana.—The jail which is built of wood is heated by stove and ventilated by windows. Sewerage is in very good condition. There are six cells made of wood and iron. No special provisions for female and boy

prisoners or for insane and idiotic persons.

Ogemaw.—Jail, 30x40 feet inside, is built of brick, heated by furnace in basement of jail, and ventilated by air-box on top of cells running to coldair pipe. Sewerage is in good condition. There is an eight-inch sewer pipe and a supply of water in the residence. There are ten cells, 5x71 feet, made of five-ply metal (iron and steel). For female and boy prisoners there are two cells in the sheriff's residence. No special provision for insane and idiotic persons.

Sheriff's residence and jail are combined.

Ontonagon.—Jail 27x47 feet, is built of brick and stone, heated by stoves and ventilated by pipes and windows. Sewerage is in poor condition. There are 6 cells 7x4 feet, made of steel. No special provisions for female and boy prisoners or for insane and idiotic persons.

Osceola.—Jail 22x30 feet, is built of wood, heated by wood stoves, no system of ventilation. Sewerage is in very poor condition. There are three cells 4x7 feet, made of wood and iron. No special provisions for

female and boy prisoners or for insane and idiotic persons.

Oscoda. Jail 16x24 feet, is built of wood, heated by stoves and ventilated by windows. No sewerage. There are two cells 4x8 feet, made of iron. No special provision for female and boy prisoners, or for insane and idiotic persons.

Otsego.—Jail 16x32 feet, is built of wood, heated by stoves and ventilated

by windows. Sewerage is in poor condition. There are three cells 6x8 feet, made of iron. There is a room in the sheriff's residence that is used for female and boy prisoners. No special provision for insane and idiotic

persons.

Ottawa.—Jail 30x36 feet, is built of brick and iron, heated by furnace and ventilated by pipes and windows. Sewerage is in good condition. There are nine cells: four 8x7, two 5x8, two 12x8 and one 8x20 feet, made of boiler iron. There are two cells 12x8 feet for women and boy prisoners. These cells are also used for insane and idiotic persons.

Presque Isle.—Jail 11x14 feet, is built of stone and steel plate, heated by stoves and ventilated by windows. Sewerage is in good condition. There are five cells 5½x9 feet, made of stone. No special provision for

female and boy prisoners or for insane and idiotic persons.

Roscommon.—Jail is a two-story building 20x30 feet, built of wood, heated by stoves and ventilated by windows. No sewerage. There are five cells $6x8\frac{1}{2}$ feet, made of iron sheeting $\frac{2}{3}$ inch thick. There are two cells up stairs for female and boy prisoners. A yard with high fence is attached to jail.

Saginaw.—The main building of the jail is 30x36 feet and the addition is 26x36 feet. The jail is built of brick, heated by steam. Ventilation and sewerage are good. There are twenty-four cells 5x7 feet and 7x7 feet, built of iron. For female and boy prisoners there are separate cells in the addition. No special provision for insane and idiotic persons.

Sanilac.—Jail 34x38 feet, is built of brick, heated by stoves and ventilated by windows. Sewerage is very bad. There are three cells 5x8 feet, two made of iron and one of steel. Have no special provisions for female

and boy prisoners, and none for insane and idiotic persons.

Schoolcraft.—Jail 30x40 feet, is built of wood, heated by stoves and ventilated by windows. Sewerage is good. There are six cells 6x8 feet, made of iron. Special provision for female and boy prisioners, and insane and

idiotic persons, on the second floor.

Shiawassee.—The jail is built of brick and iron, heated by coal stoves and ventilated by windows. The condition of sewerage is good. There are 8 cells 6½x7 and 8x9 feet, made of iron. There are cells in second story for female and boy prisoners. No special provision for insane and idiotic persons.

St. Clair.—Jail is built of brick and stone, heated by stoves. Sewerage is in fair condition. There are 28 cells 8x10 feet, made of steel plate. Special provisions for female and boy prisoners and insane and idiotic

persons.

St. Joseph.—Jail is 40x50 feet, with wing for dining-room and kitchen, is built of brick, heated by coal and wood stoves, and ventilated by doors and windows. Sewerage is in good condition. There are fifteen cells: four are 8x10 and eleven are 4x10 feet, lined with boiler iron. For female and boy prisoners there are separate rooms with iron door between. No special provision for insane and idiotic persons.

Tuscola.—Jail 34x34 feet, built of brick and stone, heated by stove and ventilated by windows. Sewerage is in poor condition. There are seven cells: six are 5x8 feet, made of iron, and one 8x8 feet, made of wood, this being used for female and boy prisoners. No special provision for

insane and idiotic persons.

Van Buren.—Jail is 24x40 feet, built of wood, heated by stoves and ventilated by windows. Sewerage is in bad condition. There are ten

cells, 6x8 feet and 5x10 feet made of wood and iron. For female and boy prisoners, we have three cells on the second floor. No special provision

for insane and idiotic persons.

Washtenaw.—Jail is 32x32 feet, exclusive of residence, built of brick, heated by steam and ventilated by registers opening into flues to top of building. Sewerage is in good condition. There are eighteen cells, 4½x7 feet, made of steel. Female and boy prisoners are kept in cells on second floor, also insane and idiotic persons.

Wayne.—Jail is 43x92 feet, built of stone, heated by steam and ventilated by seven windows in each ward of which there are six containing thirteen cells 4x6 feet, built of brick and stone. The sewerage is in good condition. There is one ward for female and one for boy prisoners. No

special provision for insane and idiotic persons.

Wexford.—Jail is 30x30 feet, built of brick, stone and iron, heated by furnace and ventilated by large chimney and windows. Sewerage is not in good condition. There are six cells 5x7 feet, two are steel cages and four are of brick and steel. For boy prisoners there are cells upstairs in sheriff's residence. No special provision for female prisoners nor for insane and idiotic persons.

TWENTY-FIRST ANNUAL ABSTRACT

OF THE

REPORTS

OF

SUPERINTENDENTS OF THE POOR

IN THE

STATE OF MICHIGAN.

ROBERT R. BLACKER, SECRETARY OF STATE
JUNE 30, 1891

BY AUTHORITY

LANSING
ROBERT SMITH & CO., STATE PRINTERS AND BINDERS
1892

ABSTRACT.

TABLES I. TO XII., INCLUSIVE.

EXHIBIT A AND SCHEDULES A AND B.

CONTENTS.

The distinction between county and township poor.

EXHIBIT A.—Statements concerning paupers and indigent persons, for the years 1891, 1890, 1889, 1888 and 1887.

Table I.—The average number, whole number, number of each sex, and number under 16 years of age, and the whole number and average number each of the insane, idiotic, blind and mute paupers maintained in the poorhouses.

Table II.—Nationalities of paupers.

TABLE III.—The number of births, illegitimate births, and deaths at the poorhouses the number of persons temporarily relieved, and the number of permanent paupers maintained outside the poorhouses; the number of poor persons supported at public institutions, and the number of different persons who have received assistance in any form.

TABLE IV.—Causes of pauperism of inmates of the poorhouses,

TABLE V.—Causes of indigency of the families relieved outside the poorhouses.

TABLE VI.—Whole amount expended in the care and support of the poor; amounts paid from the poor funds and from other funds.

TABLE VII.—Poorhouse and poor-farm expenses.

TABLE VIII.—Average cost of each pauper in the poorhouses, and average cost per week of each pauper maintained in the poorhouses.

TABLE IX.—Expenditures for temporary relief and for maintenance of permanent paupers outside the poorhouses.

TABLE X.—Amounts paid for official services in relation to the poor; amounts paid for maintenance of poor persons at public institutions.

TABLE XI.—Value of paupers' labor and of farm products; per cent of value of products to capital invested.

TABLE XII.—Value of farms and appurtenances; interest on capital invested.

Schedule A.—Statements relative to the poorhouses, and treatment, care, etc., of inmates.

SCHEDULE B.—List of superintendents, by counties.

MICHIGAN,
DEPARTMENT OF STATE,
Lansing, June 28, 1892.

HON. EDWIN B. WINANS, Governor of the State of Michigan:

SIR—As required by law, I submit herewith the Twenty-first Abstract of the Reports of the Superintendents of the Poor, it being for the year ending June 30, 1891.

Very respectfully,

ROBERT R. BLACKER,

Secretary of State.

THE DISTINCTION BETWEEN COUNTY AND TOWNSHIP POOR.

Counties, so far as reported, in which a distinction is made between county and township poor:

Berrien. Kalkaska, Mason, Ontonagon, Delta, Kent, Midland, Ottawa, Grand Traverse, Keweenaw, Monroe. Saginaw, Muskegon. Wayne. Ingham. Livingston, Jackson, Mackinac,

Counties, so far as reported, in which no distinction is made between county and township poor:

Alcona, Chippewa, Leelanau, Oscoda. Roscommon. Clare. Macomb. Alger, Eaton. Marquette. Sanilac, Alpena. Schoolcraft. Arenac, Emmet, Mecosta, Missaukee. Genesee. Shiawassee. Barry, Gladwin. Montcalm. St. Joseph, Benzie, Branch. Gratiot. Newaygo, Tuscola. Charlevoix, Huron. Oceana. Van Buren, Case. Isabella, Osceola, Wexford. Cheboygan, Kalamazoo,

Counties from which no report has been received relative to the distinction between county and township poor:

Allegan, Hillsdale. Lenawee. Oakland, · Antrim, Houghton, Luce. Ogemaw, Baraga, Ionia. Manistee. Otsego, Bay, Tosco, Manitou, Presque Isle, Calhoun, Iron, Menominee. St. Clair, Washtenaw. Clinton. Lake. Montmorency. Crawford, Lapeer,

ABSTRACT OF REPORTS.

EXHIBIT A.

Statements concerning the paupers and indigent persons in Michigan for the years ending June 30, 1891, 1890, 1889, and 1888, for the nine months ending June 30, 1887.

	Year ending June 30, 1891.	Year ending June 30, 1890.	Year ending June 30, 1889.	Year ending June 30, 1888.	Nine months ending June 30, 1887.

a County has a home but its value is not reported.

SCHEDULE A.

Statement of the superintendents in relation to the condition of the poorhouses and other buildings, the facilities for bathing, warming, and ventilating; the treatment, food, and clothing for the paupers, the care of the sick, the accommodations for, and treatment of, the insane and idiotic, and the education of the children.

Alcona.—The poorhouse is located in the township of Harrisville. The house and barns are in good condition. No special facilities for bathing. The building is warmed by wood stoves. Ventilation is by doors and windows. The paupers are treated kindly and are well fed. Their clothing is comfortable. The sick are well cared for. No special accommodations for the insane and idiotic. Have no children to educate.

Alger.—[No poorhouse nor farm.]

Allegan.—The poorhouse is located in the township of Allegan, four and one-half miles north of the village. The house is of brick, two stories with basement. It is nearly new, and painted inside and kept in good repair. There are two barns, a wagonhouse, tool-house, hog pen and out-houses, also a building for the insane, and one for a school-house now occassionally used for a hospital. Facilities for bathing—large tubs and bath tubs. Warming of buildings is by furnaces in main building also one in building for the insane. Ventilation is by transoms over doors, wire screens in windows and doors. The paupers are treated kindly but with decision. Food consists of wheat, corn and graham bread, beef, pork, butter, milk, cheese, sugar, syrup, coffee, tea, pie, cake and crackers, also occasionally potatoes, turnips, beets and other garden vegetables. The clothing for the females is cotton and woolen for underclothing and worsted, gingham and print for outside clothing; it is made in the house. Men's clothing mostly woolen bought ready made. The sick are cared for by experienced nurses in well ventilated rooms with medical attendance when necessary. Have a special building for the accommodation of the insane and idiotic. The children are educated at the State Public School or in private families. We have one boy, returned from the State Public School as incorrigible, who is kept at the poorhouse for the reason we can get him kept at no other place, also two crippled children, one an epileptic and the other deaf, and an infant kept outside the poorhouse.

Alpena.—Our poorhouse was burned last July and have since rented a house in the city of Alpena. Facilities for bathing, tubs and pails. Buildings are warmed by wood stoves. Ventilated by doors, windows and transoms. Treatment of paupers is good. Food consists of farmer's fare. Clothing is suited to the season of the year. The sick have good care. Have no accommodations for the insane and idiotic. We keep no children in the house.

Antrim.—The poorhouse is located in Kearney township one mile from Bellaire, the county seat. It is a new frame building, the main part is 22x36 feet with two wings, each 22x29 feet, all two stories high, with a stone basement. The kitchen and washroom is 21x27 feet, one story, with a stone foundation. Facilities for bathing, bath tub. Building is warmed by a furnace. Ventilated by ventilators, doors and transoms. Treatment of paupers is good. The food is about the same as the average farmer's. Clothing is plain. The sick have good care and medical treatment. The insane and idiotic have poor accommodations. No children to educate.

Arenac.—The poor farm is located in the township of Arenac, was rented April, 1890, for three years. The consideration was certain improvements to be made thereon, said improvements are being performed according to contract.

Baraga.—[No poorhouse nor farm.]

Barry.—The poorhouse is located in the township of Hastings. The condition of buildings is good. Facilities for bathing, bath tub in furnace room. The building is warmed by furnaces in basement. Ventilation is by transoms over doors, and in connection with furnaces. The paupers are treated kindly and humanely. Their food consists of bread, meat, vegetables, tea, milk, syrup, etc. Suitable clothing, for the different seasons of the year, is provided. The sick have medical attendance and extra nursing when required. We have rooms especially for the insane and idiotic. Children are sent to the district school.

Bay.—The poorhouse is located in the township of Hampton, about four miles from Bay City, is a two story frame building, not built for a poorhouse but for a common farm house. It has been added to several times and is now all that can be desired for that purpose. Several of the inmates' bed rooms have recently been replastered, whitewashed and painted. Also several bug proof iron bedsteads have replaced the old wooden ones and hardwood floors have been laid in the sitting and dining rooms. The farm buildings are 20 or 30 rods from the poorhouse, and are in the very best condition. Facilities for bathing, are bath tube in a warm and convenient room, adjoining the All inmates, if not ill, are house, supplied with warm and cold water as required. required to bathe once a week, and all are required to bathe immediately when admitted to the house, and put on new clothes provided by the county. These rules are strictly enforced. The rooms are heated by wood and coal stoves. The method of heating and ventilating the sick rooms has been much changed within the last few months so that greater comfort is secured for the sick. Ventilation is by windows in each room and transoms over each door. The paupers are treated kindly at all times. Just rules are established for the care and management of the inmates which are kindly enforced, and the keeper, James Partelo and his wife, are untiring in their efforts to make the lives of the paupers pleasant. The paupers are well fed; for breakfast they usually have porridge, bread and butter, apple sauce and coffee; for dinner, soup, fresh or salt meat, potatoes and other vegetables, bread, butter, tea and milk; and for supper, bread, butter, pie occasionally, tea and sauce. All meals are well cooked, and suited to the age and health of the inmates. The clothing is suitable, and adapted to the different seasons of the year. It is as good as our farmers wear, and is kept mended and clean. The sick are cared for by the keeper and his wife and such inmates as are able to assist them. A competent physician is employed at a yearly salary who visits the house once a week and oftener if necessary. We have no insane in the poorhouse, all being sent to the Eastern Asylum at Pontiac, where they can have proper attention and care. The idiotic, of whom there are three, are kindly treated. The other inmates being kind to them, and treating them as brothers. There are no children admitted to the poorhouse. They are generally adopted by the citizens, or in some instances, which are very seldom, they are sent to the State Public School at Coldwater. The Bay county farm contains 120 acres of land, all under cultivation, and in as good condition as any farm in the county. Our farm raises as good crops as any one if not the best in the township. Our last crop was as follows: Wheat, 254 bushels; oats, 486; peas, 93; corn, 1,200; potatoes, 325; carrots, 500; mangel wurzel, 200; beans, 15; and onions, 15 bushels; 21 tons of hay, 100 bushels of buckwheat; two tons of squash; a large number of cabbages, and other vegetables. We have on the farm seven milch cows, four horses, colts, heifers, pigs, etc., and all the necessary farming implements required. Our keeper and his wife seem to be well qualified for their difficult position, and they possess the faculty of controlling the inmates, some of whom are of weak mind, consequently have some difficulties among themselves, but a word from the keeper acts "like oil poured upon disturbed waters." The crops now growing on the farm, from appearances, will turn out well, excepting the hay, owing to the very dry weather we had in the spring.

Benzie.—[No poorhouse nor farm.]

Berrien.—The poorhouse is located in the township of Berrien, one mile from Berrien Centre, a station on the C. W. & M. Ry., and three miles from Berrien Springs, the county seat. The general condition of the poorhouse and other buildings is good. There are bath tubs on the first floor for the use of the males and on the second floor for the use of the females. All rooms in the building are warmed by steam from a boiler located in the basement. Ventilation is by windows, transoms and air We consider the treatment of the inmates of our poorhouse shafts built in the walls. to be humane and no more restraint is used in their government than is necessary to prevent them from becoming nuisances in the neighborhood or injuring themselves and one another. Their food consists of bread, butter, meat, potatoes, vegetables, fruits in season, tea, coffee, etc. The inmates are supplied with such clothing as is necessary to make them comfortable, comfort being the object sought rather than style. Our physician is a graduate of the Michigan University; his office and residence is at Berrien Centre. He is called whenever occasion requires his services. done by the help employed in the house assisted by the inmates under the direction of the keeper or matron. The accommodations for the insane and idiotic is the same as the other inmates except that such as show a disposition to be violent or to wander away are not allowed outside the building without an attendant, while two or three are kept most of the time confined in their rooms. The three children who have been in the county house during most of the year, who could not be admitted to the State School, have been sent to the district school.

Branch.—The poor farm is located two miles north of the city of Coldwater. The buildings are in fair condition. The poorhouse is warmed by steam. There has been an ice and milk house with creamery built the last year, which adds very much to the convenience in the care of milk and butter. The inmates are required to bathe once each week and observe the rules of the house. They are receiving kind treatment and are well cared for in every respect.

Calhoun.—Our poorhouse is located in the township of Marengo, about two miles northeast from Marshall City. The main building is old but in good repair, well ventilated and heated by steam. We have a brick building newly built especially intended for the insane with hospital accommodations such as laundry, bath room, etc. The building is warmed by steam. Facilities for bathing, in old building, consists of bathroom, bath tubs and water connection. Both new and old buildings are warmed by steam. The paupers are humanely treated and made as comfortable as possible under the circumstances. Food would be rated with wholesome farmers living. The clothing is comfortable and is adapted to the season of the year, as far as practical, and kept clean. We have a regular attendant to take care of the sick and a salaried physician subject to call at any time. The accommodations for the insane and idiotic are good. The rooms are fire-proof and heated by steam. Children temporarily in the poorhouse have the privilege of the district school.

Cass.—The poorhouse is located in the township of Jefferson. The house asylum and farm buildings are in good condition. The main buildings and asylum are built of brick. The facilities for bathing, good bath tub, water heated by steam. The buildings are warmed by steam. Ventilation of buildings is good. The paupers are treated kindly. The food is good, well cooked, and served at tables in the dining room; it consists of bread, meat, vegetables, tea, and coffee. Good, comfortable clothing is furnished the inmates and is adapted to the different seasons of the year. The sick are well cared for and provided with such food as they can eat. Those persons violently insane are sent to the Kalamazoo asylum. A brick asylum is used for temporary cases. All children of a suitable age and mental condition are sent to the State Public School at Coldwater, and none capable of receiving an education are kept in the county-house.

Charlevoix.—[No poorhouse nor farm.]

Cheboygan.—The poorhouse is located in the city of Cheboygan. The general condition is good. Facilities for bathing, a good bath tub. All when admitted are required to bathe. The building is warmed by stoves, wood is used for fuel. Ventilation is by opening doors and windows. Good food of many varieties is provided. The clothing is good and is provided when needed. The sick are nursed by the keeper and his wife under the direction of the county physician. We have no insane or idiotic persons. No children to take care of this year. We have a county physician for the whole county who is required to employ another for the southern part of the county.

Chippewa.—The poorhouse is located in the city of Sault Ste. Marie. The house and other buildings are in good condition. Facilities for bathing, a bath room, and the inmates take a bath when necessary. The poorhouse is heated by wood and coal and the house is kept warm and comfortable. The only means of ventilation is by windows and doors. The keeper, Mr. Donaldson, treats the inmates kindly and is firm in making them do what is right. Those that are able to work are required to do what they can. The paupers are well fed with porridge generally for breakfast, coffee, bread and butter and apple sauce; for dinner they have fresh or salt meat, soup, potatoes, and vegetables of different kinds; for supper they have tea, bread, butter, and generally pie and sauce. They have good food. They are well clothed, in summer with cheap clothing suitable to the season, and it is kept nice and clean; in winter they are clothed with heavy clothing. The sick are taken care of by the keeper and inmates, or by a nurse; everything necessary for their comfort is provided. There are no particular accommodations for the insane and idiotic. We have not had many of them, they are taken care of in an apartment by themselves until we can send them to the asylum. The children are sent to the country school not far from the country house, and they are educated there until we get places for them where they will be well educated and cared for. The keeper of the poorhouse is a good and wise man, and he and the inmates get along well. He deals with them very kindly, but firmly, and what he says must be done. The superintendents meet at the country poorhouse once every month, unless a special meeting is called.

Clare.—The poorhouse, situated in the corporate limits of the city of Harrison, is in good condition. Facilities for bathing, tubs. The building is warmed by wood stoves. Ventilation is by doors and windows. The treatment of paupers is for their best inter-

ests. The food is plain and substantial. They are supplied with clothing that is suitable for the season of the year. The sick are well treated and a competent physician is employed. The insane are sent to Traverse City. We have no idiotic. We have no children. We are continuing the same plan as heretofore in the care and support of the poor. We hire the inmates boarded which is the keeper's salary. We rent him the farm for \$125 per year. We also rent the old farm, situated in Grant township, for \$100 per year.

Clinton.—Same as last year, hence we copy. The poorhouse is located in the township of Bingham, and is in good condition. Facilities for bathing, bath tubs. Buildings are warmed by furnace in part and by stoves in part. The ventilation is fair. The treatment of the paupers, their food, clothing, and the care of the sick are all good. For the insane and idiotic there is a brick building separate from the poorhouse.

Crawford.—The poorhouse, situated in Grayling township, is in good condition. Have no facilities for bathing. Buildings are warmed by good stoves, using wood for fuel. Ventilation, food, clothing, and care of the sick are all good. The paupers have excellent treatment. We have no accommodations for the insane and idiotic. Have no children

Delta.—The poorhouse is located in the city of Escanaba. The house and other buildings are in good condition. We have 80 acres of land and raise vegetables and other farm products. Facilities for bathing are good, we have six bath rooms supplied with hot and cold water. Our hospital has a complete system of steam heating; at our poor farm the buildings are heated by wood stoves. Ventilation of buildings, good. The paupers are well treated. Our food is such as is approved by county physician, very good. The clothing is cheap, but comfortable. The sick are cared for at the county hospital, one of the finest institutions in the State. Sisters of St. Francis employed as nurses. We have no accommodations for insane and idiotic. The children are cared for by Commissioner of Charity.

Eaton.—The poor farm is located in the township of Chester and is the S.W. ½ of section 31. The poorhouse is ample for the accommodation of 75 inmates. A new building was erected last season that will accommodate 30 men. The buildings are all of brick and mostly new. Barns and out buildings are in good repair. Facilities for bathing, bath-tubs in bath-room. The rooms are all warmed by steam from one boiler. Ventilation is by windows and transoms. The treatment of paupers is humane, no corporal punishment allowed. The food consists of beef, pork and fish, vegetables of all kinds, bread and butter, use milk freely. The men's clothing is mostly of woolen, some cotten in summer. Women's clothing mostly cotton, some flannel in winter. The sick are cared for by the attending physician, and nursed by keeper and matron assisted by some of the inmates. No insane are kept at the county house. The children attend the district school.

Emmet...—The poorhouse is located in the township of Maple River. and is in good condition. Facilities for bathing, tubs and buckets. The building is warmed by stoves. Ventilation is by doors and windows. The paupers are treated humanely. Food is good. Their clothing is all that is necessary. The sick have good care. No provision is made for the insane and idiotic. We have no children to educate. We give the keeper of the poorhouse use of farm and pauper labor, he also boards the paupers for \$2.00 per week and in case of sickness he gets more.

Genesee.—The county poor farm is located in the township of Burton, two and one-half miles south of the city of Flint. The building is of brick, size 60x120 feet, two stories high. The front is occupied by the females, the rear by the males; each department being separate, and provided with sitting and dining rooms on first floor. Sleeping rooms above. Each department has bath-rooms with hot and cold water. The inmates are required to bathe once each week and oftener if necessary. This rule is strictly enforced. The building is warmed by coal stoves, all the rooms being warm and comfortable. In some of the rooms we have ventilating flues, and in others we ventilate by the windows. The paupers are all treated kindly, no favoritism being allowed. Those that are able to work we give some light employment, in most cases they prefer it. None are allowed to leave the farm without the overseer's permission. Good substantial food is furnished. Special pains are taken to clothe the paupers warm, especially in winter; each person having two suits. We have separate rooms for the care of the sick. A physician visits the house twice a week and oftener if necessary. We have accommodations for only those that are mildly insane, of which we have a few. We give them their full liberty to wander around the yard and building. The district school being uear, if we have any capable children we send them, but as a general thing we have few of that class as we send them to Coldwater.

Gladwin.—The county farm is situated in Sage township. The condition of the house is fair, but the barns and other out buildings are poor. Facilities for bathing, tubs. Building is warmed by stoves and ventilated by doors and windows. The treatment of paupers is good as far as ascertained. Food is good as could be desired. Clothing is sufficient. It has been reported that the sick are not properly cared for, and it is now under investigation. We have no accommodation for the insane and idiotic, nor for the education of children.

Gogebic.—[No report.]

Grand Traverse.—Have no county farm, the poor are kept in a boarding house in Traverse City. We have no facilities for bathing. Buildings are warmed by stoves. Ventilated by doors and windows. The treatment of paupers is kind. The food is wholesome. Clothing comfortable. The sick have the best of care. No accommodations for the insane and idiotic. The children are educated at the public school.

Gratiot.—The poorhouse is located in the township of Newark. The house and other buildings are good. Facilities for bathing, bath tubs, water, soap and scrubbing brushes. Buildings are warmed by stoves. Ventilated by doors, windows and transoms. Treatment of paupers, good. The food consists of bread, butter, meat, potatoes, and other vegetables. In fact a regular farmer's table is spread. The clothing is good and comfortable. The sick have good care and the best possible medical treatment. No special accommodations for the insane and idiotic. The children are educated at the State Public School. We hire the keeper and give him use of farm and pauper labor, and allow him \$1.50 per week for each pauper, the same to pay for board and clothes of inmates; he to care for the sick.

and clothes of inmates; he to care for the sick.

Hillsdale.—The poorhouse is located in the township of Cambria. The buildings are in first-class repair. Facilities for bathing, good. The building is warmed by furnace and stoves, using both coal and wood. The buildings are nicely ventilated. The treatment of paupers must be kind and humane. Good, wholesome food, and plenty of it, such as farmers use. Meat of all kind, beef, pork, veal, poultry, etc., and the milk and butter from twenty good cows. The clothing is such as the majority of farmers wear. The sick are cared for by the keeper and wife, with a good physician when called for. The insane, if trusty, have the freedom of the yard and grounds, and if able to work are required to do so, by the advice of attending physician. The idiotic are kept in cottages, each sex by themselves, and all treated kindly. If the children are qualified they are sent to the State school at Coldwater.

Houghton.—Our county poorhouse is situated in the township of Hancock, on the south shore of Portage Lake. The land is dry, poor and rocky. Buildings are in good condition and are well ventilated. Our only facilities for bathing are wash tubs. Buildings are heated with large wood stoves. The treatment of paupers is kind but firm. They have three meals per day, vegetables and meat for dinner; tea, bread and butter for breakfast and supper. The sick are fed by order of county physician. The clothing is warm and heavy, to suit the climate. Our hospital is under the charge of the county physician. We have no accommodations for the insane and idiotic, have to send them to the asylum. If there is a sufficient number of children, we have six months' school in winter.

Huron.—The poorhouse is located in Colfax township, and is in good condition. Facilities for bathing, bath room and bath tubs. The building is warmed by wood stoves, and ventilated by doors and windows. The paupers have good, fair treatment. Food consists of wheat bread, beef, pork, eggs, and different kinds of vegetables. The clothing is woolen and cottonades. The sick are well cared for; a physician is hired by the year to attend them. Have no insane and idiotic. Have a cell we might use if needed. The children attend the district school near the poorhouse.

Ingham.—The poorhouse is located in the township of Meridian. Condition of buildings is good. Facilities for bathing, bath room. Buildings are warmed by hot air. Ventilation is good. The treatment of paupers could be no better. They have first-class food and comfortable clothing. The sick are well cared for. We have no accommodations for the insane and idiotic. Have no children to educate.

Ionia.—The poorhouse is located in the township of Ronald. Buildings are kept in good repair. Facilities for bathing, pails and tubs. The buildings are warmed by furnace and stoves. The ventilation is not perfect, same objections as heretofore existed. Kind treatment prevails, and is generally appreciated. Plain and substantial food, with plenty of milk and vegetables. The clothing is of wool and cotton as required by the temperature and condition of person. The county physician visits the sick on call of the keeper, and a room is provided for use as hospital. The accommodations for the insane and idiotic are very poor. Education of children same as reported last year.

Iosco.—The poorhouse, located in Tawas township, is in good condition. No facilities for bathing. Building is warmed by hot-air furnace. Ventilated by doors and windows. The treatment, food and clothing of the paupers is good. The sick are well cared for. There is an asylum about 100 feet from the main building, for the accommodation of the insane and idiotic. The children are educated at school, one-half mile from county farm.

Iron.—County owns no poorhouse, poor farm, or county hospital. A private hospital in Felch township was designated a temporary county hospital and patients paid for by the month. With the number of permanently indigent people in the county, it is the opinion of the superintendents of the poor that a poorhouse and farm would be an expensive method of caring for the poor. There are practically no paupers in the county that are not sick. Many of these are county charges for a short time only and are cared for at their boarding houses and homes until able again to take care of themselves.

Isabella.—The poor farm and buildings are located in the township of Chippewa, about seven miles from Mt. Pleasant, the county seat of Isabella county. The main building which is assigned to the use of the male inmates is comparatively new and in good shape. The barns and other buildings are fair but not sufficient for the wants of the farm. The building occupied by the female inmates and also as the residence of the keeper is in fair condition, but not as complete as the building occupied by the male inmates. We have also an extra building for those persons who are infected with contagious or loathsome diseases. Facilities for bathing, a good bath tub for the male department, but this is all there is in the poorhouse. Buildings are warmed by stoves using wood for fuel. The apartment for males is well ventilated, but the other department depends on the open door and raised window for fresh air. The inmates are treated kindly, but sometimes measures have to be taken to insure discipline, which, if looked upon by a person who does not know the reason for the same, might be considered other than kindly, but there is no corporal punishment inflicted in the institution, and it is the aim of the keeper to keep the inmates as much occupied as possible according to their strength and ability. The inmates have good substantial food with something extra as luxuries on holidays. The inmates are properly clothed. The sick are well cared for. The physician visits the poorhouse once in two weeks and always comes at the call of the overseer when anyone needs continued care. All persons of weak mental condition are together, the only division made is in regard to sex. They are treated kindly but no effort is made to train or cure them. There is only one child in the poorhouse, and he is an imbecile, physically and mentally.

Juckson.—The poorhouse is located in the township of Blackman, and is in good condition. Facilities for bathing, bath rooms in both departments and on both floors. The buildings are heated by steam. Ventilation is by open fireplaces in hospital rooms and ventilating shafts in all chimneys. Food consists of beef and pork, fresh and salt, and vegetables in season. The clothing is good. A physician is hired by the year. We have wards for the insane in both departments. The children are sent to Coldwater.

Kalamazoo.—The poorhouse is located in the township of Comstock. Buildings are in good order. Facilities for bathing, tubs with warm and cold water. Buildings are heated by steam. We have one cook stove in the cook's department and one range in the overseer's department. Ventilation is such that every room in the house can be ventilated without raising windows and opening doors. The treatment of paupers is good and humane. A good overseer and the best kind of a matron. The food consists of bread, meat, potatoes, coffee, tea, and a general variety of vegetables in their season. Clothing is good and comfortable, shoes, hose, and underclothing when needed. The sick are cared for at the hospital, a physicián employed to attend them when needed. They are treated with kindness. As we have no violently insane persons, we let them go as they please. Do not have to shut any of them up. They are well taken care of. At present we have only four children in the house; they are sent to the district school.

Kalkaska.—[No poorhouse nor farm].

Kent.—The poorhouse is located in the township of Paris, six miles east of the city of Grand Rapids. The farm consists of 146 acres of land, all improved. Barns are in good condition, the house is old. An appropriation has been made by the board of supervisors for a new building. Amount appropriated, \$25,000. Facilities for bathing, bath room. Buildings are warmed by wood and coal stoves. Ventilated by transoms over doors and windows, one building ventilated by the Ruttan system. The paupers are treated kindly and humanely. Disorderly and disobedient ones are confined in

cells. Food consists of beef, pork, fish, milk, butter, coffee, tea, sugar, and all kinds of vegetables raised on the farm. Clothing is of woolen and cotton, according to season. All are comfortably clothed. The sick are attended by county physician when necessary, also proper nourishment and nursing is furnished. The insane and idiotic are kept in separate building warmed by coal stove and well ventilated. The building contains bath rooms, and cells to be used for the violently insane. As no children are kept in poorhouse for any length of time no provision is made for their education.

Keweenaw.—The building occupied as a poorhouse is located in Eagle Harbor township. It is a frame building with suitable out buildings and in good repair. The heuse is not owned by the county. Facilities for bathing, ordinary wash tub. The buildings are warmed by wood stoves and ventilated by doors and windows. Good treatment is required from the keeper. The food is plain and substantial. Clothing is suited to the climate. The sick are cared for by an attending physician. We have no insane or idiotic persons in the poorhouse. The children are educated at the public schools.

Lake.—The county house is located in the township of Chase; the condition of the house and other buildings is good. Have no facilities for bathing. The buildings are warmed by stoves and ventilated by windows and doors. The paupers are well treated and cared for. They have good wholesome food and comfortable clothing. The sick are well cared for and extra nurses are furnished when necessary. No accommodations for the insane. Have two feeble-minded children in poorhouse not old enough to be taught.

Lapeer.—The poorhouse is located in the township of Mayfield. Facilities for bathing, bath tubs with hot and cold water. Buildings are warmed by steam. Ventilated by flues in chimneys and transoms over doors. The treatment of paupers is humane, no corporal punishment is allowed. Food consists of flour, pork, beef, fish, sugar, tea, coffee, butter, milk and such vegetables as are grown on the farm. Clothing is of woolen or cotton as season requires. The sick have the attendance of the county physician when needed. No special accommodation for the insane and idiotic. The children are educated at the district school.

Leelanau.—[No poorhouse.]

Lenawee.—The poorhouse is located in the township of Madison. All buildings are in good repair. Facilities for bathing, two bath houses with four tubs for hot and cold water. Buildings are heated by steam. Ventilation is good. The treatment of paupers is kind, no corporal punishment is allowed. Food consists of bread and meat, of the best quality, and eggs, also the milk and butter from twelve cows are consumed by the inmates. Clothing consists of woolen in winter and cotton in summer, and a plentiful supply. A competent physician is employed by the year to care for the sick. The hospital is heated by steam and has modern water closets, bath room with hot and cold water. Everything is in first class condition. In all cases the sick have careful nursing. We have no insane or idiotic. The children are sent to district school.

Livingston.—The poorhouse is located in the township of Marion. Facilities for bathing, good. The buildings are warmed by steam. The ventilation, treatment, food, clothing, and care of the sick are all good.

Luce.—The poorhouse is located in McMillan township, it is in good condition. Facilities for bathing, good. Buildings are warmed by stoves. Ventilation is by raising and lowering windows. Treatment of paupers, food, clothing, and care of the sick are all good. Accommodations for the insane and idiotic, fair. The children are educated at public school.

Mackinac.—The poorhouse is located in the township of Brevort, about ten miles from St. Ignace, the county seat. Bath tubs are used for bathing. Building is heated with stoves and drums, and ventilated by doors and windows. Paupers are treated kindly and furnished with good wholesome food. When in need of clothing they are furnished with what they require. The sick are kindly treated and furnished a physician and nurse.

We have no accommodations for the insane or idiotic. We have no children to educate. We employ our keeper and wife, paying them a salary of \$120 per year, and allowing the keeper a share of all crops raised on the poor farm, the keeper furnishing all necessary labor, seed, etc. We have about eighteen acres of land cleared and under cultivation. The keeper boards all paupers sent to the poorhouse at the rate of \$10 per month. We have made this arrangement for the reason that we seldom have over one or two paupers in the poorhouse at one time, and find that this works well. At present we have two inmates in the poorhouse.

Macomb.—The poorhouse is located in the township of Clinton, one and one-half miles northwest of Mt. Clemens. Condition of buildings A.1, good. Facilities for bathing, bath tubs. Buildings are warmed by steam. Ventilation of buildings, fair. Treatment of paupers kind and humane. Food is plain, wholesome and abundant. Clothing is good, clean and appropriate to the season. The sick are cared for in the hospital not connected with other buildings. The insane and idictic are treated in a building separate from all others. The children are educated at public school.

Manistee.—The poorhouse is located in the township of Manistee. The poorhouse and all other buildings on the county farm, by the efficient management of our keeper, Mr. W. B. Horton, are always kept in the best possible condition as to repairs and cleaniness. Facilities for bathing, bathroom on first floor with hot and cold water. The rooms occupied by the inmates are warmed by furnaces. Those occupied by the keeper and his family are heated by stoves. Ventilation is fair by double chimneys with ventilating flue in center. The treatment of paupers is kind and humane in every respect. Food is of good quality and plenty of it. Clothing is substantial and suited to the season. The sick are as well cared for as is possible in an institution of this kind. No special accommodations for insane persons as we never keep such patients in the poorhouse any longer than is absolutely necessary. There is a good and well kept district school half a mile from the poorhouse, but we are not, called upon to make much use of the same as we avoid as much as possible keeping children within school age in the poorhouse.

Manitou.—[No poorhouse nor poor farm].

Marquetts.—The poorhouse is located in the city of Marquette. The general condition is only fair, owing to the age of the building. Facilities for bathing, bath tubs with hot and cold water. The building is heated by steam and stoves. Ventilated by windows and doors, with air shaft in one part of building. Treatment of paupers is kind but firm, and immates are required to conform to reasonable rules. All that are able are required to perform light labor. They have good, plain, nutritious food. The clothing is comfortable and warm, suitable to this climate. The sick have comfortable beds, good nursing and medical care. The insane and idiotic have separate rooms and a cage for the violent. Children of school age are sent to State school at Coldwater. The majority of the inmates are invalids.

Mason.—The poorhouse, located in Amber township, is in first-class condition. Facilities for bathing, tubs and pails. Building is warmed by steves. Ventilated by doors and windows. The treatment of paupers is kind but firm. The food consists of good farmer's fare. The sick have the best care obtainable. No accommodations for the insane and idiotic. When have any children we send them to the country school.

Mecosta.—The poorhouse is located in the township of Mecosta. It is in good repair and is kept neat and clean. Facilities for bathing, bath tub. Building is warmed by furnace. Ventilation is by means of ventilators in chimneys. Treatment of paupers is kind but strict. Food consists of good substantial farmer's fare. The clothing is cotton in summer and woolen for winter. The sick have good care. The insane are sent to the asylum. The idiotic are kept in the building. Children are educated at the district school.

Menominee.—The poorhouse is located in the city of Menominee. It is in excellent condition. Facilities for bathing are two bath tubs with hot and cold water. The buildings are warmed by steam and ventilated by transoms over doors and windows. The paupers have good treatment. They have plain, substantial food. The clothing consists of woolen in winter and cotton in summer. The sick have first-class care. For the accommodation of the insane and idiotic, we have two rooms with doors and windows barred. We do not keep such persons longer than is absolutely necessary. No children to educate.

Midland.—The poorhouse is located in the township of Midland, four miles from the county seat. The poorhouse and other buildings are good. Facilities for bathing, bath tub, suitably arranged. The building is warmed by hot water heater and stoves. Ventilation is by doors and windows. The paupers are treated kindly. Good, wholesome food is furnished and any other diet ordered by the county physician. They are supplied with clothing suitable to the season of the year. The sick are cared for by the county physician. We have suitable rooms for the insane and idiotic. We do not keep children in the poorhouse but send them to Coldwater.

Missaukee.—The poorhouse is located in the township of Reeder, three and one-half miles south and one-fourth mile east of Lake City, the county seat. The general condition of the poorhouse is good. Facilities for bathing, tubs and pails. The building is

warmed by furnace and stoves, and ventilated by doors and windows. The treatment of paupers is good. Food consists of bread, butter, beef, pork, vegetables, pies, sauce and puddings. They have good, comfortable clothing to suit the seasons. The sick have good care under the supervision of the keeper and matron. For the insane and idiotic there is a building containing four rooms, two of which are cells with grated windows and doors. We do not keep them longer than we are obliged to. The treatment is as kind as the case will permit. We do not keep children longer than is necessary. When here they attend the district school.

Monroe.—The poorhouse is located in Monroe township. It is a two-story brick building with basement. Out buildings are mostly new and in good condition. Facilities for bathing, two bath tubs, one in keeper's department and one in pauper's department, well supplied with warm and cold water. Buildings are warmed by three furnaces and four stoves, using coal and wood for fuel. Ventilation is by means of flues reaching from the basement to the roof. Treatment of paupers is by uniform rules adapted to their various needs—moral suasion, no corporal punishment. Food consists of wheat bread, salt pork, fresh meats occasionally through the summer, with soups and vegetables of all kinds, which are raised on the farm, fresh meats and fish during the winter, plenty of milk at all times, roast turkey and chicken at Christmas and New Years, Thanksgiving and other holidays. Meals are served three times a day. Clothing for males in summer is of cottonade, and in winter cotton underwear with other suitable clothing as needed to make them comfortable; for the females, cotton denims and prints in summer and flannel underwear in winter. The sick are under the special care of the matron. Nurses are also employed when needed. The sick are furnished with such food as is prescribed by the attending physician. We have rooms where the insane can be cared for, providing they are not excitable. The idiotic give but little trouble as they are in most cases capable of caring for themselves. When we have children here they are taught by a lady teacher in a room outside the department for the poor.

Montcalm.—The poor house is located in the township of Fairplains, no change in house or buildings, except an addition has been built to the building for the idiotic, for the use of the matron. Facilities for bathing—bath tubs. Buildings are warmed by stoves and ventilated by doors and windows. Treatment of paupers is good, food good, and they have good clothing suitable to the season. A regular physician visits the house once a week and oftener when necessary. For the insane and idictic there is a separate building, with a paid matron to look after them. Children attend district school.

Montmorency.—[No poorhouse nor farm.]

Muskegon.—The poorhouse is located in the township of Muskegon, two and one-half miles from the court house, it is in fair condition, not having been at first designed for a poorhouse, it is not as convenient as should be. Last year we built an addition so as to keep the sexes separate. We now have more room and better conveniences. We have had a wind-mill erected which supplies water for bathing and for watering stock. The barns are old and in poor condition. The farm contains thirty acres of as poor land as there is anywhere, twenty acres improved. Facilities for bathing—bath tubs. The house is warmed by stoves using wood for fuel. Ventilation is by doors and windows. The treatment of paupers is good and kind. We have a keeper who is an excellent farmer and a very judicious manager of the house and inmates. His wife is a neat housekeeper, a very capable nurse and all are treated kindly. No punishment is inflicted except in extreme cases and then it is not severe. Food is of good quality, consisting of beef, pork and fish [salt and fresh] bread, pies, cakes, delicacies for the sick, vegetables of all kinds, grown on the farm, butter, milk, tea and coffee. Everything is cooked and prepared in the keeper's kitchen. The clothing is good and seasonable. The bedding is mostly woolen blankets as they are easier washed and kept clean. The sick are cared for by the keeper and his wife, with such assistance as the inmates can render, and a hired nurse when needed. A good physician is employed by the year. The insane and idiotic—we have three—are kindly treated by the keeper and inmates. All of the insane who are at all violent are sent to the asylum. For the accommodation of these unfortunates, we have three cells or rooms, with wire screen doors and windows. When we have children they attend the district school. We find homes for them or send them to the public school at Coldwater.

Newaygo.—The poor farm is located in the townships of Sherman and Garfield.

Oukland—The poorhouse is a very large brick building, situated on the east line of the township of Waterford; the other buildings, consisting of a suitable brick structure for the mildly insane and the feeble minded; a brick laundry, together with frame

barns, wagon and tool house, shop, ice house, corn house, poultry house and hog pens are kept in good order and repair, as is also the farm, orchards and fences. The stock is of a high grade and choice, and are cared for as well as most fancy farmers afford their thoroughbreds. Facilities for bathing—two bath rooms with tubs and shower. The facilities for bathing are much better than the disposition for using them. Indeed the sheep might as soon be expected to wash themselves as the average pauper to voluntarily bathe. Generally, when compelled to submit to ablution they think they have been subjected to abuse. The main building is heated by steam and kept as warm as required at small expense. The other buildings are warmed by stoves. The ventilation is a modification of the Rutan system, together with the results of using partially seasoned lumber; furnishes as much fresh air as can be utilized. A very small proportion of the inmates of the county house were ever before as comfortably situated as now. For proof reference is made to the fact that like office holders "few die and none resign." The farm and garden affords a fair variety of both meat and vegetables, together with the cereals, added to this as the seasons change, fresh meat and other things are provided, so that the table is as well furnished as is usual among people outside of towns. The clothing is such as is comfortable without being conspicuous or extravagant. A homeopathic doctor cares for the sick. The insane and idiotic have no treatment as they need none, food, warmth, clothing, sunshine and sleep is what they require and these are furnished without stint. We keep no children of school age.

Oceana.—The poorhouse is located in the township of Hart. It is in fair condition, the out buildings are in good condition. Facilities for bathing—one bath tub. Buildings are warmed by stoves. Ventilation is fair. Treatment of paupers is good; food is plain and substantial. The sick have good care. The insane and idiotic have good accommodations and are well treated. We keep none that are violently insane at the poorhouse and all of the inmates are of that class, who, by reason of extreme old age or disease are incapable of assisting on the farm. The children are educated at the district school, one-half mile distant.

Ogemaw.—The poorfarm is located in the township of West Branch, just outside the city of West Branch. The poorhouse is in good condition; it is a large frame building, well painted and plastered. The barn, hog barn, and hen house are large and in good repair. The paupers are provided with wash bowls and pitchers, towels, soap and water. No bath room in the house. The rooms in the lower story are warmed with heating stoves; registers in the ceiling allow warm air to ascend to the sleeping rooms above. We have no system of ventilation. The windows lower from the top to allow circulation of pure air. The treatment of paupers is kind. Good, substantial food is provided, consisting of bread, butter, meat, potatoes, tea, coffee, etc. Good clothing adapted to the season is provided. We have a large, well-ventilated sick room on the first floor. A physician is hired by the year. No insane or idiotic are kept here. All that class are removed at once to the asylums. A first-class public school within half a mile open to all. We are endeavoring to urge upon the supervisors the propriety of appropriating money enough to clear the farm. In the past year about ten acres of low fertile ground has been cleared, one acre of which is worth ten of the high land.

Ontonagon.—The poorhouse is located in the township of Ontonagon. The house and barns are in good condition, Facilities for bathing, zinc bath tub. Buildings are warmed by wood stoves and ventilated by windows. Treatment of paupers and their food are good. Their clothing is warm and clean. A physician is employed by the year to care for the sick. No accommodations for the insane and idiotic. No children to educate.

Osceola.—The poorhouse is located in the township of Sylvan. The buildings are in splendid condition. Facilities for bathing, bath room with bath tub. Buildings are warmed by wood stoves, ventilated by transoms. The treatment of paupers is good. They have plenty of good, wholesome food, and good, comfortable clothing. The sick have good care and a physician when needed. The insane are not kept here long. Children attend the district school.

Oscoda.—[We have no poorhouse nor farm.]

Otsego.—The poorhouse is located in the township of Livingston. The house is in good condition but the barns are poor. Have no facilities for bathing. The buildings are warmed by stoves and ventilated by transoms over doors. Treatment of paupers and their food are good. The sick have good care. We have no accommodations for the insane or idiotic. Have no children to educate.

Ottawa.—The poorfarm is located in the township of Polkton, on the north bank of Grand River. It consists of 239 acres, 50 of which is wood land. The poorhouse is a

solid brick structure, three stories above the basement, and with all other buildings on the farm is in excellent condition. In the basement are bathing vats supplied with hot and cold water. All paupers are required to bathe at least once a week. The building is warmed by two wood furnaces in the basement, which keep all parts of the building comfortable. Ventilating flues were constructed in the chimneys when the house was built. All the rooms of the paupers' department, except where smoke from tobacco pipes taint the air, seem to be well ventilated and wholesome. Paupers are treated with considerate kindness. Employment of some kind on the farm or in the house is found for every inmate, physically or mentally competent to perform manual labor. These people seem interested in their labors, undertake them cheerfully and are far more contented and less fault finding than when idle. Vegetables, wheat bread, oat meal, corn meal, the milk and butter of from ten to twelve cows, with beef, pork and mutton are the substantials of the table. Tea, coffee, sugar and syrups are supplied in abundance. Tobacco is furnished to all those that have the habit. The dishes are varied from day to day to insure strong appetites and healthy relish for all meals. The winter clothing is of mixed cotton and wool goods, and lighter fabric of cotton or mixed for summer; underclothing suitable to the season and the condition of the person is always supplied. The sick are nursed in their rooms, attended by a physician, and are supplied with all the comforts of a private house. Ordinary household remedies are always at hand in the poorhouse. A small frame building separate from the main structure is used for the insane and idiotic. It is warmed by wood stoves, well lighted and with fair ventilation. We have no children capable of being educated.

Presque Isle.—[No poorhouse nor farm.]
Roscommon.—[No poorhouse nor farm.]

Saginaw.—There is no change in our report of the condition of the poorhouse, etc., up to March 17, 1891. On that day the poorhouse burned, with most of the furniture. The inmates (47) were immediately removed and cared for at St. Mary's Hospital, Saginaw, E. S., and are maintained there until such time as they can be moved back to the country farm. We have let the contract for the construction of a new poor house; when completed and furnished will be a model in all its arrangements and conveniences. The cost will be about \$25,000. It will be constructed as nearly fire-proof as possible. It will be a plain, substantial brick building, with steel beams for joice, all partitions brick, slate roof, etc., warmed by steam and well ventilated. Dimensions 116x48 feet, 30 feet high. The first and second stories will be wainscoted.

Sanilac.—The poorhouse is located in the township of Lexington. No facilities for bathing. Buildings are warmed by stoves and ventilated by doors and windows. The paupers have good care. They have good substantial food and good clothing. The sick have good care. We have one cell for the accommodation of insane or idiotic. Have no children to educate.

Schoolcraft.—The poorhouse is located in the township of Hiawatha; it is in good condition. Facilities for bathing—tubs. The buildings are warmed by wood stoves and ventilated by doors and windows. The paupers are treated kindly but with decision. Food is of a good quality and ample quantity, served three times a day. Clothing is furnished when necessary. The sick are cared for by numerous physicians. We have no accommodations for the insane or idiotic. No children to educate.

Shiawasse.—The poorhouse is located in Caledonia township, three and one-half miles southeast of Owosso, and two and one-half southwest of Corunna, on a fine farm of eighty acres. The house and other builings are old but in fair condition. We are now erecting a new brick building. Facilities for bathing, bath tubs. Our buildings are heated with stoves, but the new building will be warmed with a furnace. The buildings are ventilated by doors and windows. We intend to have the immates treated well. They have plenty of good food. They have good, plain, comfortable clothing, suitable for visiting their friends or attending church. The sick have good care. Our accommodations for the insane will be sufficient soon as our new building is finished. We have had no trouble in caring for the idiotic, and they receive humane treatment. The children attend the district school one mile distant.

St. Clair.—The poorhouse is located in the township of Wales. The poorhouse and other buildings are in good condition. We have good facilities for bathing. Buildings are warmed by three (No. 29) Monroe hot air furnaces. Ventilation is good. The paupers have good treatment. Their food is of the very best. Clothing poor. The sick have the best of care. We have no accommodations for the insane or idiotic. Education of the children poor.

St. Joseph.—The poorhouse is located in the township of Fawn River. The house is very poor, other buildings good. We have no facilities for bathing. The buildings are warmed by stoves and ventilated by doors and windows. The treatment, food, and clothing of the paupers are good. The sick have the best care that can be given under the existing circumstances. We have no accommodations for the insane and idiotic. We have no children to educate.

Tuscola.—The poorhouse is located in the townsnip of Almer. The main building of the poorhouse burned in the fall of 1890. We are rebuilding the same at the present time. The other buildings are in good condition. Facilities for bathing—common bath tub. Buildings are warmed by stoves and ventilated by doors and windows. The treatment of paupers is always kind, allowing none to be treated harshly. They have good substantial food, furnished principally from the farm. The clothing consists of cotton for summer and woolen for winter. The sick are under the care of the keeper and a physician when necessary. We have cells for the confinement of the insane and idiotic when they become vicious, never allowing harsh treatment in their management. The children are educated at a common district school, within three-fourths of a mile of the poorhouse.

Van Buren.—The poorhouse is located in the township of Hartford, half-way between the villages of Lawrence and Hartford. The house and other buildings are in good condition. There are two bath rooms, one for males and the other for females. The inmates are required to bathe once a week and oftener when necessary. The house is warmed by two hot air furnaces using wood for fuel. Ventilated by cold air flues and by doors and windows. The inmates are treated kindly, those that are able to work are required to do so. No corporal punishment is allowed, confinement and short rations is all that is necessary. The food for the inmates vary according to the seasons. The inmates are respectably clothed and their clothing is changed as often as necessary. A physician is employed by the county who visits the sick. No insane are kept at the county house. The idiotic are well taken care of in the same building. Have only two that are not capable of caring for themselves. No children that are capable of learning are kept in the poorhouse. We are well satisfied with the management of our house and farm. The paupers are well pleased and seem to feel that they are at home and well cared for.

Washtenaw.—The poorhouse is located in the township of Pittsfield. The farm contains 120 acres of rolling land with stony and gravelly soil. Farm and buildings are in good, fair condition. Facilities for bathing, bath tubs. Inmates are required to bathe once each week. Buildings are warmed by steam, using soft coal for fuel. We use about 175 tons of lump coal. Ventilation is by means of the steam heating apparatus. The treatment of the paupers is kind but firm. All that are able are required to work a part of the time each day. They have good, plain food, and plenty of it, with vegetables well cooked and butter three times each week. Clothing is suitable to the time of the year. There is a hospital for males with male attendant and a hospital for females with female attendant. We do not keep any that are violently insane, but send them to the asylums. The cases of mildly insane or demented and idictic we keep here, having them cared for by the other inmates as far as possible. We do not keep children here that are eligible to the public school, but we have one colored boy that was returned from the school at Coldwater. As we do not get the supervisors reports until the first of October, we have no means of knowing the exact number of persons helped by them during the year, but estimated them at fifty. If this report was made up to October 1, we should then have a report from the different townships and also from the poormasters in the cities of Ann Arbor and Ypsilanti. They look after the poor in the cities (except the transient poor) and they report to us October 1, same as the supervisors. In these cities are the largest number of permanent poor that are assisted at their homes and which does not appear in this report.

Wayne.—The county poorhouse is located in the township of Nankin, and with the exception of a small portion is entirely new. The outbuildings are also mostly new and all the buildings are in first-class condition. There are bath tubs provided for bathing purposes. All inmates, whose health will permit, are compelled to bathe not less than once a week thereafter. The main buildings are heated by steam. The boiler house is apart from the institution. The ventilation of the buildings is good, special attention having been given to that feature when the buildings were erected, The rules and regulations of the superintendents of the poor prohibit any ill treatment of inmates. Refractory patients are punished by being discharged from the institution, or when there is a breach of the peace by being brought before a justice of the

peace for trial and punishment. The food consists of the best quality of fresh and salt beef, vegetables, good bread and coffee, with a special diet for the sick as ordered by the house physician. Good, substantial and seasonable clothing is supplied in ample quantities. Separate apartments are set apart for hospital purposes with a physician in constant attendance; attendants and nurses are also provided. Separate buildings constructed of brick especially designed for the accommodation of the insane. This department is under the charge of the medical superintendent, who is a regular physician and an expert in the treatment of the insane. A sufficient number of attendants is provided and every precaution is taken for the care and comfort of the inmates. No children of school age are kept in the institution, they being committed to the State public school as fast as received as provided by law. A large commodious chapel has been erected, where the various denominations hold Sabbath services in their turn.

Wexford.—The poorhouse is located in the township of Colfax, it is in good condition; other buildings very good. Have fair facilities for bathing. The buildings are well warmed by a furnace. Ventilation good. The paupers are treated kindly. They have plenty of good food well cooked. They have good clothing and it is kept clean. The care of the sick is fair. Have poor accommodations for the insane and idiotic. Children attend district school.

SCHEDULE B.

Names and postoffice addresses of Superintendents of Poor, as signed officially to their reports, 1890.

Counties.	Names.	Postoffice.
